All meetings of the Council shall be open except for executive sessions which may be held during either regular, special or emergency meetings and which shall require a majority vote of those councilmen present to call. Said executive sessions shall be limited to the purposes of discussing the employment, hiring, appointment, promotion, demotion, disciplining or resignation of any salaried officer or municipal employee of the City of Atoka and for purposes of consulting with its attorney concerning a pending investigation, claim or action, where disclosure of the matter discussed would seriously impair the ability of the Council to process the claim or conduct the pending investigation, litigation or proceeding in the interest of the City of Atoka. Except for executive sessions all meetings of the council shall be open to the public and the journal of its proceedings shall be open to public inspection. All votes on matters coming before the City Council shall be publicly made and taken. The council, by majority vote of its remaining members, shall fill vacancies in its own

The Elections for the Mayor and other Councilmembers of the City Council shall be held as follows:

(A) The Mayor shall be elected, at large, by the qualified electors of the entire city, in an election to be held in 2017, and in each odd numbered year thereafter. Candidates for the Office of Mayor must be a qualified elector of the City, and reside within one of its four (4) wards.

(B) A Councilmember representing each of the City's four (4) wards shall be elected, at large, by the qualified electors of the entire city, in an election to be held in 2016, and in each even numbered year thereafter. Candidates for the Office of Councilmember must be a qualified elector of the City, and must, respectively, reside within the particular ward for which he or she is seeking to be elected.

(C) Every qualified elector shall be entitled to vote for one, but only one, candidate for each Councilmember position being filled at each such election.

(D) Except as otherwise provided in subparagraph (E) of this Section 6-1, the elections for the Mayor and the other Councilmembers, respectively, shall take place on the First (1st) Tuesday of April of each such respective year.

(E) However, if the County Election Board is not permitted to conduct the election on that date; then the election shall be held on the next closest date available thereto for which the County Election Board is permitted to conduct the election, in accordance with the State Statutes applicable to such elections.

(F) The date of the election, and for the filing periods for such offices, shall be declared in the Resolutions and/or Proclamations calling for such election.

SECTION 6-2 TERMS OF OFFICE OF MAYOR AND OTHER COUNCILMEMBERS.

The Mayor and other Councilmembers shall each serve terms of two (2) years, beginning at 7:00 O'clock p.m. on the last Tuesday in May of the year in which they are elected, and, ending at 6:59 O'clock p.m. on last Tuesday in May two years thereafter; but, continuing for so long thereafter until their respective successors are elected and qualified.

SECTION 6-3 FILING DECLARATION OF CANDIDACY; FILING PERIOD.

Any qualified person may have his or her name placed on the ballot as a candidate for the office of Mayor or other Councilmember by filing a sworn declaration of candidacy, specifying the office for which he or she is a candidate, and the ward of the City within which he or she then resides. Such sworn declaration of candidacy must be filed with the Secretary of the County Election Board within the filing period for the election, as set forth in the Resolution and/or Proclamation calling such election. Such filing period shall comply with the applicable State Statutes.

SECTION 6-4 PROCEDURES UPON THE DEATH OR WITHDRAW OF CANDIDACY, OR WHEN ONLY ONE PERSON FILES FOR THE POSITION.

If one or more of the candidates for a particular office should happen to die or withdraw his or her candidacy prior to the election date, the names of such persons shall not be included upon the ballots to be used in the election for that office. If two or more candidates for that office remain, then the election for that office shall proceed. But, if only one candidate remains, or, in the event that only one person timely files a proper sworn declaration of candidacy for a particular office, then he or she shall be declared elected, ipso facto; and no ballots shall be prepared or utilized for such office at such election.

SECTION 6-5 GENERAL ELECTION PROCEDURES.

Every qualified elector of the City shall be entitled to vote for one, but only one, of the candidates for each office to be filled by the election. The candidate for each office receiving the greater number of votes shall be elected. In case of failure to elect because of a tie, the election shall be determined, fairly by lot, by the county election board, in a public meeting.

SECTION 6-6 ELECTIONS: WHEN NOT HELD.

If there are no candidates and no questions to be voted upon at a primary or general election, the election shall not be held.

(b) Any person who violates this section, shall be punished, upon conviction thereof, by a fine not exceeding twenty dollars including costs. Such violation shall constitute cause for removal from office or employment; and if the regular removal authority has not already removed a person who violates this section, he shall be automatically removed by conviction of violating this section effective at the time the conviction becomes final.

SECTION 6-9 STATE CONSTITUTION AND LAW TO GOVERN.

The provisions of the state constitution and law applicable to city elections shall govern such elections in this city insofar as they are applicable and are not superseded by this charter or by ordinance.

ARTICLE 7

RECALL

SECTION 7-1 RECALL AUTHORIZED.

The incumbent of any elective city office, including a person appointed to fill a vacancy in any such office, may be recalled from office by the electors qualified to vote for the election of a successor to the incumbent, in the manner provided in this article.

SECTION 7-2 RECALL PETITION.

(a) To initiate recall proceedings, a written statement in duplicate proposing the recall of the incumbent of an elective office, shall be signed by twenty or more registered qualified electors of the city, and shall be filed with the city clerk after the incumbent has held the office at least four months. The statement shall also contain the reason for which the recall is sought, in not more than two hundred words. Within five days, the city clerk shall mail a copy of such statement by registered, certified, or similar special mail to the officer at his residential address. Within ten days after the statement is mailed to the officer, the officer may make and file with the city clerk a written statement in duplicate justifying his conduct in office, in not more than two hundred words; and the city clerk on request shall deliver one copy to one of the persons filing the statement proposing the recall.

(b) The petition for recall shall include a demand that a successor to the incumbent sought to be recalled be elected, and shall also include before the space where the signatures are to be written the statement giving the reason or reasons for recall under the heading "STATEMENT FOR RECALL", and if the officer has filed a statement as authorized, the statement justifying his conduct in office under the heading "STATEMENT AGAINST RECALL". The two statements shall be in letters of the same size. A copy of the petition shall be filed with the city clerk within one month after recall proceedings are initiated by the filing of the first statement, and before the petition is circulated.

(c) A number of registered qualified electors of the city equal at least to twenty percent (20%) of the total number of votes cast for governor in the city at the last general state election at

which a governor was elected, must sign the petition. Each signer shall write after his name his address within the city, giving street or avenue and number, if any. Not more than one hundred signatures may appear on a single copy of the petition. Petitions may be circulated only by registered qualified electors of the city; and the person who circulates each copy of the petition shall sign an affidavit on the copy stating that each signer signed the petition in his presence, that each signature on the petition is genuine, and that he believes each signer to be a registered qualified elector of the city.

(d) The circulated petition shall be filed with the city clerk not later than one month after the filing of a copy as provided above. Within one month after date of filing of the circulated petition, the city clerk shall examine it and ascertain whether it has been prepared and circulated as required, and whether the required number of registered qualified electors of the city have signed it. He shall then attach his certificate to the petition. If his certificate states that the petition has not been prepared and circulated as required and/or lacks a sufficient number of signatures, the petition shall have no effect. But, if the city clerk's certificate states that the petition has been prepared and circulated as required and has a sufficient number of signatures, he shall submit the petition and certificate to the council at its next meeting.

SECTION 7-3 RECALL ELECTION: COUNCIL TO ORDER.

(a) The council, by resolution or ordinance passed within ten days after receiving the petition and certificate of the city clerk, shall order and fix the date for a recall election, which shall be held not less than forty days, nor more than fifty days, after the passage of the resolution or ordinance. The city clerk shall cause the resolution or ordinance ordering the election to be published in full in a newspaper of general circulation within the city within ten days after its passage; and such publication shall be sufficient notice of the election.

(b) The qualified electors of the city may vote in a recall election on the election of successors to more than one office on the same day.

SECTION 7-4 SAME: HOW HELD.

(a) The recall election shall be an election to fill the office held by the incumbent sought to be recalled. There shall be no primary. Any qualified person, including the incumbent, may file as a candidate for the office. The candidate receiving the greatest number of votes in the recall election shall be elected. If a candidate other than the incumbent is elected, the incumbent shall be recalled from office effective as of the time when the result of the election is certified. The successful candidate must qualify within one month thereafter; and if he fails to do so, the office shall be vacant, and the vacancy shall be filled as other vacancies in the council are filled. A candidate thus elected and qualifying shall serve for the unexpired term. If the incumbent is a candidate and receives the greatest number of votes, he shall continue in office without interruption; and recall proceedings may not again be initiated against him within one year after the election.

(b) The provisions of this charter relating to city elections shall also govern recall elections insofar as they are applicable and are not superseded by the provisions of this article.

SECTION 8-4 HOLDING MORE THAN ONE OFFICE.

The city manager may hold more than one such office (including the office of municipal judge), through appointment by himself, by the council, or by other city authority having power to fill the particular office, subject to any regulations which the council may make by ordinance; but he may not receive compensation for service in such other offices. SECTION 8-9 ACTING OFFICERS AND EMPLOYEES.

The appointing or electing authority who may appoint or elect the successor of an officer or employee, may appoint or elect a person to act during the temporary absence, leave, disability, or suspension of such officer or employee, or, in case of vacancy, until a successor is appointed or elected and qualifies, unless the council provides by general ordinance that a particular superior or subordinate of such officer or employee shall act. The council by general ordinance may provide for a deputy to act in such cases. Also an acting municipal judge may be appointed to serve in any case or proceeding for which the municipal judge is disqualified.

SECTION 8-10 OFFICERS TO CONTINUE UNTIL SUCCESSORS ARE ELECTED OR APPOINTED AND QUALIFY.

Every officer who is elected or appointed for a term ending at a definite time, shall continue to serve thereafter until his successor is elected or appointed and qualifies unless his services are sooner terminated by resignation, removal, disqualification, death, abolition of the office, or other legal manner.

Any violation of this section, with the knowledge, express or implied of the person or corporation contracting with the city, shall render the contract voidable by the city manager or the council. This subsection shall not apply in cases in which the city acquires property by condemnation.

3. “At large” or “running at large” means any animal when it is off the property of its owner and not under the control of a competent person. As applied to dogs, “at large” or “running at large” means:

a. Off-premises: any dog which is not restrained by means of a leash or chain of sufficient strength and not more than six (6) feet in length to control the actions of such animal while off the owner’s property; and

b. On-premises: any dog not confined within the owner’s property by a substantial fence of sufficient strength and height to prevent the animal from escaping therefrom, or secured on the premises by a metal chain or leash sufficient in strength to prevent the animal from escaping from the owner’s property and so arranged so that the animal will remain upon the property when the leash is stretched to full length. A dog intruding upon the property of another person other than the owner shall be termed running at large. Any animal within an automobile or other vehicle of its owner or owner’s agent shall not be deemed running at large;

5. “Dangerous animal” means an animal that, without provocation, has chased or approached in either a menacing fashion or in an apparent attitude of attack, or has attempted to bite or otherwise endanger any person or other animal while the animal alleged to be dangerous is off the premises of the owner or while the animal is not physically restrained or confined on the premises. During such quarantine, no animal shall be taken or shipped from the city without written permission of the animal control officer of the city.

B. It is the duty of every licensed veterinarian to report to the animal control officer his diagnosis of any animal observed by him to be a rabid suspect.

B. The animal control or health officer, in the manner authorized by law, may enter the premises where any animal is kept in a reportedly cruel or inhumane manner and demand to examine such animal, and to take possession of such animal when, in his opinion, it requires humane treatment. The officer may demand, at the front door of any residence, exhibition by the owner of current animal licenses at any time.

SECTION 4-166 RECORDS.

The animal control officer shall keep or cause to be kept:

1. An accurate and detailed record of the licensing, impounding and disposition of all animals coming into his custody; and

Animals

2. An accurate and detailed record of all bite cases reported to the city, with a complete report of the investigation of each case.

It is the duty of the animal control officer upon receipt of a verified complaint as outlined in this article to cause the animal involved to be impounded pending a determination as required in this

Animals

article. Any and all expenses associated with the impounding, including shelter, food, handling and veterinary care, shall be borne by the owner of the animal during the period of impoundment.

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

SECTION 4-174 HEARING.

The municipal judge, in addition to any hearings which may be required on criminal charges, shall hold a hearing within ten (10) days of the date of impoundment to determine if the animal is vicious, dangerous or diseased as defined by this code. The hearing maybe held in conjunction with any criminal proceedings if so ordered by the judge, but in no event shall this delay the hearing on determination of viciousness.

SECTION 4-175 DETERMINATION.

The municipal judge shall be empowered to make one of the following determinations as a result of the hearing:

1. That the animal is in fact not vicious, dangerous or diseased, in which event the animal control officer shall cause it to be surrendered to the owner of the animal, upon payment by the owner of the expenses outlined in this article;
2. That the animal is in fact vicious, dangerous or diseased, and should be destroyed;
3. That the animal is vicious, dangerous or diseased but that for good cause shown, the animal should not be destroyed, in which event the judge shall order one of the following:
 - a. That the animal be immediately removed from the corporate limits of the city and not to ever be again allowed within the corporate limits of the city, and that the owner shall pay all fees required;
 - b. That the owner be allowed to maintain the vicious animal within the corporate limits of the city under the conditions specified in this paragraph:
 - i. Payment of all fees required in this article;
 - ii. That the animal be leashed and muzzled. No person covered by this requirement shall permit the animal to go outside its kennel or pen unless the animal is securely leashed with a leash no longer than four (4) feet in length. No person shall permit the animal to be kept on a chain, rope or other type of leash outside its kennel or pen unless a person is in physical control of the leash. Such animal may not be leashed to inanimate objects such as trees, posts, buildings, etc. In addition, all animals on a leash outside the animal's kennel must be muzzled by a muzzling device sufficient to prevent such animal from biting persons or other animals;
 - iii. That the animal be confined. All animals covered by this requirement shall be securely confined indoors or in a securely enclosed and locked pen or kennel, except when

Animals

leashed and muzzled as above provided. Such pen, kennel, or structure must have secure sides and a secure top attached to the sides. All structures used to confine such animal must be locked with a key or combination lock when the animal is within the structure. Such structure must have a secure bottom or floor attached to the sides of the pen or the sides of the pen must be embedded in the ground no less than two (2) feet. All structures erected to house the animals must comply with all zoning and building regulations of the city. All such structures must be adequately lighted and ventilated, and kept in a clean and sanitary condition;

iv. That the animal be confined indoors. No animal covered by this requirement may be kept on a porch, patio or in any part of a house or structure that would allow the animal to exit such building on its own volition. In addition, no such animal may be kept in a house or structure when the windows or screen doors are the only obstacle preventing the animal from exiting the structure;

v. That a warning sign be displayed. All owners, keepers or harborer of animals covered by this requirement shall display in a prominent place on the premises where the animal is kept a sign easily readable by the public using the words "BEWARE OF VICIOUS ANIMAL". In addition, a similar sign is required to be posted on the kennel or pen of such animal.

4. An owner whose animal is adjudged to be vicious at the hearing and sentence is imposed by the judge pursuant to this section, upon written demand, may appeal the judge's decision within ten (10) days to the district court of the county in the same manner as other appeals from actions of the municipal court.

After the service of the twenty-four-hour notice, it is the duty of the person owning or operating the poles, wires or cables to furnish competent workers or linemen to remove such poles or raise or cut such wires or cables. The regular wages of the workers or linemen while engaged at such work shall be paid by such movers. All other obstructions left in the street shall be safeguarded by similar lights or signals. All such lights and signals shall be in good working order when posted, and shall be securely placed in position. No such building or structure or other obstruction shall be left standing at night in any street intersection. The chief of the fire department and chief of police shall be notified of the location of any such building or structure left standing in the street at night. He shall state in his application for a permit what the applicant deems to be such reasonable time. The route and time allowed for the moving of the building shall be determined and fixed by the city manager. The permit shall especially provide that the building shall be moved within a certain number of days, from the time any part of the street is used for the moving of same, cleared from any and all of the streets of the city within a specified number of days specified therein, Sundays and holidays excepted. The mover shall bind himself to pay the sum as set by the city per day for each and every day all or any part of the building or structure remains on the street in excess of the number of days allowed in the permit, and his cash deposit shall, in addition to his bond, be secondarily liable for the payment of the amount. He shall be authorized, in his discretion, to prosecute and resist appeals, proceedings in error and review from this court to any other courts of the state, and to represent this city in all proceedings arising out of matters in this court. (Prior Code, Sec. 14-15)

SECTION 6-108 BOND.

The clerk of the court shall give bond in such sum as set by the council, in the form provided by state law. When executed, the bond shall be submitted to the council for approval. When approved, it shall be filed with the clerk and retained in the municipal archives. (Prior Code, Sec. 14-16; Ord. No. NC 317, 2/18/86)

Ed. Note: Prior ordinance set bond at \$10,000.

SECTION 6-109 AUTHORITY OF JUDGE TO PRESCRIBE RULES.

The judge may prescribe rules, consistent with the laws of the state and with the ordinances of this city, for the proper conduct of the business of the court. (Prior Code, Sec. 14-17)

SECTION 6-110 ORDINANCE VIOLATIONS BUREAU CREATED; PAYMENT OF FINES, FINES IN LIEU OF APPEARANCE.

A. An ordinance violations bureau is established as a division of the office of the clerk of the court, to be administered by the clerk or by subordinates designated for that purpose. Persons who are cited for violation of one of the ordinances of this city, other than a second offense within

a twelve-month period, a driver's license offense, or an offense punishable by more than One Hundred Dollars (\$100.00), may elect to pay a fine in the violations bureau according to a schedule of fines prescribed from time to time by the judge with approval of the city council. The payment shall constitute a final determination of the cause against the defendant.

B. The court may adopt rules to carry into effect this section. If a defendant who has elected to pay a fine under this section fails so to do, prosecution shall proceed under the provisions of this chapter.

SECTION 6-111 DESIGNATION OF FINES, ORDINANCE VIOLATIONS BUREAU.

The city council shall from time to time adopt a schedule of fines and bail applicable in the city court for violations of traffic ordinances and the city code. The minimum fine schedule when established shall provide for a minimum amount which a person may pay upon a plea of guilty or nolo contendere to the listed offenses. The minimum fine schedule shall include fine, court costs and any assessments set by state law within the specified amount. Upon plea of guilty or nolo contendere and payment of the required minimum fine prior to the date scheduled for court appearance, no further court appearance shall be required. The judge shall authorize the court clerk to accept pleas of guilty and nolo contendere where the amount of the minimum fine is paid at the time of such plea and prior to the scheduled court appearance date. (Ord. No. 359, 9/19/88; Ord. No. 316, 2/18/86; Ord. No. NC-382, 4/2/90)

Cross Reference: See Appendix 4 of this code for schedule of fines and penalties. See also ordinance table for additional ordinances setting fine or bond amounts.

SECTION 6-112 PROSECUTIONS; FILING OF COMPLAINT, FEES, DEFECTS RAISED PRIOR TO TRIAL.

A. All prosecutions for violation of ordinances of this city shall be styled "The City of Atoka, Oklahoma vs. (naming defendant or defendants)." Except as provided hereinafter, prosecutions shall be initiated by the filing of a written complaint, subscribed and verified by the person making the complaint, and setting forth concisely the offense charged.

B. There is no duty on the part of the city or any of its officers or employees to formally prosecute actions in the court. In the absence of a prosecuting officer, the judge shall proceed with the case and hear evidence and examine witnesses in such manner as he may deem necessary to effect justice.

C. Any person, except a police officer or other employee of the city, filing a criminal offense complaint in the municipal court shall deposit with the clerk of the court, unless waived by order of the court, the court cost fee as provided in this chapter. The court costs so deposited by such a complainant shall be refunded to the complainant or person depositing same upon conviction or acquittal of the defendant; the court costs shall not be refunded if the charges are dismissed at the request of the complainant who made the deposit because the complainant fails or refuses to appear in court to testify or aid in the prosecution of the charge filed by such complainant.

D. All defects in the form or substance apparent on the face of a complaint charging a violation of an ordinance of this city, and being grounds for motion or demur, may only be raised by an accused in writing and prior to trial.

E. A complaint may be amended in matter of substance or form at any time before the defendant pleads, without leave, and may be amended after plea or order of the court where the same can be done without material prejudice to the rights of the defendant. No amendment shall cause any delay of the trial, unless good cause is shown by affidavit. (Prior Code, Secs. 14-16, 14-19, as amended)

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

SECTION 6-113 ORDINANCE VIOLATIONS; PROCEDURES FOR ISSUING CITATION; CUSTODY, ARREST.

A. If a resident of this city is arrested by a law enforcement officer for the violation of any traffic ordinance for which other provisions of this chapter do not apply, or is arrested for the violation of a nontraffic ordinance, the officer may immediately release the person if the person acknowledges receipt of a citation by signing it. However, the arresting officer need not release the person if it reasonably appears to the officer that the person may cause injury to himself or others or damage to property if released, that the person will not appear in response to the citation, or the person is arrested for an offense against a person or property. If the person fails to appear in response to the citation, a warrant shall be issued for his arrest and his appearance shall be compelled.

B. If the arrested resident is not released by being permitted to sign a citation as provided in this subsection, he shall be admitted to bail either before or after arraignment, or shall be released on personal recognizance.

C. If a nonresident of this city is arrested by a law enforcement officer for a violation of any ordinance for which Section 6-114 of this code does not apply, the defendant shall be eligible to be admitted to bail either before or after arraignment.

D. If the alleged offense be a violation of an ordinance restricting or regulating the parking of vehicles, including any regulations issued under such an ordinance, and the operator be not present, the police officer shall place a citation on the vehicle, at a place reasonably likely to come to the notice of the operator. The operator of this vehicle shall be under the same obligation to respond to the citation as if it had been issued to him personally under Subsection A of this section. (Prior Code, Sec. 14-20, as amended)

SECTION 6-114 TRAFFIC BAIL BOND PROCEDURES.

A. In addition to other provisions of law for posting bail, any person, whether a resident of this state or a nonresident, who is arrested by a law enforcement officer solely for a misdemeanor violation of a state traffic law or municipal traffic ordinance shall be released by the arresting officer upon personal recognizance if:

3. Record the motor vehicle make, model and tag information;

4. Record the arraignment date and time on the citation; and

Court

5. Permit the arrested person to sign a written promise to appear as provided for in the citation.

The arresting officer shall then release the person upon personal recognizance based upon the signed promise to appear. The citation shall contain a written notice to the arrested person that release upon personal recognizance based upon a signed written promise to appear for arraignment is conditional and that failure to timely appear for arraignment shall result in the suspension of the arrested person's drivers license in this state, or in the nonresident's home state pursuant to the Nonresident Violator Compact.

C. Procedures for arraignment, continuances and scheduling, timely appearances, pleas of guilty or nolo contendere, posting bail, payment of fines and costs, issuance of arrest warrants, and requests for suspension of drivers license, shall be as required in state law, Sections 1115.1 through 1115.5 of Title 22 of the Oklahoma Statutes.

D. A defendant released upon personal recognizance may elect to enter a plea of guilty or nolo contendere to the violation charged at any time before he is required to appear for arraignment by indicating such plea on the copy of the citation furnished to him or on a legible copy thereof, together with the date of the plea and his signature. The defendant shall be responsible for assuring full payment of the fine and costs to the court clerk. The defendant shall not use currency for payment by mail. If the defendant has entered a plea of guilty or nolo contendere as provided for in this subsection, such plea shall be accepted by the court and the amount of the fine and costs shall be as prescribed by ordinance for the violation charged or as prescribed by the court.

E. If, pursuant to the provisions of subsection D of this section, the defendant does not timely elect to enter a plea of guilty or nolo contendere and fails to timely appear for arraignment, the court may issue a warrant for the arrest of the defendant and the municipal court clerk, within one hundred twenty (120) calendar days from the date the citation was issued by the arresting officer, shall notify the State Department of Public Safety that:

1. The defendant was issued a traffic citation and released upon personal recognizance after signing a written promise to appear for arraignment as provided for in the citation;
2. The defendant has failed to appear for arraignment without good cause shown;
3. The defendant has not posted bail, paid a fine, or made any other arrangement with the court to satisfy the citation; and
4. The citation has not been satisfied as provided by law.

The court clerk shall request the State Department of Public Safety to either suspend the defendant's driver's license to operate a motor vehicle in this state, or notify the defendant's home state and request suspension of the defendant's driver's license in accordance with the provisions of the Nonresident Violator Compact. Such notice and request shall be on a form approved or furnished by the State Department of Public Safety. The court clerk shall not process the

Court

notification and request provided for in this subsection if, with respect to such charges:

1. The defendant was arraigned, posted bail, paid a fine, was jailed, or otherwise settled the case;
2. The defendant was not released upon personal recognizance upon a signed written promise to appear as provided for in this section or if released, was not permitted to remain on such personal recognizance for arraignment;
3. The violation relates to parking or standing, an overweight violation, an overweight permit, or the transportation of hazardous materials; or
4. A period of one hundred twenty (120) calendar days or more has elapsed from the date the citation was issued by the arresting officer.

F. The court clerk shall maintain a record of each request for driver's license suspension submitted to the State Department of Public Safety pursuant to the provisions of this section. When the court or court clerk receives appropriate bail or payment of the fine and costs, settles the citation, makes other arrangements with the defendant, or otherwise closes the case, the court clerk shall furnish proof thereof to such defendant, if the defendant personally appears, or shall mail such proof by first class mail, postage prepaid, to the defendant at the address noted on the citation or at such other address as is furnished by the defendant. Additionally, the court or court clerk shall notify the home jurisdiction of the defendant as listed on the citation, if such jurisdiction is a member of the Nonresident Violator Compact, and shall in all other cases, notify the State Department of Public Safety of the resolution of the case. The form of proof and the procedures for notification shall be approved by the State Department of Public Safety. Provided however, the court or court clerk's failure to furnish such proof or notice in the manner provided for in this subsection shall in no event create any civil liability upon the court, the court clerk, the state or any political subdivision thereof, or any state department or agency or any employee thereof but duplicate proof shall be furnished to the person entitled thereto upon request.

G. In addition to the provisions of Section 6-134 of this code, if, pursuant to the provisions of Subsection D hereof, the defendant does not timely elect to enter a plea of guilty or nolo contendere and fails to timely appear for arraignment, there shall be assessed, taxed as additional costs and collected from the defendant a processing and mailing fee in the sum of Twenty-five Dollars (\$25.00) per citation coming under the provisions hereof, which shall be in addition to any other costs of the action or fine therefor. The municipal court clerk shall assess the same upon processing the notification and request provided for in Subsection E hereof, and shall include and collect the same as such additional fees under Subsection F hereof.

H. If the defendant is not eligible for release upon personal recognizance as provided for in this section, or if eligible but refuses to sign a written promise to appear, the officer shall deliver the person to the judge for arraignment and the judge shall proceed as otherwise provided for by law. If no judge is available, the defendant shall be placed in the custody of the jailer, to be held until a judge is available or bail is posted.

Court

I. Notwithstanding any other provision of law, a juvenile may be held in custody pursuant to the provisions of this section, but shall be incarcerated separately from any adult offender. The arresting officer shall not be required to:

1. Place a juvenile into custody as provided for in this section;
2. Place any other traffic offender into custody:
 - a. who is injured, disabled or otherwise incapacitated;
 - b. if custodial arrest may require impoundment of a vehicle containing livestock, perishable cargo or items requiring special maintenance or care; or
 - c. if extraordinary circumstances exist, which, in the judgment of the arresting officer, custodial arrest should not take place.

In such cases, the arresting officer may designate the date and time for arraignment on the citation and release the person. If the person fails to appear without good cause shown, the court may issue a warrant for the person's arrest. (Ord. No. NC-345, 7/6/87)

SECTION 6-115 ISSUANCE OF SUMMONS; FAILURE TO APPEAR.

A. Upon the filing of a complaint charging violation of an ordinance, the judge, unless he determines to issue a warrant of arrest, or unless the defendant previously has been issued a citation or has been arrested and has given bond for appearance, shall issue a summons, naming the person charged, specifying his address or place of residence, if known, stating the offense with which he is charged and giving him notice to answer the charge in the court on a day certain, containing a provision for the official return of the summons, and including such other pertinent information as may be necessary.

B. The summons shall be served by delivering a copy to the defendant personally or by certified mail. If he fails to appear and to answer the summons within the prescribed period, a warrant shall be issued for his arrest, as provided by this chapter.

C. Any person who has been duly served with a summons or traffic or other citation and who has signed a written promise to appear in court as directed in the summons or the citation or as subsequently directed by the court, or who has been released and been allowed to remain on personal recognizance, and who fails to appear pursuant to his written promise or as directed by the court shall be deemed guilty of an offense, which shall be punishable as provided in Section 1-108 of this code. A. If, without sufficient excuse, a defendant fails to appear according to the terms or conditions of his bond, either for hearing, arraignment, trial or judgment, or upon any other

Court

occasion when his presence in court or before the judge may be lawfully required or ordered, the judge may direct that fact to be entered upon the court minutes, thereby declaring the bond to be forfeited. The judge may also order a bench warrant to be issued for the defendant as provided in this chapter.

B. The judge, without advancing court costs, may also cause the forfeiture to be certified to the district court of the county, where it shall be entered upon the judgment docket and shall have the full force and effect of a district court judgment. At such time as the forfeiture is entered upon the district court judgment docket, the district court clerk shall proceed in accordance with the provisions of Sections 1330, 1332, 1333 and 1335 of Title 5 of the Oklahoma Statutes, and a surety shall have all remedies available under the provisions of Sections 1108 of Title 22 of the Oklahoma Statutes and Sections 1301 through 1340 of Title 5 of the Oklahoma Statutes.

In case of arrests made at night, emergencies or under other conditions when the judge is not available, a court official, the chief of police, or his designated representative may be authorized by the judge, subject to such conditions as shall be prescribed by the judge, to accept a temporary cash bond to secure the appearance of the accused. SECTION 6-120 ARRAIGNMENT.

Upon making his appearance before the court, the defendant shall be arraigned. The judge, or the city attorney, shall read the complaint to the defendant, inform him of his legal rights, including the right of trial by jury, if available, and of the consequences of conviction, and ask him whether he pleads guilty or not guilty. If the defendant pleads guilty, the court may proceed to judgment and sentence or may continue the matter for subsequent disposition. If the plea is not guilty, and the case is not for jury trial, the court may proceed to try the case, or may set it for hearing at a later date. (Prior Code, Sec. 14-24)

1. If judgment is of acquittal, and the defendant is not to be detained for any other legal cause, he must be discharged at once;

2. If the defendant pleads guilty or is convicted after trial, the court must render judgment thereon, fixing the penalty within the limits prescribed by the applicable ordinance and imposing sentence accordingly; and

F. If a deferred sentence is imposed, an administrative fee of not more than the fine and costs assessable had the deferral not been granted may be imposed as costs in the case. The court may make payment of the fee a condition of granting or continuing the imposition of a sentence, if the defendant is able to pay.

G. The court may also require restitution and in the event there was damage done to public or private property during the commission of the offense, the court may require the defendant to repair or replace such damaged property as a condition to a deferred sentence as may be directed by the court.

B. If the defendant is without means to pay the fine or costs, the municipal judge may direct the total amount due to be entered upon the court minutes and to be certified to the district court where it shall be entered upon the district court docket and shall have the full force and effect of a district court judgment. Thereupon the same remedies shall be available for the enforcement as are available to any other judgment creditor.

C. All prisoners confined to jail on conviction or on plea of guilty may be compelled, if their health permits, to work on community projects, the public streets, avenues or ways, public buildings or other public premises or property. SECTION 6-131 CONTEMPT OF COURT.

Obedience to the orders, rules and judgments made by the court may be enforced by the judge, who may fine or imprison for contempt committed as to him while holding court, or committed against process issued by him, in the same manner and to the same extent as the district courts of this state. (Prior Code, Sec. 14-18)

The court shall provide for separate bail for the assessments; however, a defendant admitted to bail on an undertaking by a surety may include the amount of the assessment in the undertaking.

B. Upon conviction or bond forfeiture, the court shall collect the assessment and deposit the monies for payment as required by state law.

C. At the end of every quarter the city shall deposit with the Oklahoma State Treasury the funds deposited in the law enforcement training funds and the A.F.I.S. The court clerk shall also furnish to the State Treasury reports required on the funds collected and penalty assessments imposed each quarter.

C. If a fine is not paid by the defendant, the fine may be collected by committing the defendant to the city jail, where he shall remain until his fine and any costs assessed against him are discharged, either by payment or by confinement in jail, or by working in accordance with other provisions of this code or state law.

SECTION 6-134 DISHONORED CHECK OR INSTRUMENT.

SECTION 7-430 ADDITIONAL USE TAX

Beginning on January 15, 2006 {although the Oklahoma Tax Commission might not begin collection before April 1, 2006}, there is hereby imposed a new and additional Use Tax, as follows:

A. Intention to Cause Total Use Tax Rate to Be Equal to Total Sales Tax Rate. It is the intention and purpose of this Section 7-430 of the Atoka City Code to impose, levy and assess a new Use Tax which is in addition to that which is imposed, levied and/or assessed by Section 7-403 of the Atoka City Code, and any other (if any) like Sections of the Atoka City Code and/or Ordinances of the City of Atoka, in such an additional amount so that the total combined amount of all such Use Tax imposed, levied and/or assessed by said Section 7-403, and this Section 7-430 and any other said like Sections of the Atoka City Code and/or Ordinances of the City of Atoka shall be equal to the total amount of Sales Tax now and/or hereinafter, from time to time, imposed, levied and/or assessed by the Atoka City Code and/or Ordinances of the City of Atoka.

B. Intention to Cause Respective percentage Portions of the Total Use Tax Rate to be subject to the same limitations As Its Sales Tax Counterpart. Furthermore, it is the intention and purpose of this Section 7-430 of the Atoka City Code that to the extent, if any, that any portion of such total amount of said Sales Tax are limited in duration and/or dedicated, earmarked and/or otherwise required to be applied to any particular function, use, activity or other limitation upon the otherwise general use of the revenues generated thereby (such as, by way of example and not limitation, the Industrial Development Sales Tax, and The Water Plant Utilization Sales Tax), then and in that event, the equal (respective percentage) portion of said new and additional Use Tax shall likewise be so restricted as to the duration of the imposition of such corresponding portion of said Sales Tax and/or the expenditure of the (respective percentage portion of the) revenues produced thereby.

C. Additional Use Tax: Property. Sales And/or Other Activities Subject To Tax. There is hereby also levied and there shall be paid by every person storing, using or otherwise consuming within the City tangible, personal property purchased or brought into this City an additional Use Tax (excise tax) on the storage, use or other consuming within the City of such property at the percentage rate determined in accordance with the provisions of subparagraph 0 of this Section 7-430, of and/or upon the purchase price of said property, which shall be paid and payable with and in the same manner as the Use Tax imposed by Section 7-403 of the Atoka City Code.

D. Amount and/or Rate of Such Additional Use Tax: The total rate (percentage) of said new and additional Use Tax shall be determined by the following formula:

1. The amount equal to the total (rate) Sales Tax imposed, levied and/or assessed, from time to time, under the Provisions of the Atoka Sales Tax Code (Section 7-301 et seq. of the Atoka City Code) as the same now exists and/or may hereafter come to be, and/or any other provisions of the Atoka City Code as are now in existence and/or hereafter coming into existence, and/or other Ordinances of the City of Atoka as are now existing and/or hereafter coming into existence likewise imposing, levying and/or assessing any such Sales Tax;

2. less the amount of Use Tax already imposed, levied and/or assessed under Section 7-

401 et seq. of the Atoka City Code as the same now exists and/or may hereafter come to be, and/or any other provisions of the Atoka City Code as are now in existence and/or hereafter coming into existence, and/or other Ordinances of the City of Atoka as are now existing and/or hereafter coming into existence likewise Imposing, levying and/or assessing any such Use Tax (so that there be no duplication thereof, and the total combined Use Tax will be equal to the total combined Sales Tax).

E. Duration Of Such Additional Use Tax: Inasmuch as the amount (rate) of such additional Use Tax is dependent upon the amount (rate), from time to time, of the total Sales Tax, when any portion of said total combined Sales Tax shall increase or discontinue, the corresponding amount of said additional Use Tax shall likewise increase or decrease; such that the respective portions of the total (from time to time) Use Tax shall be equal in amount and duration of the corresponding portions of the total (from time to time) Sales Tax (specifically including, but not limited to, the Industrial Development Sales Tax and the Water Plant Utilization Sates Tax).

F. Purpose of revenues: Disposition of proceeds. Except as otherwise below provided, the revenues produced and/or generated by said additional Use Tax shall be expendable for any lawful use and/or purpose; provided, however, that to the extent that expenditures of the revenues generated and/or produced by any particular portion of said total combined Sales Tax shall be limited to particular uses, functions, activities or is otherwise restricted (specifically including, but not limited to, the Industrial Development sales Tax and the Water Plant Utilization Sates Tax), then the (respective percentage) amount of corresponding revenues generated and/or produced by said additional Use Tax shall likewise be so restricted.

G. Permissive Transfers and/or Distributions to Public Trusts. The City Council shall be authorized, in its discretion, from time to time, to transfer or distribute all or any portion of the revenues generated by such additional Use Tax to the Atoka City Industrial Development Authority Trust (a Public Trust of which the City of Atoka is sole beneficiary, and has accepted the beneficial interest) and/or the Atoka Municipal Authority Trust (a Public Trust of which the City of Atoka is sole beneficiary, and has accepted the beneficial interest) and/or any other similar a Public Trust of which the City of Atoka is sole beneficiary, and has accepted the beneficial interest.

H. All other Use Tax Provisions Applicable. Sections 7-401 through 7-429 of the Atoka City Code, as the same may now exist and/or hereafter come to exist, shall apply to such additional Use Tax levy as though passed as a part thereof.

Such seized property shall be sold by the city manager, after giving ten (10) days' notice by one publication in a legal newspaper of the county at least ten (10) days before such sale. If the personal property is claimed by the legally appointed representative of the estate of the deceased, a certified copy of the order of the district court appointing such person shall be deemed sufficient authority to support the claim. If the personal property is claimed by the next of kin, the claimant shall furnish an affidavit to the effect that he is the person entitled to possession of the property; the affidavit shall be deemed sufficient authority to support the claim. If personal property of a deceased person remains unclaimed for a period of ninety (90) days, it shall be disposed of in the appropriate manner provided in this chapter. (Prior Code, Sec. 19-1 to 19-4, in part)

If any property is sold as herein provided, and the owner thereof takes and recovers possession of same from the purchaser, the amount paid therefor shall be returned to the purchaser, upon verified claim being submitted and approved by the police chief. (Prior Code, Sec. 19-1 to 19-4, in part)

SECTION 8-109 SUMMARY ABATEMENT OF NUISANCES.

A. Some nuisances are of such nature as to constitute a grave and immediate danger to the peace, health, safety, morals or welfare of one or more persons or of the public generally. It is recognized that circumstances may be such as to justify, and even to require, the city manager or other appropriate officer or agency of the city government to take immediate and proper action summarily to abate such nuisances or to reduce or suspend the danger until more deliberate action can be taken toward such abatement.

B. An officer subordinate to the city manager may submit to the city manager a statement as to the existence of a nuisance as defined by the ordinances of the city or law, and a request or recommendation that it be abated.

C. The city manager or his designee shall determine if a nuisance exists as defined by the ordinances of the city or law. If he finds that a nuisance does in fact exist, he shall direct the owner or other persons responsible for or causing the nuisance by:

1. Certified mail; or
2. By publication if the owner cannot be so served or found,

To abate the nuisance within a specified time if the peace, health, safety, morals or welfare of the person or persons or public adversely affected would not be unduly jeopardized by the consequent delay. If such peace, health, safety, morals or welfare would be unduly jeopardized by the consequent delay, or if the owner or other persons responsible for or causing the nuisance do not abate it within the specified time, or if the persons responsible authorize the city to abate the nuisance, the manager shall direct the appropriate officer to abate the nuisance or have it abated, if summary abatement is practical, as authorized by Section 16 of Title 50 of the Oklahoma Statutes. The city shall send a statement of the cost of such summary abatement to the owner or other persons responsible for or causing the nuisance, as may be just under the circumstances, if their names and addresses are known. Until paid, such cost shall constitute a debt to the city collectible as other debts may be collected.

D. The determination of the existence of a nuisance and order to abate it, as made by the city manager, may be appealed by the occupant or owner or person causing the nuisance by filing a request for hearing in writing with the city clerk within the period of time specified in the notice for abatement of the nuisance. The clerk shall cause the matter to be placed on the agenda of the city council for final determination with appropriate notice of the hearing provided to the person requesting the appeal. (Prior Code, Sec. 15-8, in part)

SECTION 8-110 HEALTH NUISANCES; ABATEMENT.

Health and Nuisances

of disease, or any other condition adversely affecting the public health, within twenty-four (24) hours, or within such other time as may be reasonable. Such order shall be in writing and may be served personally on the owner or occupant of the premises, or authorized agent thereof, by the city or by a police officer, or a copy thereof may be left at the last usual place of abode of the owner, occupant or agent, if known and within the state. If the premises are unoccupied and the residence of the owner, occupant or agent is unknown or is outside the state, the order may be served by posting a copy thereof on the premises or by publication in at least one issue of a newspaper having a general circulation in the city.

B. If the order is not complied with, the city may cause the order to be executed and complied with, and the cost thereof shall be certified and the cost of removing or abating such nuisance shall be charged to the owner or occupant, enforceable as a lien or any other method allowed by law or ordinance. (Prior Code, Sec. 15-21)

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

The provisions of Section 8-136 “Hereof” shall be deemed and construed to be minimal requirements which cannot be waived; however, mere compliance therewith shall not necessarily, of itself, be sufficient to obtain the validation of any such “Burn Permit”. respect to any particular “Burn Permit” sought or issued under the provisions “Hereof”, on a case by case basis, as the circumstances may dictate; having due regard, in such cases, for the provisions “Hereof”, the “Open Burning” contemplated and/or conducted, the “Burn Location”, weather conditions, safety precautions and any and all other reasonably related attendant facts and circumstances.

SECTION 8-138 APPLICATION FOR BURN PERMIT

By making such application, said applicant and the owner(s) of the “Burn Location” shall be deemed and construed to covenant and agree to be bound by, and comply with, all of the provisions, conditions and restrictions “Hereof”, and those set forth in any “Burn Permit” issued and validated thereto. Such applications shall be made in writing, upon a form approved by the City Manager. Said form, and all accompanying information and documentation, shall be verified by the applicant under oath; and, as a minimum, said form shall require certification by the applicant:

2. Of the date, time, place, manner, supervision, participants, safety precautions, and type of “Open Burning” proposed;
3. That all information and documentation provided thereby is correct, truthful and accurate;
4. That said applicant and the owner(s) of the Burn Location shall be deemed and construed to covenant and agree to be bound by, and comply with, all the provisions, conditions and restrictions “Hereof”, and any “Burn Permit” issued and validated thereto; and,
5. That said Applicant and said owner(s), jointly and severally, each for his/her own self, heirs, estate, personal representatives, trustees and assigns, wholly and completely indemnify and hold harmless the City of Atoka and the Atoka Fire Department (and all officers, Council members, attorneys, managers, members, clerks, employees, agents, and/or servants of either and/or both) of and/or from any and all liability, damages, injury, demands, choses in action, rights, privileges, immunities, litigation costs and/or expenses, legal or other professional fees, and/or other claims in law or equity or otherwise, of and/or for and/or relating and/or pertaining in any manner or method whatsoever to and/or for or on account of any damage and/or injury to the person and/or property, and/or rights thereof and/or therein, of said applicant, owner(s) and all persons in the world, for or from any and all causes whatsoever, or combination thereof, foreseeable or unforeseeable, directly or indirectly or otherwise howsoever related and/or connected to the application for, issuance of, validation of, and/or any acts and/or omissions upon relation to, any such “Burn Permit”.

SECTION 3-139 VALIDATION, DENIAL, OF VALIDATION, AMENDMENT, CANCELLATION, REVOCATION, AND APPEAL

Upon presentment of such a “Burn Permit” which has been issued by the City Manager or City Clerk:

1. The Fire Chief or Assistant Fire Chief, or designates (member of the Atoka Fire Department) thereof, hereinafter referred to as “Validating authority”, shall cause an inspection to be performed upon the proposed “Burn Location” for the proposed “Open Burning”, and make such other inquiry of the applicant and such further investigation as may be necessary or convenient to confirm the accuracy of the information set forth on the application, and otherwise carry out the duties herein set forth.

2. On validation, if any, of said “Burn Permit”, said validating authority shall endorse upon such “Burn Permit” such other and/or altered provisions, conditions and/or restrictions as shall be necessary, convenient and/or appropriate in view of the proposed burning, and the provisions, purposes and intentions “Hereof”.

3. Unless the same is subsequently canceled or revoked, if the “Burn Permit” is so validated thereby, then the “Open Burning” permitted thereby shall be authorized, so long as it is carried out in accordance with provisions, conditions and restrictions “Hereof” and/or as set forth in said “Burn Permit” and so long as said “Burn Permit” is conspicuously displayed, and at all times during the burn, kept and maintained, at the “Burn Location;

4. If the “Burn Permit” is validated, said validating authority shall conduct at least one (1) unannounced inspection of the “Open Burning” authorized thereunder; and, if it appears that such “Open Burning” is not being carried out in compliance with the provisions, conditions and restrictions “Hereof” and/or as set forth in said “Burn Permit”, then he shall revoke said “Burn Permit” and/or cause said fire to be extinguished forthwith, and/or take such other remedial action as may appear to be necessary or appropriate under the attendant circumstances and conditions;

5. After validation, whether or not in connection with the aforesaid inspection, if there is a change in circumstances which materially affects or relates to the usefulness or safety aspects of the “Open Burning” authorized thereby (including, but not limited to, rain or storm, higher winds, illness or other unavailability of the applicant), said “Burn Permit” may be amended, or canceled with a substituted permit provided, by said validating authority, without the necessity of a new application being made therefor;

6. If no such validation is made, or if otherwise said applicant is aggrieved by any action or decision made by said validating authority, then the applicant shall have ten (10) working days within which to appeal the same to the City Manager, by filing a written appeal with the City Clerk. In deciding such appeal, the City Manager may grant such relief, if any, as she deems to be appropriate, provided that such relief, if any, is consistent with the provisions, conditions and restrictions “Hereof”. If unsatisfied thereby, the applicant may appeal the City Manager’s decision to the City Council, by filing a written appeal with the City Clerk within ten

(10) working days from the date of said decision. In deciding such appeal, the City Council may grant such relief, if any, as it finds and concludes, as a body, is appropriate.

The fee to be charged and collected for each application for a “Burn Permit” shall be \$10.00; and shall be allocated and deposited into the discretionary account of and for the Atoka Fire Department, in the nature of “run money”, there to be held, invested or expended as the Atoka Fire Department may, from time to time, provide by and in accordance with its by-laws.

The city manager is authorized to cause property within the city to be cleaned of trash and weeds, or grass to be cut or mowed, and the nuisance to be abated in accordance with the following procedure:

1. The city manager or his designee may determine whether the accumulation of trash, growth of weeds or grass, or other nuisances has caused the property to become detrimental to the health, benefit or welfare of the public and the community or a hazard to traffic, or creates a fire hazard to the danger of the property;

2. At least ten (10) days' notice shall be given to the owner of the property by mail at the address shown by the current year's tax rolls in the county treasurer's office before the hearing provided for herein or before action may be taken. The notice shall order the property owner to clean the property of trash, or to cut or mow the weeds or grass on the property, as appropriate, and the notice shall state that unless the work is performed within ten (10) days of the date of the notice, the work shall be done by the city and a notice of lien shall be filed with the county clerk against the property for the costs due and owing the city;

3. At the time of each summary abatement the city clerk shall notify the property owner of the abatement and costs thereof. The notice shall state that the property owner may request a hearing within ten (10) days after the date of mailing the notice. Unless otherwise determined at the hearing, the cost of such abatement shall be determined and collected as provided in this section. However, these summary abatement procedures shall not apply if the records of the county clerk show that the property was transferred after the notice was given pursuant to this section;

5. The owner of the property may give his written consent to the city authorizing the removal of the trash or the mowing of the weeds or grass. By giving his written consent, the owner waives his right to a hearing by the city;

6. A hearing may be held by the administrative officer to determine whether the accumulation of trash or the growth of weeds or grass has caused the property to become detrimental to the health, benefit or welfare of the public and the community or a hazard to traffic or creates a fire hazard to the danger of property. The property owner shall have a right of appeal to the city manager, except that if the city manager conducts the initial hearing, then the right of appeal is to the city council. The appeal shall be taken by filing written notice of appeal with the city clerk within ten (10) days after the administrative order is rendered.

Immediately following the cleaning or mowing of the property, the city clerk shall file a notice of lien with the county clerk describing the property and the work performed by the city, and stating that the city claims a lien on the property for the cleaning and mowing costs, and that such costs are the personal obligation of the property owner from and after the date of filing of the notice;

8. After the property has been cleaned, the administrative officer shall determine the actual cost of such cleaning and any other expenses as may be necessary in connection therewith, including the cost of the notice and mailing. The city clerk shall forward by mail to the property owner specified in this section a statement of the actual cost and demanding payment;

Health and Nuisances

9. If payment is not made within thirty (30) days from the date of the mailing of the statement, the city clerk shall forward a certified statement of the amount of the cost to the county treasurer of the county in which the property is located, and the same shall be levied on the property and collected by the county treasurer as other taxes authorized by law. The cost and the interest thereon shall be a lien against the property from the date the cost is certified to the county treasurer and shall continue until the cost shall be fully paid;

10. At any time prior to the collection as provided herein the city may pursue any civil remedy for collection of the amount owing and the interest thereon. Upon receiving payment, if any, the city clerk shall forward to the county treasurer a notice of such payment and directing discharge of the lien or part thereof; and

11. The provisions of this section shall not apply to any property used for agricultural purposes. (Prior Code, Sec. 15-13 to 15-17, as amended to reflect state law)

K. No permit shall be in force as to more than one person or one residence at any time.

L. Such vehicle or motor vehicle for which a permit has been issued shall prominently display a sticker to be provided by the city, indicating the permit number and its date of expiration.

Health and Nuisances

The sticker may be physically inspected without notice by any officer of the city between the hours of 9:00 A.M. and 5:00 P.M., during weekdays, and the right to inspect shall be a condition of the issuance of a permit.

N. A permit may be revoked by the administrative officer upon reasonable notice and opportunity for a hearing, if any of the terms of the permit are not complied with.

SECTION 8-404 PROCEDURES FOR ABATEMENT.

The provisions for abatement of “public nuisance” contained in Section 8-101 et seq. of this code shall not apply to junk vehicles or to those which are in abandoned, wrecked, dismantled, inoperative, rusted, junked, or partially dismantled condition, whether attended or not, upon any public property within the city for a period of time in excess of twenty-four (24) hours. The notice, hearing and abatement shall be pursuant to the procedures described herein for public nuisance on public property.

SECTION 8-405 PRESUMPTION OF ABANDONMENT.

A rebuttable presumption shall exist that vehicles have been abandoned when:

1. Weed or grass undergrowth would indicate to a reasonable person that the vehicle has not been moved, thereby permitting such growth to occur;
2. One or more wheels are flat or missing and the vehicle or boat displays an expired license or inspection tag;
3. Portions of the vehicle which are needed for its operation or control are missing;
4. The city has received reports from others as to the length of time such vehicle has been standing in one place without being moved, or that parts are being taken from or added to such vehicle, indicating a salvage or garage operation; or
5. Evidence exists that provisions of this code pertaining to zoning or to junk and salvage yards are being violated.

SECTION 8-406 NOTICE TO REMOVE FROM PUBLIC PROPERTY.

Whenever it comes to the attention of the administrative officer that any junk vehicle, as defined herein, exists as a public nuisance in the city, a notice in writing shall be served upon the occupant of the land where the nuisance exists, or in the event that there is no such occupant, then upon the owner of the property or his agent, notifying them of the existence of the nuisance and requesting its removal in the time specified in this chapter. A written, public nuisance “Notification

Health and Nuisances

to Remove” shall be placed on the vehicle advising the owner of the violation of city code and of the twenty-four (24) hours to remove the nuisance from the public property. Concurrent with the abatement notice placed on the vehicle or motor vehicle, the owner of the vehicle or motor vehicle shall be issued a citation. Failure to remove the vehicle or motor vehicle shall be an offense, and shall be punishable as provided in Section 1-108 of this code.

SECTION 8-407 RESPONSIBILITY FOR REMOVAL FROM PUBLIC PROPERTY.

Upon proper notice and opportunity to be heard, the owner of the junk vehicle or other abandoned, wrecked, dismantled, or inoperative vehicle or boat, on public property shall be liable for all expenses reasonably incurred by the removal and disposition.

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

SECTION 8-408 NOTICE TO REMOVE FROM PRIVATE PROPERTY.

A. The administrative officer or his designee shall give notice of removal to the owner or occupant of the private property where any junk vehicle or any abandoned, wrecked, dismantled or inoperative vehicle or boat is located at least ten (10) days before the time set for compliance. It shall constitute sufficient notice when a copy of a Notice to Remove is posted in a conspicuous place upon the private property upon which the vehicle or boat is located.

B. The Notice to Remove shall contain the demand for removal within ten (10) days, and the Notice to Remove shall state that upon failure to comply with the Notice to Remove, the city shall prosecute a criminal complaint for failure to abate the nuisance or undertake such removal with the cost to be levied against the owner of the junk vehicle or the occupant of the property.

SECTION 8-409 HEARING.

A. Any person to whom any Notice to Remove is directed pursuant to the provisions of this chapter or any other interested party, or any duly authorized agent thereof, may file a written request for hearing before the administrative officer within the ten-day compliance period, for the purpose of contesting the city’s demand for removal. The administrative officer, chief of police or his designee and the city attorney or his designee shall constitute a hearing board to hear the request.

B. The hearing shall be held as soon as practicable, but not earlier than five (5) days after receipt of the request, and not later than fifteen (15) days after such receipt. Notice of the time and place of hearing shall be directed to the person making the request. At any such hearing the city and the person to whom notice has been directed may introduce witnesses and evidence.

C. Persons to whom the Notice to Remove is directed pursuant to the provisions of this chapter, or their duly authorized agent, may appear in municipal court pursuant to the citation and summons. Those convicted of failing to abate a public nuisance pursuant to this chapter shall be assessed court costs in addition to any other penalty assessed by the municipal court. If the public

Health and Nuisances

nuisance is abated prior to the hearing date stated on the summons, and the person issued the summons to appear in municipal court signs an affidavit before the court clerk attesting to the abatement, the city attorney may recommend to the municipal court that charges be dropped.

SECTION 8-410 REMOVAL OF MOTOR VEHICLES FROM PROPERTY.

If the violation described in the Notice to Remove has not been remedied within the ten-day period of compliance, or in the event that a notice requesting hearing is timely filed, a hearing had, and the existence of the violation is affirmed by administrative officer or his designee, the city attorney shall institute and prosecute additional charges on a daily basis, for failure to abate the nuisance, and the city shall in the discretion of the administrative officer take possession of the junk vehicle and remove it from the premises. It shall be unlawful for any person to interfere with or hinder anyone whom the city or the administrative officer authorizes to enter upon private property for the purpose of removing a vehicle under the provisions of this chapter.

SECTION 8-411 NOTICE OF REMOVAL.

Within forty-eight (48) hours of the removal of such junk vehicle, the administrative officer or his designee shall give notice to the registered owner of the junk vehicle, if known, that the vehicle or motor vehicle was removed, that the vehicle or motor vehicle, has been impounded and stored for violation of this chapter. The notice shall give the location where the vehicle is stored and the proper procedure for redeeming the vehicle, including cost of redemption.

SECTION 8-412 APPRAISAL.

Upon removing a junk vehicle under the provisions of this chapter, the city shall, after ten (10) days, cause it to be appraised. If the vehicle or boat appraises at Seventy-five Dollars (\$75.00) or less, the administrative officer or his designee shall execute an affidavit so attesting and describing the vehicle or motor vehicle, including the license plates, if any, and stating the location and appraised value of the vehicle or motor vehicle. After complying with the above, the city may summarily dispose of the vehicle or boat and execute a bill of sale. If the vehicle or boat is appraised at over Seventy-five Dollars (\$75.00), notice of public sale shall be given not less than ten (10) days before the date of the proposed sale.

SECTION 8-413 REDEMPTION OF IMPOUNDED VEHICLES OR MOTOR VEHICLES.

The owner of any vehicle or motor vehicle impounded under the provisions of this chapter may redeem such vehicle or motor vehicle at any time after its removal, but prior to the sale or destruction thereof, upon proof of ownership and payment to the city clerk of such sum as may be determined by the administrative officer and fixed as the actual and reasonable expense of removal, plus storage.

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

SECTION 8-414 COLLECTION OF CITY'S COSTS OF REMOVAL.

A. Upon the failure of the owner or occupant of property on which junk vehicles have been removed by the city to pay the unrecovered expense incurred by the city in such removal, the amount of the unrecovered cost may be added to the municipal utility bills directed to the occupants of the private property from which the junk vehicle was removed, and may be recovered in the same manner of such utility bills.

B. If the private property is not served by the municipal utilities, or if collection efforts are not successful, the costs may be certified by the city clerk to the county clerk of the county, who shall add the same to the ad valorem taxes assessed against the property, until paid, and shall be collected in the same manner as ad valorem taxes against the property; and when collected shall be paid to the city.

SECTION 8-415 PENALTY; CONTINUING VIOLATIONS.

In addition to the procedures for removal of vehicles, any person who shall violate any of the provisions hereof shall upon conviction be deemed guilty of an offense against the city. Violation of this section shall carry a fine of up to two hundred fifty dollars (\$250.00). Each act in violation of the provisions hereof shall constitute a separate offense and may be chargeable as such. Each day's continued violation of any of the provisions hereof shall constitute a separate offense and may be punishable as such.

ARTICLE A

SECTION 8-601 CITATION.

This chapter shall be known as the Hazardous Chemical Code of the city and may be cited as employee right-to-know. (Ord. No. N.C. 336, 5/4/87)

Ed. Note: The city's hazardous chemical code, being the Federal Emergency Management Agency (FEMA) SARA Title III, Hazardous Chemical Code list, as enacted by Ordinance No. N.C. 336, May 4, 1987, and all amendments thereto, is hereby adopted and incorporated herein by reference, applicable as fully as if set out at length herein. A copy of the code and all amendments are on file with the city clerk.

SECTION 8-602 PURPOSE AND SCOPE.

A. Many places of public work potentially pose an acute and chronic health and safety hazard to employees who may be exposed to concentrations of hazardous substances. These employees have a right-to-know the properties and potential health and safety hazards of substances to which they may be exposed, thereby reducing the incidents and cost of occupational illness and injury. It is the intent of these regulations to insure the transmission of necessary information to public employees while specifying requirements for subject public employees to act responsibly with use of potentially hazardous chemicals at the work place.

B. These regulations have performance objectives which are implemented by specific minimum standard and requirements governing manufacturers who produce, package, re-package, distribute and sell hazardous substances to:

1. Public employers;
2. Public employers who use hazardous substances at the work place; and

Health and Nuisances

3. Public employees who use potentially hazardous chemicals who assume responsibility for use of.

C. Administrative provisions are hereby established to insure compliance with Title 40, Sections 401 through 424 of the Oklahoma Statutes as amended. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-603 APPLICATION.

A. No person shall manufacture, produce, package, repackage, distribute or sell any hazardous substance without providing attached to substance container a chemical list containing chemical properties of each substance provided.

B. Any employee of public agency who is responsible for purchasing any potentially hazardous chemical shall be responsible for labeling substances and posting lists of hazardous chemicals at work sites and on buildings in compliance with this code.

C. Any employee who utilizes potentially hazardous chemicals shall assume responsibility for using the hazardous chemical in exact accordance with manufacturer's or distributor's recommendations. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-604 EXCLUSIONS.

A. These regulations do not apply to any substances which are foods, drugs, cosmetics or tobacco products intended for personal consumption by employees while in the workplace. Additionally, these regulations do not apply to any consumer products and food stuffs packaged for distribution to, and intended for use by, the general public.

B. Except as provided in the following subsection, these regulations do not apply to hazardous substances being developed and used only in research laboratories.

1. For all research laboratories, the employer shall provide the following to all employees and their designated representatives:

- a. The chemical name of the hazardous substance; and
- b. A training and education program which shall be designed to inform employees of the appropriate work practices, the appropriate protective measures, and the appropriate emergency measures regarding hazardous materials in the workplace;

2. The employer shall maintain any material safety data sheets as defined by these regulations or any additional information relating to the toxicity or hazardousness of those hazardous substances and the employer shall ensure that this information is available to employees and their designated representatives; and

SECTION 8-622 SIGNS REQUIRED AND ADOPTION BY REFERENCE.

The proprietor shall post signs which shall comply with this rule. Proprietors need not comply with the sign posting requirements of subrule E(2) if the building, structure, or location within the building or structure does not contain a significant amount of the hazardous chemical as defined in subrule H. The National Fire Protection Association's standard system for identifying fire hazards of chemicals based on NFPA Standard 704-1985 Edition is adopted by reference.

1. Size. The signs shall be at least seven and one-half (7 1/2) inches on each side. The sign shall have four (4) spaces each at least three and three-fourths (3 3/4) inches on a side. Numbers and symbols within each of the four (4) spaces shall be at least three (3) inches in height;

2. Location. If a building or structure has a floor space of five hundred thousand (500,000) square feet or less, a proprietor shall post signs on the outside of the building or structure identifying the type of each hazardous chemical contained in the building or structure. If the building has more than five thousand (5,000) square feet, in addition to the signs posted outside, the proprietor shall post a sign at the place within the building where each hazardous chemical is permanently stored to identify the type of hazardous chemical. If the hazardous chemical is moved within the building, the proprietor shall also move the sign or post an additional sign at the locations where the hazardous chemical is moved. This subrule applies to significant amounts of hazardous chemical as defined in subrule H.

3. Categories. The signs shall identify hazards of a chemical in terms of three (3) principle categories, namely, "health," "flammability," and "reactivity (instability)", and indicate the order of severity numerically by fire divisions ranging from four (4), indicating no special hazard. This information is to be presented by a spatial system of diagrams with "health" always

Health and Nuisances

being on the left, “flammability” at the top, and “reactivity (instability)” on the right. Supplementing the spacing arrangement, color backgrounds or numbers are used for three (3) categories with blue representing “health” hazard, red representing “flammability,” and yellow representing “reactivity (instability).” The fourth space, at the bottom, is used to indicate unusually reactivity or other special hazard warnings in black and white colors. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-623 PROPRIETOR VARIANCE APPLICATIONS.

A proprietor may make application to the Commissioner for less stringent sign posting requirements:

1. The proprietor shall make written application for a variance; and
2. The proprietor shall have the burden of proof to show that compliance imposes undue hardship on the proprietor and that the less stringent sign posting requirements as proposed to the proprietor offer substantially the same degree of notice and protection to emergency responders. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-624 AGREEMENT BETWEEN A PROPRIETOR AND FIRE DEPARTMENT

In instances where the number of signs exceeds five (5), and where posting of a sign for each hazardous chemical would be ambiguous, repetitive, or where space is limited by the physical characteristics of the structure, the proprietor may enter into a written agreement with the fire chief of the local fire department which provides for the posting of signs for the most hazardous chemical in each principle category as set in subrule E (2). The agreement is subject to the approval of the commissioner of labor pursuant to the procedure for a variance as specified in rule B. If the variance is approved, the employer shall post in the same location as the required posted signs a sign stating: “Signs not posted for all hazardous chemicals.” The signs shall be in block letters at least three (3) inches in height. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-625 SIGNIFICANT AMOUNTS.

A chemical meeting any of the following criteria shall be considered a “significant amount” of hazardous chemicals:

1. Any amount of a hazardous chemical which is classified according to the U.S. Department of Transportation as:
 - a. A class A explosive;
 - b. A class B explosive;
 - c. A class A poison;
 - d. A class B poison;

Health and Nuisances

- e. A flammable solid with a “dangerous when wet” warning; or
- f. A yellow III label radio-active material;

2. The aggregate amount of hazardous chemical stored, placed, or used at the workplace is greater than or equal to fifty-five (55) gallons of liquid or five hundred (500) pounds of non-liquid where the numerical rating of the hazardous chemical based on the NFPA 704-1985 system results in:

- a. Health rating of greater than or equal to 2;
- b. Flammability rating greater than or equal to 2; or
- c. Reactivity rating of greater than or equal to 1.

If the hazardous chemical in a liquid and non-liquid state, the aggregate amount measurement shall be made considering the combined poundage; and

3. The requirements of this rule shall be suspended by other state or federal laws where those regulations are more restrictive. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-626 RECOMMENDED COMMUNICATIONS.

It is recommended that the local fire departments and proprietors meet to collaborate on the types and amount of hazardous chemicals as well as any unusual hazards which may be encountered by emergency response personnel. (Ord. No. N.C. 336, 5/4/87)

SECTION 8-627 PROCEDURE FOR NON-COMPLIANCE.

If a proprietor fails to comply with the requirements of rule IV, the fire chief in the jurisdiction of the proprietor may file a written complaint with the commissioner:

1. The commissioner may rely on the information provided by the fire chief and immediately issue a notice of non-compliance to the proprietor or may conduct an investigation or inspection pursuant to the HCS;

2. Opportunity for hearing. The notice of non-compliance shall be sent by certified mail and shall set forth that the proprietor named has an opportunity to be heard, upon demand by the proprietor. In the event the proprietor demands a hearing, the commissioner may conduct the hearing;

3. In the event the proprietor does not demand a hearing within thirty (30) days of the receipt of notice of non-compliance, the commissioner shall, without further notice, issue an order for compliance which shall be a final agency action pursuant to the Oklahoma Occupational Health and Safety Standards Act; and

Health and Nuisances

4. In the event the issue of non-compliance comes for hearing before the commissioner, the commissioner may, at the conclusion of the hearing, issue an order for compliance which shall be a final agency action pursuant to the Oklahoma Occupational Health and Safety Standards Act or dismiss the complaint. (Ord. No. N.C. 336, 5/4/87)

The bradenhead shall not be welded except to surface pipe. Bradenheads installed on the surface casing shall be equipped with fittings having a working pressure rating of not less than the pressures which a prudent operator would expect under the conditions known. The bradenhead pressure shall be checked at least once each calendar month, and if pressure is found to exist, proper remedial measures shall be immediately taken to eliminate the source and existence of the pressure.

5. Christmas Tree and Well Head Connections – Pressure Standards: The Christmas tree and well head connections on each well drilled shall have at least a minimum working pressure and a minimum test pressure which meets or exceeds the highest of the following three (3) standards:

1. State corporation commission regulations for wells of the applicable depth;
2. Environmental protection agency regulations for wells of the applicable depth;
3. The standards which would be used by a prudent operator for a well of the applicable depth.

7. Valves And Blowout Preventers: No well shall be drilled without properly equipping the surface casing when set with at least one (1) master valve, nor without properly equipping the production casing when set with at least one (1) master valve and one (1) fluid operated ram-type blowout preventer; nor without properly equipping the production casing during completion operations and work over operations with at least one (1) master valve and one (1) fluid operated ram-type blowout preventer. On each well drilled, a valve cock or kelly cock shall be installed on the kelly used. Each blowout preventer shall test one thousand (1,000)

Pits used only as reserve shall be permitted to be earthen pits, fully lined with plastic, at least six (6) mils thick, into which only non-deleterious substances may be disposed. Both deleterious and non-deleterious substances shall be removed to a proper disposal facility within fifteen (15) days after completion of the well. No earthen or steel reserve pit shall be located within six hundred sixty feet (660') of any developed area, park, school, church, public building, or place of public assembly.

10. Salt Water Disposal: No salt water in any amount shall be stored behind any earthen dam or in any surface pond. Cleanup After Completion: Upon the completion of each well, the slush pits shall be filled level with the surface of the ground as soon as practical operation will permit, and debris, oil and basic sediment about the well shall be cleaned and removed from the area, the landscape will be left in a suitable manner and grass will be restored.

14. Applicable Laws and Industry Standards: Unless a more stringent requirement is set forth in this Chapter, any and all operations shall otherwise be conducted and carried out in full compliance with any applicable laws, rules and/or regulations, and (unless in conflict with such applicable laws) in compliance with industry standards.

In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the district court upon application or notice to the administrative officer in charge of the enforcement of the terms and provisions of the zoning ordinance, and upon notice to the chairman of the board from which the appeal is taken, and, upon due cause being shown, the court may reverse or affirm, wholly or partly, or modify the decision brought up for review. F. Where a residential subdivision abuts or contains an existing or proposed major thoroughfare, the planning commission shall require:

1. Marginal access streets;

2. Reverse frontage with screen planting contained in a non-access reservation along the rear property line;

3. Deep lots with rear service streets; or

4. Such other treatment as may be necessary for the adequate protection and stabilization of residential properties and to afford separation of through and local traffic. (Prior Code, Sec. 18-15)

SECTION 12-411 RELATION TO OTHER LIMITED RIGHTS-OF-WAY

Where a subdivision borders on or contains a railroad right-of-way or limited access highway, the planning commission may require a street approximately parallel to and on each side of such right-of-way. (Prior Code, Sec. 18-15)

SECTION 12-501 STATUTORY AUTHORIZATION

The Legislature of the State of Oklahoma has in the Oklahoma Floodplain Management Act, Sections 1601 through 1620.1 of Title 82 of the Oklahoma Statutes, delegated the responsibility of local governmental units to adopt regulations designed to minimize flood losses. Therefore, the City Council of the City of Atoka, Oklahoma, does hereby ordain that these Flood Damage Prevention Ordinances as set forth herein, including Sections 12-501 through 12-524, and any lawfully enacted amendments thereto, be hereby enacted and effective on July 21, 2021.

SECTION 12-502 FINDINGS OF FACT

1. The flood hazard areas of the City of Atoka are subject to periodic inundation, which results in loss of life and property, health and safety hazards, disruption of commerce and governmental services, and extraordinary public expenditures for flood protection and relief, all of which adversely affect the public health, safety and general welfare.

Planning, Zoning and Development

2. These flood losses are created by the cumulative effect of obstructions in floodplains which cause an increase in flood heights and velocities, and by the occupancy of flood hazard areas by uses vulnerable to floods and hazardous to other lands because they are inadequately elevated, floodproofed or otherwise protected from flood damage.

SECTION 12-503 STATEMENT OF PURPOSE

It is the purpose of these Flood Damage Prevention Ordinances to promote the public health, safety and general welfare and to minimize public and private losses due to flood conditions in specific areas by provisions designed to:

1. Protect human life and health;
2. Minimize expenditure of public money for costly flood control projects;
3. Minimize the need for rescue and relief efforts associated with flooding and generally undertaken at the expense of the general public;
4. Minimize prolonged business interruptions;
5. Minimize damage to public facilities and utilities such as water and gas mains, electric, telephone and sewer lines, streets and bridges located in floodplains;
6. Help maintain a stable tax base by providing for the sound use and development of flood-prone areas in such a manner as to minimize future flood blight areas; and
7. Insure that potential buyers are notified that property is in a flood area.

SECTION 12-504 METHODS OF REDUCING FLOOD LOSSES

In order to accomplish its purposes, these Flood Damage Prevention Ordinances use the following methods:

1. Restrict or prohibit uses that are dangerous to health, safety or property in times of flood, or cause excessive increases in flood heights or velocities;
2. Require that uses vulnerable to floods, including facilities which serve such uses, be protected against flood damage at the time of initial construction;
3. Control the alteration of natural floodplains, stream channels, and natural protective barriers, which are involved in the accommodation of flood waters;
4. Control filling, grading, dredging and other development which may increase flood damage;

Planning, Zoning and Development

5. Prevent or regulate the construction of flood barriers which will unnaturally divert flood waters or which may increase flood hazards to other lands.

SECTION 12-505 DEFINITIONS

Unless specifically defined below, words or phrases used in these Flood Damage Prevention Ordinances shall be interpreted to give them the meaning they have in common usage and to give this ordinance its most reasonable application.

1. “Accessory structure” – Structures which are on the same parcel of property as the principle structure and the use of which is incidental to the use of the principal structure, but not limited to garages and storage sheds.

2. “Alluvial fan flooding” - means flooding occurring on the surface of an alluvial fan or similar landform which originates at the apex and is characterized by high-velocity flows; active processes of erosion, sediment transport, and deposition; and unpredictable flow paths.

3. “Apex” - means a point on an alluvial fan or similar landform below which the flow path of the major stream that formed the fan becomes unpredictable and alluvial fan flooding can occur.

4. “Area of future conditions flood hazard” – means the land area that would be inundated by the 1-percent-annual chance (100 year) flood based on future conditions hydrology.

5. “Area of shallow flooding” - means a designated AO, AH, AR/AO, AR/AH, or VO zone on a community's Flood Insurance Rate Map (FIRM) with a 1 percent or greater annual chance of flooding to an average depth of 1 to 3 feet where a clearly defined channel does not exist, where the path of flooding is unpredictable and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow.

6. “Area of special flood hazard” - is the land in the floodplain within a community subject to a 1 percent or greater chance of flooding in any given year. The area may be designated as Zone A on the Flood Hazard Boundary Map (FHBM). After detailed rate making has been completed in preparation for publication of the FIRM, Zone A usually is refined into Zones A, AO, AH, A1-30, AE, A99, AR, AR/A1-30, AR/AE, AR/AO, AR/AH, AR/A, VO, V1-30, VE or V.

7. “Base flood” - means the flood having a 1 percent chance of being equaled or exceeded in any given year.

8. “Base flood elevation” - The elevation shown on the Flood Insurance Rate Map (FIRM) and found in the accompanying Flood Insurance Study (FIS) for zones A, AE, AH, A1-30 and AR that indicates the water surface elevation resulting from the flood that has a 1% chance of equaling or exceeding in any given year – also called the base flood.

Planning, Zoning and Development

9. “Basement” - means any area of the building having its floor subgrade (below ground level) on all sides.

10. “Breakaway wall” – means a wall that is not part of the structural support of the building and is intended through its design and construction to collapse under specific lateral loading forces, without causing damage to the elevated portion of the building or supporting foundation system.

11. “Critical feature” - means an integral and readily identifiable part of a flood protection system, without which the flood protection provided by the entire system would be compromised.

12. “Development” - means any man-made change to improved and unimproved real estate, including but not limited to buildings or other structures, mining, dredging, filling, grading, paving, excavation or drilling operations or storage of equipment or materials.

13. “Elevated building” – means, for insurance purposes, a non-basement building, which has its lowest elevated floor, raised above ground level by foundation walls, shear walls, posts, piers, pilings, or columns.

14. “Existing construction” - means for the purposes of determining rates, structures for which the "start of construction" commenced before the effective date of the FIRM or before January 1, 1975, for FIRMs effective before that date. "Existing construction" may also be referred to as "existing structures."

15. “Existing manufactured home park or subdivision” - means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including, at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed before the effective date of the floodplain management regulations adopted by a community.

16. “Expansion to an existing manufactured home park or subdivision” - means the preparation of additional sites by the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads).

17. “Flood or flooding” - means a general and temporary condition of partial or complete inundation of normally dry land areas from:

- a. the overflow of inland or tidal waters.
- b. the unusual and rapid accumulation or runoff of surface waters from any source.

Planning, Zoning and Development

19. “Flood elevation study” – means an examination, evaluation and determination of flood hazards and, if appropriate, corresponding water surface elevations, or an examination, evaluation and determination of mudslide (i.e., mudflow) and/or flood-related erosion hazards.
20. “Flood Insurance Rate Map (FIRM)” - means an official map of a community, on which the Federal Emergency Management Agency has delineated both the special flood hazard areas and the risk premium zones applicable to the community.
21. “Flood Insurance Study (FIS)” – see *Flood Elevation Study*
22. “Floodplain or flood-prone area” - means any land area susceptible to being inundated by water from any source (see definition of flooding).
23. “Floodplain management” - means the operation of an overall program of corrective and preventive measures for reducing flood damage, including but not limited to emergency preparedness plans, flood control works and floodplain management regulations.
24. “Floodplain management regulations” - means zoning ordinances, subdivision regulations, building codes, health regulations, special purpose ordinances (such as a floodplain ordinance, grading ordinance and erosion control ordinance) and other applications of police power. The term describes such state or local regulations, in any combination thereof, which provide standards for the purpose of flood damage prevention and reduction.
25. “Flood protection system” - means those physical structural works for which funds have been authorized, appropriated, and expended and which have been constructed specifically to modify flooding in order to reduce the extent of the area within a community subject to a "special flood hazard" and the extent of the depths of associated flooding. Such a system typically includes hurricane tidal barriers, dams, reservoirs, levees or dikes. These specialized flood modifying works are those constructed in conformance with sound engineering standards.
26. “Flood proofing” - means any combination of structural and non-structural additions, changes, or adjustments to structures which reduce or eliminate flood damage to real estate or improved real property, water and sanitary facilities, structures and their contents.
27. “Floodway” – see *Regulatory Floodway*
28. “Functionally dependent use” - means a use, which cannot perform its intended purpose unless it is located or carried out in close proximity to water. The term includes only docking facilities, port facilities that are necessary for the loading and unloading of cargo or passengers, and ship building and ship repair facilities, but does not include long-term storage or related manufacturing facilities.
29. “Highest adjacent grade” - means the highest natural elevation of the ground surface prior to construction next to the proposed walls of a structure.

Planning, Zoning and Development

30. “Historic structure” - means any structure that is:

 - b. Certified or preliminarily determined by the Secretary of the Interior as contributing to the historical significance of a registered historic district or a district preliminarily determined by the Secretary to qualify as a registered historic district;
 - c. Individually listed on a state inventory of historic places in states with historic preservation programs which have been approved by the Secretary of the Interior; or
 - d. Individually listed on a local inventory of historic places in communities with historic preservation programs that have been certified either:
 1. By an approved state program as determined by the Secretary of the Interior or;
 2. Directly by the Secretary of the Interior in states without approved programs.
31. “Levee” - means a man-made structure, usually an earthen embankment, designed and constructed in accordance with sound engineering practices to contain, control, or divert the flow of water so as to provide protection from temporary flooding.
32. “Levee system” - means a flood protection system which consists of a levee, or levees, and associated structures, such as closure and drainage devices, which are constructed and operated in accordance with sound engineering practices.
33. “Lowest floor” - means the lowest floor of the lowest enclosed area (including basement). An unfinished or flood resistant enclosure, usable solely for parking or vehicles, building access or storage in an area other than a basement area is not considered a building's lowest floor; provided that such enclosure is not built so as to render the structure in violation of the applicable non-elevation design requirement of Section 60.3 of the National Flood Insurance Program regulations.
34. “Manufactured home” - means a structure transportable in one or more sections, which is built on a permanent chassis and is designed for use with or without a permanent foundation when connected to the required utilities. The term "manufactured home" does not include a "recreational vehicle".

Planning, Zoning and Development

36. “Mean sea level” - means, for purposes of the National Flood Insurance Program, the National Geodetic Vertical Datum (NGVD) of 1929 or the North American Vertical Datum (NAVD) of 1988, to which base flood elevations shown on a community's Flood Insurance Rate Map are referenced.

37. “New construction” - means, for the purpose of determining insurance rates, structures for which the "start of construction" commenced on or after the effective date of an initial FIRM or after December 31, 1974, whichever is later, and includes any subsequent improvements to such structures. For floodplain management purposes, "new construction" means structures for which the "start of construction" commenced on or after the effective date of a floodplain management regulation adopted by a community and includes any subsequent improvements to such structures.

38. “New manufactured home park or subdivision” - means a manufactured home park or subdivision for which the construction of facilities for servicing the lots on which the manufactured homes are to be affixed (including at a minimum, the installation of utilities, the construction of streets, and either final site grading or the pouring of concrete pads) is completed on or after the effective date of floodplain management regulations adopted by a community.

39. “Recreational vehicle” - means a vehicle which is (i) built on a single chassis; (ii) 400 square feet or less when measured at the largest horizontal projections; (iii) designed to be self-propelled or permanently towable by a light duty truck; and (iv) designed primarily not for use as a permanent dwelling but as temporary living quarters for recreational, camping, travel, or seasonal use.

42. “Special Flood Hazard Area” – see *Area of Special Flood Hazard*

43. “Start of construction” - (for other than new construction or substantial improvements under the Coastal Barrier Resources Act (Pub. L. 97-348)), includes substantial improvement and means the date the building permit was issued, provided the actual start of construction, repair, reconstruction, rehabilitation, addition placement, or other improvement was within 180 days of the permit date. The actual start means either the first placement of permanent construction of a structure on a site, such as the pouring of slab or footings, the installation of piles, the construction of columns, or any work beyond the stage of excavation; or the placement of a manufactured home on a foundation. Permanent construction does not include land preparation, such as clearing, grading and filling; nor does it include the installation of streets and/or walkways; nor does it include excavation for basement, footings, piers or foundations or the erection of temporary forms; nor does it include the installation on the property of accessory buildings, such as garages or sheds not occupied as dwelling units or not part of the main

Planning, Zoning and Development

structure. For a substantial improvement, the actual start of construction means the first alteration of any wall, ceiling, floor, or other structural part of a building, whether or not that alteration affects the external dimensions of the building.

44. “Structure” – means, for floodplain management purposes, a walled and roofed building, including a gas or liquid storage tank, that is principally above ground, as well as a manufactured home.

45. “Substantial damage” - means damage of any origin sustained by a structure whereby the cost of restoring the structure to its before damaged condition would equal or exceed 50 percent of the market value of the structure before the damage occurred.

46. “Substantial improvement” - means any reconstruction, rehabilitation, addition, or other improvement of a structure, the cost of which equals or exceeds 50 percent of the market value of the structure before "start of construction" of the improvement. This term includes structures which have incurred "substantial damage", regardless of the actual repair work performed. The term does not, however, include either: (1) Any project for improvement of a structure to correct existing violations of state or local health, sanitary, or safety code specifications which have been identified by the local code enforcement official and which are the minimum necessary to assure safe living conditions or (2) Any alteration of a "historic structure", provided that the alteration will not preclude the structure's continued designation as a "historic structure."

48. “Violation” - means the failure of a structure or other development to be fully compliant with the community's floodplain management regulations. A structure or other development without the elevation certificate, other certifications, or other evidence of compliance required in Section 60.3(b)(5), (c)(4), (c)(10) or (d)(3) is presumed to be in violation until such time as that documentation is provided.

49. “Water surface elevation” - means the height, in relation to the National Geodetic Vertical Datum (NGVD) of 1929 or the North American Vertical Datum (NAVD) of 1988, of floods of various magnitudes and frequencies in floodplains.

SECTION 12-506 LANDS TO WHICH THIS ORDINANCE APPLIES

These Flood Damage Prevention Ordinances shall apply to all areas of special flood hazard with the jurisdiction of the City of Atoka.

SECTION 12-507 BASIS FOR ESTABLISHING THE AREAS OF SPECIAL FLOOD HAZARD

Planning, Zoning and Development

The areas of special flood hazard identified by the Flood Insurance Rate Maps (FIRM Panel) Number dated 400008 0005C dated 11/16/1995 for City of Atoka, OK, Atoka County are hereby adopted by reference and declared to be a part of these Flood Damage Prevention Ordinances.

SECTION 12-508 ESTABLISHMENT OF DEVELOPMENT PERMIT

A Floodplain Development Permit shall be required to ensure conformance with the provisions of this ordinance.

SECTION 12-509 COMPLIANCE

No structure or land shall hereafter be located, altered, or have its use changed without full compliance with the terms of this ordinance and other applicable regulations.

SECTION 12-510 ABROGATION AND GREATER RESTRICTIONS

These Flood Damage Prevention Ordinances are not intended to repeal, abrogate, or impair any existing easements, covenants, or deed restrictions. However, where these ordinances and other ordinances, easements, covenants, or deed restrictions conflict or overlap, whichever imposes the more stringent restrictions shall prevail.

SECTION 12-511 INTERPRETATION

In the interpretation and application of these Flood Damage Prevention Ordinances, all provisions shall be; (1) considered as minimum requirements; (2) liberally construed in favor of the governing body; and (3) deemed neither to limit nor repeal any other powers granted under State statutes.

SECTION 12-512 WARNING AND DISCLAIMER OR LIABILITY

The degree of flood protection required by these Flood Damage Prevention Ordinances is considered reasonable for regulatory purposes and is based on scientific and engineering considerations. On rare occasions greater floods can and will occur and flood heights may be increased by man-made or natural causes. These Flood Damage Prevention Ordinances do not imply that land outside the areas of special flood hazards or uses permitted within such areas will be free from flooding or flood damages. These Flood Damage Prevention Ordinances shall not create liability on the part of the community or any official or employee thereof for any flood damages that result from reliance on this ordinance or any administrative decision lawfully made hereunder.

SECTION 12-513 DESIGNATION OF THE FLOODPLAIN ADMINISTRATOR

The Emergency Management Director is hereby appointed the Floodplain Administrator to administer and implement the provisions of these Flood Damage Prevention Ordinances and

Planning, Zoning and Development

other appropriate sections of 44 CFR (Emergency Management and Assistance - National Flood Insurance Program Regulations) pertaining to floodplain management.

SECTION 12-514 DUTIES AND RESPONSIBILITIES OF THE FLOODPLAIN ADMINISTRATOR

Duties and responsibilities of the Floodplain Administrator shall include, but not be limited to, the following:

1. Maintain and hold open for public inspection all records pertaining to the provisions of this ordinance.
2. Review permit applications to determine whether to ensure that the proposed building site projects, including the placement of manufactured homes, will be reasonably safe from flooding.
3. Review, approve or deny all applications for development permits required by adoption of these Flood Damage Prevention Ordinances.
4. Review permits for proposed development to assure that all necessary permits have been obtained from those Federal, State or local governmental agencies (including Section 404 of the Federal Water Pollution Control Act Amendments of 1972, 33 U.S.C. 1334) from which prior approval is required.
5. Where interpretation is needed as to the exact location of the boundaries of the areas of special flood hazards (for example, where there appears to be a conflict between a mapped boundary and actual field conditions) the Floodplain Administrator shall make the necessary interpretation.
6. Notify, in riverine situations, adjacent communities and the Oklahoma Water Resources Board prior to any alteration or relocation of a watercourse, and submit evidence of such notification to the Federal Emergency Management Agency.
7. Assure that the flood carrying capacity within the altered or relocated portion of any watercourse is maintained.
8. When base flood elevation data has not been provided in accordance with Section 12-507, the Floodplain Administrator shall obtain, review and reasonably utilize any base flood elevation data and floodway data available from a Federal, State or other source, in order to administer the provisions for flood hazard reduction.
9. When a regulatory floodway has not been designated, the Floodplain Administrator must require that no new construction, substantial improvements, or other development (including fill) shall be permitted within Zones A1-30 and AE on the community's FIRM, unless it is demonstrated that the cumulative effect of the proposed development, when

Planning, Zoning and Development

combined with all other existing and anticipated development, will not increase the water surface elevation of the base flood more than one foot at any point within the community.

10. Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program regulations, a community may approve certain development in Zones A1-30, AE, AH, on the community's FIRM which increases the water surface elevation of the base flood by more than 1 foot, provided that the community first completes all of the provisions required by Section 65.12.

11. Become accredited by the OWRB in accordance with Title 82 O.S. §§ 1601-1620, as amended.

12. After a disaster or other type of damage occurrence to structures in the community of Atoka, determine if the residential and non-residential structures and manufactured homes have been substantially damaged, and enforce the substantial improvement requirement.

13. Maintain a record of all actions involving an appeal from a decision of the Board of Trustees.

SECTION 12-515 PERMIT PROCEDURES

1. Application for a Floodplain Development Permit shall be presented to the Floodplain Administrator on forms furnished by him/her and may include, but not be limited to, plans in duplicate drawn to scale showing the location, dimensions, and elevation of proposed landscape alterations, existing and proposed structures, including the placement of manufactured homes, and the location of the foregoing in relation to areas of special flood hazard. Additionally, the following information is required:

a. Elevation (in relation to mean sea level), of the lowest floor (including basement) of all new and substantially improved structures;

b. Elevation in relation to mean sea level to which any nonresidential structure shall be floodproofed;

c. A certificate from a registered professional engineer or architect that the nonresidential floodproofed structure shall meet the floodproofing criteria of Section 12-518;

d. Description of the extent to which any watercourse or natural drainage will be altered or relocated as a result of proposed development;

e. Maintain a record of all such information in accordance with Section 12-514;

Planning, Zoning and Development

2. Approval or denial of a Floodplain Development Permit by the Floodplain Administrator shall be based on all of the provisions of this ordinance and the following relevant factors:

- a. The danger to life and property due to flooding or erosion damage;
- b. The susceptibility of the proposed facility and its contents to flood damage and the effect of such damage on the individual owner;
- c. The danger that materials may be swept onto other lands to the injury of others;
- d. The compatibility of the proposed use with existing and anticipated development;
- e. The safety of access to the property in times of flood for ordinary and emergency vehicles;
- f. The costs of providing governmental services during and after flood conditions including maintenance and repair of streets and bridges, and public utilities and facilities such as sewer, gas, electrical and water systems;
- g. The expected heights, velocity, duration, rate of rise and sediment transport of the floodwaters and the effects of wave action, if applicable, expected at the site;
- h. The necessity to the facility of a waterfront location, where applicable;
- i. The availability of alternative locations, not subject to flooding or erosion damage, for the proposed use.

SECTION 12-516 VARIANCE PROCEDURES

1. The Appeal Board, as established by the community, shall hear and render judgment on requests for variances from the requirements of these Flood Damage Prevention Ordinances.

2. The Appeal Board shall hear and render judgment on an appeal only when it is alleged there is an error in any requirement, decision, or determination made by the Floodplain Administrator in the enforcement or administration of these Flood Damage Prevention Ordinances.

3. Any person or persons aggrieved by the decision of the Appeal Board may appeal such decision in the courts of competent jurisdiction.

4. The Floodplain Administrator shall maintain a record of all actions involving an appeal and shall report variances to the Federal Emergency Management Agency upon request.

Planning, Zoning and Development

5. Variances may be issued for the reconstruction, rehabilitation or restoration of structures listed on the National Register of Historic Places or the State Inventory of Historic Places, without regard to the procedures set forth in the remainder of these Flood Damage Prevention Ordinances.

6. Variances may be issued for new construction and substantial improvements to be erected on a lot of 1/2 acre or less in size contiguous to and surrounded by lots with existing structures constructed below the base flood level, providing the relevant factors in Section 12-515 of this Chapter have been fully considered. As the lot size increases beyond the 1/2 acre, the technical justification required for issuing the variance increases.

7. Upon consideration of the factors noted above and the intent of these Flood Damage Prevention Ordinances, the Appeal Board may attach such conditions to the granting of variances as it deems necessary to further the purpose and objectives of these Flood Damage Prevention Ordinances (Section 12-503).

8. Variances shall not be issued within any designated floodway if any increase in flood levels during the base flood discharge would result.

9. Variances may be issued for the repair or rehabilitation of historic structures upon a determination that the proposed repair or rehabilitation will not preclude the structure's continued designation as a historic structure and the variance is the minimum necessary to preserve the historic character and design of the structure.

10. Prerequisites for granting variances:

a. Variances shall only be issued upon a determination that the variance is the minimum necessary, considering the flood hazard, to afford relief.

b. Variances shall only be issued upon: (i) showing a good and sufficient cause; (ii) a determination that failure to grant the variance would result in exceptional hardship to the applicant, and (iii) a determination that the granting of a variance will not result in increased flood heights, additional threats to public safety, extraordinary public expense, create nuisances, cause fraud on or victimization of the public, or conflict with existing local laws or ordinances.

c. Any application to which a variance is granted shall be given written notice that the structure will be permitted to be built with the lowest floor elevation below the base flood elevation, and that the cost of flood insurance will be commensurate with the increased risk resulting from the reduced lowest floor elevation.

11. Variances may be issued by a community for new construction and substantial improvements and for other development necessary for the conduct of a functionally dependent use provided that (i) the criteria outlined in Section 12-516 are met, and (ii) the structure or other development is protected by methods that minimize flood damages during the base flood and create no additional threats to public safety.

Planning, Zoning and Development

SECTION 12-517 GENERAL STANDARDS, FLOOD HAZARD REDUCTION

In all areas of special flood hazards the following provisions are required for all new construction and substantial improvements:

1. All new construction or substantial improvements shall be designed (or modified) and adequately anchored to prevent flotation, collapse or lateral movement of the structure resulting from hydrodynamic and hydrostatic loads, including the effects of buoyancy;
2. All new construction or substantial improvements shall be constructed by methods and practices that minimize flood damage;
3. All new construction or substantial improvements shall be constructed with materials resistant to flood damage;
4. All new construction or substantial improvements shall be constructed with electrical, heating, ventilation, plumbing, and air conditioning equipment and other service facilities that are designed and/or located so as to prevent water from entering or accumulating within the components during conditions of flooding;
5. All new and replacement water supply systems shall be designed to minimize or eliminate infiltration of flood waters into the system;
6. New and replacement sanitary sewage systems shall be designed to minimize or eliminate infiltration of flood waters into the system and discharge from the systems into flood waters; and,
7. On-site waste disposal systems shall be located to avoid impairment to them or contamination from them during flooding.

SECTION 12-518 SPECIFIC STANDARDS

In all areas of special flood hazards where base flood elevation data has been provided as set forth in (i) Section 12-507, (ii) Section 12-514, or (iii) Section 12-519, the following provisions are required:

1. Residential Construction - new construction and substantial improvement of any residential structure shall have the lowest floor (including basement), elevated at or above the base flood elevation. A registered professional engineer, architect, or land surveyor shall submit a certification to the Floodplain Administrator that the standard of this subsection as proposed in Section 12-515 is satisfied.
2. Nonresidential Construction - new construction and substantial improvements of any commercial, industrial or other nonresidential structure shall either have the lowest floor (including basement) elevated at or above the base flood level or together with attendant utility and sanitary facilities, be designed so that below the base flood level the structure is watertight

Planning, Zoning and Development

with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads and effects of buoyancy. A registered professional engineer or architect shall develop and/or review structural design, specifications, and plans for the construction, and shall certify that the design and methods of construction are in accordance with accepted standards of practice as outlined in this subsection. A record of such certification which includes the specific elevation (in relation to mean sea level) to which such structures are floodproofed shall be maintained by the Floodplain Administrator.

3. Enclosures - new construction and substantial improvements, with fully enclosed areas below the lowest floor that are usable solely for parking of vehicles, building access or storage in an area other than a basement and which are subject to flooding shall be designed to automatically equalize hydrostatic flood forces on exterior walls by allowing for the entry and exit of floodwaters. Designs for meeting this requirement must either be certified by a registered professional engineer or architect or meet or exceed the following minimum criteria:

a. A minimum of two openings on separate walls having a total net area of not less than 1 square inch for every square foot of enclosed area subject to flooding shall be provided.

b. The bottom of all openings shall be no higher than 1 foot above grade.

c. Openings may be equipped with screens, louvers, valves, or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

4. Manufactured Homes –

a. Require that all manufactured homes to be placed within Zone A on a community's FHBM or FIRM shall be installed using methods and practices which minimize flood damage. For the purposes of this requirement, manufactured homes must be elevated and anchored to resist flotation, collapse, or lateral movement. Methods of anchoring may include, but are not limited to, use of over-the-top or frame ties to ground anchors. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces.

b. Require that manufactured homes that are placed or substantially improved within Zones A1-30, AH, and AE on the community's FIRM on sites (i) outside of a manufactured home park or subdivision, (ii) in a new manufactured home park or subdivision, (iii) in an expansion to an existing manufactured home park or subdivision, or (iv) in an existing manufactured home park or subdivision on which a manufactured home has incurred "substantial damage" as a result of a flood, be elevated on a permanent foundation such bottom of the I-beam of the manufactured home is elevated at or above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement. This requirement is in addition to applicable State and local anchoring requirements for resisting wind forces. The home shall be installed by a licensed installer according to Oklahoma state law and compliance herewith shall be certified in writing to the Floodplain Administrator by said installer prior to habitation of the manufactured home.

Planning, Zoning and Development

c. Require that manufactured homes be placed or substantially improved on sites in an existing manufactured home park or subdivision with Zones A1-30, AH and AE on the community's FIRM that are not subject to the provisions of paragraph (4) of this section be elevated on a permanent foundation such that the bottom of the I-beam of the manufactured home is elevated at or above the base flood elevation and be securely anchored to an adequately anchored foundation system to resist flotation, collapse, and lateral movement.

5. Recreational Vehicles – Require that recreational vehicles placed on sites within Zones A, A1-30, AH and AE on the Community name FIRM either:

a. Be on the site for fewer than 180 consecutive days, or

b. Be fully licensed and ready for highway use, or

c. Meet the permit requirements of Section 12-515, and the elevation and anchoring requirements for "manufactured homes" in paragraph (4) of this section. A recreational vehicle is ready for highway use if it is on its wheels or jacking system, is attached to the site only by quick disconnect type utilities and security devices, and has no permanently attached additions.

6. Accessory Structure – Accessory structures to be placed on sites within Zones A and AE on the City of Atoka FIRM shall comply with the following:

a. The structure shall be used only for parking and limited storage;

b. The structure shall not be used for human habitation. Prohibited activities or uses include but are not limited to working, sleeping, living, cooking, or restroom use;

c. The structure shall be unfinished on the interior.

d. Structures shall be small in size, not exceed 600 square feet in size.

e. Structures exceeding 600 square feet in size will be required to meet all applicable standards of Section 12-508, Section 12-516, Section 12-517 and Section 12-518, including relevant subsections.

f. Service facilities such as electrical and heating equipment must be elevated to or above the BFE plus one (1) foot Freeboard;

g. The structure shall be constructed and placed on the building site so as to offer the minimum resistance to the flow of floodwaters;

h. The structure shall be considered low in value, designed to have low flood damage potential and constructed with flood resistance materials;

i. The structure shall be firmly anchored to prevent flotation, collapse, and lateral movement;

Planning, Zoning and Development

- j. Floodway requirements must be met in the construction of the structure;
- k. Openings to relieve hydrostatic pressure during a flood shall be provided below the BFE; and be placed on opposing walls with the net area of not less than 1 square inch for every square foot of the size of the footprint of the structure (Flood Vents);
- l. The Openings (Flood Vents) shall be located no higher than 1 foot above grade;
- m. The openings may be equipped with screens, louvers, valves or other coverings or devices provided that they permit the automatic entry and exit of floodwaters.

SECTION 12-519 STANDARDS FOR SUBDIVISION PROPOSALS

- 1. All subdivision proposals including the placement of manufactured home parks and subdivisions shall be consistent with Section 12-502, Section 12-503, and Section 12-504 of these Flood Damage Prevention Ordinances.
- 2. All proposals for the development of subdivisions including the placement of manufactured home parks and subdivisions shall meet Floodplain Development Permit requirements of Section 12-508; Section 12-515; and the provisions for flood hazard reduction of these Flood Damage Prevention Ordinances.
- 3. Base flood elevation data shall be generated for subdivision proposals and other proposed development including the placement of manufactured home parks and subdivisions which is greater than 50 lots or 5 acres, whichever is lesser, if not otherwise provided pursuant to Section 12-507 or Section 12-514 of these Flood Damage Prevention Ordinances.
- 4. All subdivision proposals including the placement of manufactured home parks and subdivisions shall have adequate drainage provided to reduce exposure to flood hazards.
- 5. All subdivision proposals including the placement of manufactured home parks and subdivisions shall have public utilities and facilities such as sewer, gas, electrical and water systems located and constructed to minimize or eliminate flood damage.

SECTION 12-520 STANDARDS FOR AREAS OF SHALLOW FLOODING (AO/AH ZONES)

Located within the areas of special flood hazard established in Section 12-507, are areas designated as shallow flooding. These areas have special flood hazards associated with flood depths of 1 to 3 feet where a clearly defined channel does not exist, where the path of flooding is unpredictable, and where velocity flow may be evident. Such flooding is characterized by ponding or sheet flow; therefore, the following provisions apply:

- 1. All new construction and substantial improvements of residential structures have the lowest floor (including basement) elevated at or above the base flood elevation or the highest

Planning, Zoning and Development

adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least 2 feet if no depth number is specified).

2. All new construction and substantial improvements of non-residential structures;
 - a. have the lowest floor (including basement) elevated at or above the base flood elevation or the highest adjacent grade at least as high as the depth number specified in feet on the community's FIRM (at least 2 feet if no depth number is specified), or
 - b. together with attendant utility and sanitary facilities be designed so that below the base specified flood depth in an AO Zone, or below the Base Flood Elevation in an AH Zone, level the structure is watertight with walls substantially impermeable to the passage of water and with structural components having the capability of resisting hydrostatic and hydrodynamic loads of effects of buoyancy.
3. A registered professional engineer or architect shall submit a certification to the Floodplain Administrator that the standards of this Section, as proposed in Section 12-515 are satisfied.
4. Require within Zones AH or AO adequate drainage paths around structures on slopes, to guide flood waters around and away from proposed structures.

SECTION 12-521 FLOODWAYS

Floodways - located within areas of special flood hazard established in Section 12-507, are areas designated as floodways. Since the floodway is an extremely hazardous area due to the velocity of flood waters which carry debris, potential projectiles and erosion potential, the following provisions shall apply:

1. Encroachments are prohibited, including fill, new construction, substantial improvements and other development within the adopted regulatory floodway unless it has been demonstrated through hydrologic and hydraulic analyses performed in accordance with standard engineering practice that the proposed encroachment would not result in any increase in flood levels within the community during the occurrence of the base flood discharge.
2. If Section 12-521(1) above is satisfied, all new construction and substantial improvements shall comply with all applicable flood hazard reduction provisions.
3. Under the provisions of 44 CFR Chapter 1, Section 65.12, of the National Flood Insurance Program Regulations, a community may permit encroachments within the adopted regulatory floodway that would result in an increase in base flood elevations, provided that the community first completes all of the provisions required by Section 65.12.

SECTION 12-522 SEVERABILITY

If any section, clause, sentence, or phrase of these Flood Damage Prevention Ordinances

Planning, Zoning and Development

are held to be invalid or unconstitutional by any court of competent jurisdiction, then said holding shall in no way affect the validity of the remaining portions of these Flood Damage Prevention Ordinances.

SECTION 12-523 COMMUNITY OF ATOKA FLOODPLAIN MANAGEMENT FEE SCHEDULE

The City Council of the City of Atoka establishes the following fee schedule not to exceed \$500.00 for any one service:

- a. Notice of Intent Fee-\$25.00
- b. Floodplain Development Permit Application Review-\$100.00
- c. Floodplain Development Permit Fee-\$25.00
- d. Inspection Fee-per inspection-\$25.00
- e. Variance Request Filing Fee-\$25.00

SECTION 12-524 PENALTIES FOR NON COMPLIANCE

No structure or land shall hereafter be constructed, located, extended, converted, or altered without full compliance with the terms of this court order and other applicable regulations. Violation of the provisions of this court order by failure to comply with any of its requirements (including violations of conditions and safeguards established in connection with conditions) shall constitute a misdemeanor. Any person who violates this court order or fails to comply with any of its requirements shall upon conviction thereof be fined not more than \$500.00 or imprisoned for not more than one (1) year, or both, for each violation, and in addition shall pay all costs and expenses involved in the case. Nothing herein contained shall prevent the City of Atoka from taking such other lawful action as is necessary to prevent or remedy any violation.

It is hereby found and declared by the City of Atoka that severe flooding has occurred in the past within its jurisdiction and will certainly occur within the future; that flooding is likely to result in infliction of serious personal injury or death, and is likely to result in substantial injury or destruction of property within its jurisdiction; in order to effectively comply with minimum standards for coverage under the National Flood Insurance Program, and in order to effectively remedy the situation described herein, an emergency is hereby declared to exist, and this ordinance, being necessary for the immediate preservation of the public peace, health and safety, shall be in full force and effect and after its passage and approval.

SECTION 12-601 AIRPORT HAZARDS CONTRARY TO PUBLIC INTEREST

This Ordinance is adopted pursuant to the authority conferred by the Airport Zoning Act, Title 3, Oklahoma Statutes 1991, Section 101 et seq. (The "Act"). It is hereby found that an airport hazard endangers the lives and property of users of Atoka Municipal Airport, and property or occupants of land in its vicinity, and also, if of the obstruction type, in effect reduces the size of the area available for the landing, taking off, and maneuvering of aircraft, thus tending to destroy or impair the utility of Atoka Municipal Airport and the public investment therein. Accordingly, it is hereby declared:

1. That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by Atoka Municipal Airport;
2. That it is therefore necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented; and
3. That the prevention of these airport hazards or obstructions should be accomplished, to the extent legally possible, by the exercise of the police power without compensation.

It is further declared that both the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation or the marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

Planning, Zoning and Development

This Ordinance shall be known and may be cited as the “Atoka Municipal Airport Zoning Ordinance”.

SECTION 12-602 DEFINITIONS

As used in this chapter, the following terms have the meanings as ascribed to them, unless the context otherwise requires:

1. Airport - Atoka Municipal Airport.
2. Airport Elevation - The highest point of an airport’s usable landing area measured in feet from sea level. Atoka Municipal Airport has an elevation of 598’ above mean sea level (MSL), which is the highest point on the usable runway.
3. Airport Hazard - Any structure or tree or use of land that obstructs the airspace required for the flight of aircraft in landing or taking off at Atoka Municipal Airport or is otherwise hazardous to such landing or taking off of aircraft.
4. Airport Hazard Area - Any area of land or water upon which an airport hazard might be established if not prevented as provided in this chapter.
5. Approach Surface - A surface longitudinally centered on the extended runway centerline, extending outward and upward from the end of the primary surface and at the same slope as the approach zone height limitation slope set forth in Section IV of this chapter. In plan, the perimeter of the approach surface coincides with the perimeter of the approach zone.
6. Approach, Transitional, Horizontal, and Conical Zones - These zones are set forth in Section III of this chapter.
7. Board of Adjustment - A Board consisting of five members appointed by the City Council of the City of Atoka as provided by the laws of the State of Oklahoma.
8. Conical Surface - A surface extending outward and upward from the periphery of the horizontal surface at a slope of 20 to 1 for a horizontal distance of 4,000 feet.
9. Hazard to Air Navigation - An obstruction determined to have a substantial adverse effect on the safe and efficient utilization of the navigable airspace.
10. Height - For the purpose of determining the height limits in all zones set forth in this chapter and shown on the zoning map, the datum shall be mean sea level elevation unless otherwise specified.
11. Horizontal Surface - A horizontal plane 150 feet above the established airport elevation, the perimeter of which in plan coincides with the perimeter of the horizontal zone.

Planning, Zoning and Development

12. Nonconforming Use - Any pre-existing structure, object of natural growth, or use of land which is inconsistent with the provisions of this chapter or an amendment thereto.
13. Obstruction - Any structure, growth, or other object, including a mobile object, which exceeds a limiting height set forth in Section IV of this chapter.
14. Person - An individual, firm, partnership, corporation, company, association, joint stock association, or government entity; includes a trustee, a receiver, an assignee, or a similar representative of any of them.
15. Primary Surface - A surface longitudinally centered on a runway. When the runway has a specially prepared hard surface, the primary surface extends 200 feet beyond each end of that runway; for military runways or when the runway has no specially prepared hard surface, or planned hard surface, the primary surface ends at each end of that runway. The width of the primary surface is set forth in Section III of this chapter. The elevation of any point on the primary surface is the same as the elevation of the nearest point on the runway centerline.
16. Runway - A defined area on an airport prepared for landing and takeoff of aircraft along its length.
17. Structure - An object, including a mobile object, constructed or installed by man, including but without limitation, buildings, towers, cranes, smokestacks, earth formation, and overhead transmission lines.
18. Transitional Surfaces - These surfaces extend outward at 90 degree angles to the runway centerline and the runway centerline extended at a slope of seven (7) feet horizontally for each foot vertically from the sides of the primary and approach surfaces to where they intersect the horizontal and conical surfaces. Transitional surfaces for those portions of the precision approach surfaces, which project through and beyond the limits of the conical surface, extend a distance of 5,000 feet measured horizontally from the edge of the approach surface and at 90 degree angles to the extended runway centerline.
19. Tree - Any object of natural growth.
20. Utility Runway - A runway that is constructed for and intended to be used by propeller driven aircraft of 12,500 pounds maximum gross weight and less.
21. Visual Runway - A runway intended solely for the operation of aircraft using visual approach procedures.
22. Zoning Administrator - The Atoka City Clerk or such other City employee(s) as may be so designated by the Atoka Municipal Airport Board.

SECTION 12-603 AIRPORT ZONES

Planning, Zoning and Development

In order to carry out the provisions of this chapter, there are hereby created and established certain zones that include all of the land lying beneath the approach surfaces, transitional surfaces, horizontal surfaces, and conical surfaces as they apply to Atoka Municipal Airport. Such zones are shown on the Atoka Municipal Airport Zoning Map consisting of one sheet, prepared by Leard Bice Reeder, Inc., and dated August 1997, which is attached to this chapter and hereby expressly incorporated herein and made a part hereof. An area located in more than one (1) of the following zones is considered to be only in the zone with the more restrictive height limitation. The various zones are hereby established and defined as follows:

1. Utility Runway Visual Approach Zone - The inner edge of this approach zone coincides with the width of the primary surface and is 250 feet wide. The approach zone expands outward uniformly to a width of 1,250 feet at a horizontal distance of 5,000 feet from the primary surface. Its centerline is the continuation of the centerline of the runway.
2. Transitional Zones - The transitional zones are the areas beneath the transitional surfaces.
3. Horizontal Zone - The horizontal zone is established by swinging arcs of 5,000 feet radii for all runways designated utility or visual and 10,000 feet for all others from the center of each end of the primary surface of each runway and connecting the adjacent arcs by drawing lines tangent to those arcs. The horizontal zone does not include the approach and transitional zones.
4. Conical Zone - The conical zone is established as the area that commences at the periphery of the horizontal zone and extends outward therefrom a horizontal distance of 4,000 feet.

SECTION 12-604 AIRPORT ZONE HEIGHT LIMITATIONS

Except as otherwise provided in this chapter, no structure shall be erected, altered, or maintained, and no tree shall be allowed to grow in any zone created by this chapter to a height in excess of the applicable height limit herein established for such zone. Such applicable height limitations are hereby established for each of the zones in question as follows:

1. Utility Runway Visual Approach Zone - Slopes twenty (20) feet outward for each foot upward beginning at the end of and at the same elevation as the primary surface and extending to a horizontal distance of 5,000 feet along the extended runway centerline.
2. Transitional Zones - Slope seven (7) feet outward for each foot upward beginning at the sides of and at the same elevation as the primary surface and the approach surface, and extending to a height of 150 feet above the airport elevation which is 598 feet above mean sea level. In addition to the foregoing, there are established height limits sloping seven (7) feet outward for each foot upward beginning at the sides of and at the same elevation as the approach surface, and extending to where they intersect the conical surface. Where the precision instrument runway approach zone projects beyond the conical zone, there are established height limits sloping seven (7) feet outward for each foot upward beginning at the sides of and the same

Planning, Zoning and Development

elevation as the approach surface, and extending a horizontal distance of 5,000 feet measured at 90 degree angles to the extended runway centerline.

3. Horizontal Zone - Established at 150 feet above the airport elevation or at a height of 748 feet above mean sea level.

4. Conical Zone - Slopes twenty (20) feet outward for each foot upward beginning at the periphery of the horizontal zone and at 150 feet above the airport elevation and extending to a height of 350 feet above the airport elevation.

5. Excepted Height Limitations - Nothing in this chapter shall be construed as prohibiting the construction or maintenance of any structure, or growth of any tree to a height up to 50 feet above the surface of the land.

SECTION 12-605 USE RESTRICTION

Notwithstanding any other provisions of this chapter, no use may be made of land or water within any zone established by this chapter in such a manner as to create electrical interference with navigational signals or radio communication between the airport and aircraft, make it difficult for pilots to distinguish between airport lights and others, result in glare in the eyes of pilots using the airport, impair visibility in the vicinity of the airport, create bird strike hazards, or otherwise in any way endanger or interfere with the landing, takeoff, or maneuvering of aircraft intending to use the airport.

SECTION 12-606 NONCONFORMING USES

1. Regulations Not Retroactive - The regulations prescribed in this chapter shall not be construed to require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations as of the effective date of this chapter, or otherwise interfere with the continuance of a nonconforming use. Nothing contained herein shall require any change in the construction, alteration, or intended use of any structure, the construction or alteration of which was begun prior to the effective date of this chapter, and is diligently prosecuted.

2. Marking and Lighting - Notwithstanding the preceding provision of this Section, the owner of any existing nonconforming structure or tree is hereby required to permit the installation, operation, and maintenance thereon of such markers and lights as shall be deemed necessary by the Zoning Administrator to indicate to the operators of aircraft in the vicinity of the airport the presence of such airport obstruction. Such markers and lights shall be installed, operated, and maintained at the expense of the City of Atoka.

SECTION 12-607 PERMITS AND FEES

1. Future Uses - Except as specifically provided in a, b, and c hereunder, no material change shall be made in the use of land, no structure shall be erected or otherwise established, and no tree shall be planted in any zone hereby created unless a permit therefor shall have been

Planning, Zoning and Development

applied for and granted upon the prior payment of the appropriate permit fees to be established from time to time. Each application for a permit shall indicate the purpose for which the permit is desired, with sufficient particularity to permit it to be determined whether the resulting use, structure, or tree would conform to the regulations herein prescribed. If such determination is in the affirmative, the permit shall be granted. No permit for a use inconsistent with the provisions of this chapter shall be granted unless a variance has been approved in accordance with Section VI I, 4.

a. In the area lying within the limits of the horizontal zone and conical zone, no permit shall be required for any tree or structure less than seventy-five feet of vertical height above the ground, except when, because of terrain, land contour, or topographic features, such tree or structure would extend above the height limits prescribed for such zones.

b. In areas lying within the limits of the approach zones, but at a horizontal distance of not less than 4,200 feet from each end of the runway, no permit shall be required for any tree or structure less than seventy-five feet of vertical height above the ground, except when such tree or structure would extend above the height limit prescribed for such approach zones.

c. In the areas lying within the limits of the transition zones beyond the perimeter of the horizontal zone, no permit shall be required for any tree or structure less than seventy-five feet of vertical height above the ground, except when such tree or structure, because of terrain, land contour, or topographic features, would extend above the height limit prescribed for such transition zones.

Nothing contained in any of the foregoing exceptions shall be construed as permitting or intending to permit any construction, or alteration of any structure, or growth of any tree in excess of any of the height limits established by this chapter except as set forth in Section IV, 5.

2. Existing Uses - No permit shall be granted that would allow the establishment or creation of an obstruction or permit a nonconforming use, structure, or tree to become a greater hazard to air navigation than it was on the effective date of this chapter or any amendments thereto or than it is when the application for a permit is made. Except as indicated, all applications for such a permit shall be granted.

3. Nonconforming Uses Abandoned or Destroyed - Whenever the Zoning Administrator determines that a nonconforming tree or structure has been abandoned or more than 80 percent torn down, physically deteriorated, or decayed, no permit shall be granted that would allow such structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations.

4. Variances - Any person desiring to erect or increase the height of any structure, or permit the growth of any tree, or use property, not in accordance with the regulations prescribed in this chapter, may apply to the Board of Adjustment for a variance from such regulations. The application for variance shall be accompanied by a determination from the Federal Aviation Administration as to the effect of the proposal on the operation of air navigation facilities and the safe, efficient use of navigable airspace. Such variances shall be allowed where it is duly found

Planning, Zoning and Development

that a literal application or enforcement of the regulations will result in unnecessary hardship and relief granted, will not be contrary to the public interest, will not be an airport hazard or create a hazard to air navigation, will do substantial justice, and will be in accordance with the spirit of this chapter. Additionally, no application for variance to the requirements of this chapter may be considered by the Board of Adjustment unless a copy of the application has been furnished to the Atoka Municipal Airport Board for advice as to the aeronautical effects of the variance. If the Atoka Municipal Airport Board does not respond to the application within fifteen (15) days after receipt, the Board of Adjustment may act on its own to grant or deny said application.

5. Obstruction Marking and Lighting - Any permit or variance granted may, if such action is deemed advisable to effectuate the purpose of this Ordinance and be reasonable in the circumstances, be so conditioned as to require the owner of the structure or tree in question to install, operate, and maintain, at the owner's expense, such markings and lights as may be necessary. If deemed proper by the Board of Adjustment, this condition may be modified to require the owner to permit the City of Atoka at its own expense to install, operate, and maintain the necessary markings and lights.

SECTION 12-608 ENFORCEMENT

It shall be the duty of the Zoning Administrator to administer and enforce the regulations prescribed herein. Applications for permits and variances shall be made to the Zoning Administrator upon a form created for that purpose. Applications required by this chapter to be submitted to the Zoning Administrator shall be promptly considered and granted or denied. Application for action by the Board of Adjustment shall be forthwith transmitted by the Zoning Administrator.

SECTION 12-609 BOARD OF ADJUSTMENT

1. A Board of Adjustment has been created to have and exercise the following powers: (1) to hear and decide appeals where it is alleged there is error in any order, requirement, decision, or determination made by the Zoning Administrator in the enforcement of this Ordinance, (2) to hear and decide special exceptions to the terms of this Chapter upon which such Board of Adjustment under such regulations may be required to pass under this chapter; (3) to authorize in specific cases such variances from the terms of this Chapter as will not be contrary to the public interest, where owing to special conditions a literal enforcement of the provisions of this Chapter will result in unnecessary hardship and so that the spirit of this Chapter shall be observed and substantial justice done; and (4) exceptions and/or variances may only be allowed by the Board of Adjustment only after notice and hearing as provided in Title 11, Oklahoma Statutes 1991, Section 44-108.

2. The Board of Adjustment shall consist of five members appointed by the Atoka City Council and each shall serve for a term of three years until a successor is duly appointed and qualified. Of the members first appointed, one shall be appointed for a term of one year, two for a term of two years, and two for a term of three years. Members shall be removable by the appointing authority for cause, upon written charges, after a public hearing.

Planning, Zoning and Development

3. The Board of Adjustment shall adopt rules for its governance and in harmony with the provisions of this Chapter, the Oklahoma Open Meetings Act and the Oklahoma Open Records Act. Meetings of the Board of Adjustment shall be public and held at the call of the Chairperson and at such other times as the Board of Adjustment may determine. The Chairperson or, in the absence of the Chairperson, the Acting Chairperson may administer oaths and compel the attendance of witnesses. All hearings of the Board of Adjustment shall be public. The Board of Adjustment shall keep minutes of its proceedings showing the vote of each member upon each question; or if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the Zoning Administrator and on due cause shown.

4. The Board of Adjustment shall make written findings of facts and conclusions of law giving the facts upon which it acted and its legal conclusions from such facts in reversing, affirming, or modifying any order, requirement, decision, or determination which properly comes before it under the provisions of this Chapter.

5. The concurring vote of three (3) members of the Board of Adjustment shall be necessary to reverse any order, requirement, decision, or determination of the Zoning Administrator or decide in favor of the applicant on any matter upon which it is required to pass under this Chapter, or to effect any variation to this Chapter.

SECTION 12-610 APPEALS TO THE BOARD OF ADJUSTMENT

1. Any person aggrieved, or any taxpayer affected, by any decision of the Zoning Administrator made in the administration of the Chapter, may appeal to the Board of Adjustment.

2. All appeals hereunder must be taken within thirty (30) days from the date of the decision as provided by the rules of the Board of Adjustment, by filing with the Zoning Administrator a notice of appeal specifying the grounds thereof and by paying a filing fee of \$ at the Office of the Atoka City Clerk at the time the notice is filed. The Zoning Administrator shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

3. An appeal shall stay all proceedings in furtherance of the action appealed from unless the Zoning Administrator certifies to the Board of Adjustment, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would in the opinion of the Zoning Administrator cause imminent peril to life or property. In such case, proceedings shall not be stayed except by order of the Board of Adjustment or notice to the Zoning Administrator and on due cause shown.

4. The Board of Adjustment shall fix a reasonable time for hearing appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing, any party may appear in person or by agent or by attorney.

Planning, Zoning and Development

5. The Board of Adjustment may, in conformity with the provisions of this Chapter, reverse or affirm, in whole or in part, or modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision or determination as may be appropriate under the circumstances.

SECTION 12-611 JUDICIAL REVIEW OF DECISIONS OF BOARD OF ADJUSTMENT

Any person aggrieved, or any taxpayer affected, by any decision of the Board of Adjustment, who is of the opinion that a decision of the Board of Adjustment is illegal, may appeal to the District Court of Atoka County, Oklahoma, in the manner as provided in Title 3, Oklahoma Statutes 1991, Section 111.

SECTION 12-612 PENALTIES AND REMEDIES

Each violation of this Chapter or of any regulation, order, or ruling promulgated hereunder shall constitute a misdemeanor and shall be punishable by a fine of not more than \$ 200.00 or imprisonment for not more than 30 days or both; and each day a violation continues to exist shall constitute a separate offense. In addition, the political subdivisions adopting the regulations contained in this chapter or the Joint Airport, Zoning Board may institute an action to prevent, restrain, correct or abate any violation of the Act, or this Chapter and its regulations or of any order or ruling made in connection with their administration or enforcement, in any court of competent jurisdiction.

SECTION 12-613 CONFLICTING REGULATIONS

Where there exists a conflict between any of the regulations or limitations prescribed in this Chapter and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, and the use of land, or any other matter, the more stringent limitation or requirement shall govern and prevail.

SECTION 12-614 SEVERABILITY

If any of the provisions of this Chapter or the application thereof to any person or circumstances are held invalid, such invalidity shall not affect other provisions or applications of the Chapter which can be given effect without the invalid provision or application, and to this end, the provisions of this Chapter are declared to be severable.

 - a. Vehicular traffic facing the signal is thereby warned that the red or “Stop” signal will be exhibited immediately thereafter, and such vehicular traffic shall not enter or be crossing the intersection or past the signal when the red or “Stop” signal is exhibited; and
 - b. No pedestrian shall enter the roadway or intersection on which the signal controls vehicular traffic until steady red alone is shown;

1. When overtaking and passing another vehicle proceeding in the same direction under the rules governing such movement;
2. When the right half of a roadway is closed to traffic while under construction or repair;
3. Upon a roadway divided into three (3) marked lanes for traffic under the rules applicable thereon; and
4. Upon a roadway designated and sign-posted for one-way traffic.

B. Upon all roadways, any vehicle proceeding at less than the normal speed of traffic at the time and place and under the conditions then existing shall be driven in the right-hand lane when available to traffic, or as close as practicable to the right-hand curb or edge of the roadway, except when overtaking and passing another vehicle proceeding in the same direction or when preparing for a left turn at an intersection or into a private road or driveway.

State Law Reference: Driving and passing regulations, 47 O.S. Secs. 11-301 et seq.

SECTION 15-502 PASSING VEHICLES PROCEEDING IN OPPOSITE DIRECTION.

Drivers of vehicles proceeding in opposite directions shall pass each other to the right. Upon roadways having width for not more than one line of traffic in each direction, each driver shall give to the other at least one-half of the traveled portion of the roadway as nearly as possible. (Prior Code, Chapter 23)

SECTION 15-503 PASSING VEHICLE ON LEFT.

The following rules shall govern the overtaking and passing of vehicles proceeding in the same direction, subject to those limitations, exceptions and special rules hereinafter stated:

1. The driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle; and

2. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. (Prior Code, Chapter 23)

SECTION 15-504 PASSING VEHICLE ON RIGHT.

A. The driver of a vehicle may overtake and pass upon the right of another vehicle only under the following conditions:

1. When the vehicle overtaken is making or about to make a left turn and has so properly signaled for a left turn;
2. Upon a street or highway with unobstructed pavement not occupied by parked vehicles and marked with lines for two (2) or more lanes of traffic in each direction; and
3. Upon a one-way street or upon any roadway on which traffic is restricted to one direction of movement, where the roadway is free from obstructions and of sufficient width for two (2) more lines of moving vehicles.

B. The driver of a vehicle may overtake and pass another vehicle upon the right only under conditions permitting such movement in safety. In no event shall such movement be made by driving off the pavement or main-traveled portion of the roadway. (Prior Code, Chapter 23)

SECTION 15-505 PASSING REQUIREMENTS, DUTY OF OVERTAKEN VEHICLE.

A. No vehicle shall be driven to the left side of the center of the roadway in overtaking and passing another vehicle proceeding in the same direction unless such left side is clearly visible and is free of oncoming traffic for a sufficient distance ahead to permit such overtaking and passing to be completely made without interfering with the safe operation of any vehicle approaching from the opposite direction or any vehicle overtaken. The overtaking vehicle must return to the roadway before coming within one hundred (100) feet of any vehicle approaching from the opposite direction.

B. Except as provided elsewhere in this chapter, the driver of a vehicle overtaking another vehicle proceeding in the same direction shall pass to the left thereof at a safe distance, and shall not again drive to the right side of the roadway until safely clear of the overtaken vehicle.

D. Except when overtaking and passing on the right is permitted, the driver of an overtaken vehicle shall give way to the right in favor of the overtaking vehicle on audible signal, and shall not increase the speed of his vehicle until completely passed by the overtaking vehicle. (Prior Code, Chapter 23)

SECTION 15-506 PASSING PROHIBITED.

A. No vehicle shall at any time be driven to the left side of the roadway under the following conditions:

1. When approaching the crest of a grade or upon a curve in the highway where the driver's view is obstructed within such distance as to create a hazard in the event another vehicle might approach from the opposite direction;

2. When traversing an intersection or railroad grade crossing; or

3. When the view is obstructed upon approaching within one hundred (100) feet of any bridge, viaduct or tunnel.

B. It is a violation to pass on the left by going to the left of the center of the roadway across a double-marked center line for the purpose of passing a vehicle traveling in the same direction.

C. This section shall not apply upon a one-way roadway. (Prior Code, Chapter 23)

SECTION 15-507 DESIGNATION OF NO-PASSING ZONES.

A. The Oklahoma Department of Transportation as regards state and federal highways, and the city manager, subject to direction of the council, as regards all other streets, are authorized to determine those portions of a highway where overtaking and passing or driving to the left of the roadway would be especially hazardous and shall by appropriate signs or markings on the roadway have the beginning and end of such zones indicated. When such signs or markings are in place and clearly visible to an ordinarily observant person, every driver of a vehicle shall obey the directions thereof.

B. Where signs or markings are in place to define a no-passing zone, no driver shall at any time drive to the left side of the roadway within such no-passing zone or on the left side of any pavement striping designed to mark such no-passing zone through its length. (Prior Code, Chapter 23)

The driver may then proceed to pass such school bus at a speed which is reasonable and prudent and with due caution for the safety of such schoolchildren and other occupants after the loading signals are deactivated.

B. Every school bus used for the transportation of schoolchildren shall bear upon the front and rear thereof plainly visible signs containing the words "School Bus" in letters not less than eight (8) inches in height and, in addition, shall be equipped with visual signs meeting the requirements of state law which shall be actuated by the driver of the school bus whenever, but only whenever, such vehicle is stopped on a street or highway for the purpose of receiving or discharging schoolchildren.

C. The driver of a vehicle upon a street or highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in a loading zone which is part of or adjacent to such street or highway and where pedestrians are not permitted to cross the roadway. (Prior Code, Chapter 23)

2. Upon a roadway which is divided into three (3) lanes, a vehicle shall not be driven in the center lane except when overtaking and passing another vehicle where the roadway is clearly visible and such center lane is clear of traffic within a safe distance, or in preparation for a left turn, or where such center lane is at the time allocated exclusively to traffic moving in the direction the vehicle is proceeding and is sign posted to give notice of such allocation; and

3. Official signs may be erected directing slow-moving traffic to use a designated lane or designating those lanes to be used by traffic moving in a particular direction regardless of the center of the roadway, and drivers of vehicles shall obey the directions of every such sign.

C. Where traffic lanes have been marked, no operator of any vehicle shall fail or refuse to keep the vehicle within the boundaries of any such lane except when lawfully passing another vehicle or preparatory to making lawful turning movement or otherwise authorized by ordinance. (Prior Code, Chapter 23)

SECTION 15-510 DRIVING ON DIVIDED HIGHWAYS.

Whenever any highway has been divided into two (2) roadways by leaving an intervening space or by a physical barrier or clearly indicated divided section so constructed as to impede

vehicular traffic, every vehicle shall be driven only upon the right-hand roadway. No vehicle shall be driven over, across or within any such dividing space barrier or section, except through an opening in such physical barrier, dividing section or space or at a crossover or intersection established by public authority.

SECTION 15-511 FOLLOWING TOO CLOSELY.

The driver of a motor vehicle shall not follow another vehicle more closely than is reasonable and prudent, having due regard to the speed of such vehicles and the traffic upon and the condition of the highway. (Prior Code, Chapter 23)

Every driver of a motor vehicle shall, upon stopping, or upon stopping and leaving the vehicle, park the same in a careful and prudent manner and place so as not to interfere with the operation of other vehicles or with pedestrians or other traffic. Failure to comply with these requirements shall be deemed careless driving in violation of this section.

C. Any driver who engages in any activity or does any act while driving that interferes with the safe operation and control of his vehicle, or who continues to operate his vehicle when any other person riding thereon or therein engages in any activity or does any act which interferes with his operation thereof, is guilty of careless driving.

D. A driver of a motor vehicle who collides with another vehicle or with any person or property because of driving error or inattention is guilty of careless driving. (Prior Code, Chapter 23)

SECTION 15-516 DRIVING OVER FIRE HOSE.

Whenever any hose of the fire department is laid upon any street, avenue, alley, bridge or vacant lot in the city, no person shall drive any automobile, truck, locomotive, railroad car or any other vehicle over the same unless the hose shall have been protected by wooden railings or other device laid along the side thereof, and then only at the places so protected unless otherwise directed by a city official. B. No person shall drive any vehicle upon a street at a speed greater than will permit him to bring it to a stop within the assured clear distance ahead.

C. Except when a special hazard exists that requires lower speed for compliance with Subsection A of this section, the limits specified in this chapter or established as authorized shall be maximum lawful speeds. No person shall drive a vehicle on a highway at a speed in excess of such maximum limits as follows:

1. Twenty-five (25) miles per hour on any street; and
2. Miles per hour as posted in school zones when school is in session.

D. The city manager has authority to post lower speed limits than those prescribed in this chapter where special hazards exist.

E. The fact that the speed of a vehicle is lower than the designated limits shall not relieve the driver from the duty to decrease speed when approaching and crossing an intersection, when approaching and going around a curve, when approaching a hill crest, when traveling upon any narrow winding roadway, or when a special hazard exists with respect to pedestrians or other traffic, or by reason of weather or highway conditions and speed shall be decreased as may be necessary to avoid colliding with any person or vehicle or on entering the roadway in compliance with legal requirement and the duty of all persons to use due care and precaution. (Prior Code, Chapter 23)

State Law Reference: Power of city to set maximum speed limits, 47 O.S. Sec. 11-803.

SECTION 15-702 MINIMUM SPEED.

It is unlawful for any person to drive a motor vehicle at such slow speed as to impede or block the normal and reasonable movement of traffic, except when reduced speed is necessary for safe operation. Police officers are hereby authorized to enforce this provision by directions to drivers and in the event of willful disobedience to this provision or refusal to comply with the direction of an

Traffic and Vehicles

officer in accordance herewith, the continued slow operation by a driver shall be unlawful and constitute a blocking of traffic and a violation of this section. (Prior Code, Chapter 20)

SECTION 15-801 RIGHT-OF-WAY AT INTERSECTIONS.

A. The driver of a vehicle on a street which is not a state or federal highway approaching an intersection with a state or federal highway shall stop and yield the right-of-way to a vehicle which has entered the intersection or which is so close thereto as to constitute an immediate hazard.

B. When two (2) vehicles enter or approach an intersection from different highways at approximately the same time, the driver of the vehicle on the left shall yield the right-of-way to the vehicle on the right.

C. The right-of-way rules declared in Subsections A and B are modified at through highways and otherwise as stated in this chapter.

D. The driver of a vehicle approaching a “T” intersection, traveling down the base of the “T” intersection approaching a dead end must yield the right- of-way to all traffic. (Prior Code, Chapter 23)

State Law Reference: Right-of-way regulations, 47 O.S. Secs. 11-401 et seq.

SECTION 15-802 RIGHT-OF-WAY AT INTERSECTIONS, VEHICLE ARRIVING AT SAME TIME.

A. Where two (2) or more vehicles face stop, slow, warning or caution signs or signals on two (2) or more intersecting cross streets, and are approaching so as to enter the intersection at the same time, where each vehicle is required to stop, the vehicle coming from the right shall have the right-of-way. Where each vehicle is required to slow, the vehicle coming from the right shall have the right-of-way. Where each vehicle is required to take caution, the vehicle coming from the right shall have the right-of-way.

B. The driver of a vehicle approaching an intersection shall yield the right-of-way to a vehicle which has entered the intersection from a different highway; provided that the driver of a vehicle on a street which is not a state or federal highway approaching an intersection with a state or federal highway shall stop and yield the right-of-way to a vehicle which has entered the intersection or which is so close thereto as to constitute an immediate hazard.

C. Where one vehicle is required to stop and the other to slow or take caution, the one slowing or taking caution, shall have the right-of-way. Where one vehicle is required to slow and the other to take caution, the one required to take caution shall have the right-of-way. (Prior Code, Chapter 23)

SECTION 15-803 LEFT TURN AT INTERSECTION.

The driver of a vehicle within an intersection intending to turn to the left shall give a signal and yield the right-of-way to any vehicle approaching from the opposite direction which is within the intersection or so close thereto as to constitute an immediate hazard. However, the driver, having so yielded and having given a signal when and as required by this chapter, may make such left turn, and the drivers of all other vehicles approaching the intersection from the opposite direction shall yield the right-of-way to the vehicle making the left turn. (Prior Code, Chapter 23)

State Law Reference: Similar provisions, 47 O.S. Sec. 11-402.

SECTION 15-804 DESIGNATION OF THROUGH STREETS.

The city manager, subject to direction of the council, may designate any street or part of street as a through street. (Prior Code, Chapter 23)

SECTION 15-805 SIGNS AT THROUGH STREETS.

Whenever the city manager designates and describes a through street, the city manager shall have placed and maintained a stop sign, or if deemed more appropriate at any intersection a yield sign, on each and every street intersection such through street, and a heavy-traffic street not so designated. Stop signs shall be erected at the approaches of either of the streets as may be determined by the manager if deemed desirable. (Prior Code, Chapter 23)

SECTION 15-806 DETERMINATION OF STOP AND YIELD INTERSECTIONS.

A. The city manager, subject to direction by the council, is authorized to determine and designate intersections where particular hazard exists upon other than through streets and to determine:

1. Whether vehicles shall stop at one or more entrances to any such intersection, in which event he shall cause to be erected a stop sign at every such place where a stop is required; or

2. Whether vehicles shall yield the right-of-way to vehicles on a different street at such intersection as prescribed in Section 15-807, in which event he shall cause to be erected a yield sign at every place where obedience thereto is required.

B. Every stop sign and every yield sign shall be erected as near as practicable to the nearest line of the crosswalk on the near side of the intersection or, if there is no crosswalk, then as near as practicable to the nearest line of the intersecting roadway.

C. Every stop sign shall bear the word "Stop" in letters not less than eight (8) inches in height. Every yield sign shall bear the word "Yield" in letters not less than seven (7) inches in height. Every stop sign and every yield sign shall, at nighttime, be rendered luminous by internal illumination, or by a floodlight project on the face of the sign, or by efficient reflecting elements in the face of the sign. (Prior Code, Chapter 23)

SECTION 15-807 VEHICLES ENTERING STOP INTERSECTIONS.

A. Except when directed to proceed by a police officer or traffic-control signal, every driver of a vehicle approaching a stop intersection indicated by a stop sign shall stop before entering the crosswalk on the near side of the intersection, or, in the event there is no crosswalk, shall stop at a clearly marked stop line, but, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersecting roadway before entering the intersection.

B. Such driver, after having stopped, shall yield the right-of-way to any vehicle which has entered the intersection from another highway or which is approaching so closely on the highway as to constitute an immediate hazard. The driver having so yielded may proceed only when it is prudent and apparently safe to do so. (Prior Code, Chapter 23)

SECTION 15-808 VEHICLE ENTERING YIELD INTERSECTION.

A. The driver of a vehicle approaching a yield sign shall in obedience to such sign slow down to a speed reasonable for the existing conditions, or shall stop if necessary and yield the right-of-way to any pedestrian legally crossing the roadway on which he is driving and to any vehicle in the intersection or approaching on another highway so closely as to constitute an immediate hazard. If such driver is involved in a collision with a pedestrian in a crosswalk or a vehicle in the intersection after driving past a yield sign, such collision shall be deemed prima facie evidence of his failure to yield the right-of-way.

B. The driver of a vehicle approaching a yield sign, is required for safety to stop, shall stop before entering the crosswalk on the near side of the intersection or, in the event there is no crosswalk, at a clearly marked stop line, but, if none, then at the point nearest the intersecting roadway where the driver has a view of approaching traffic on the intersection roadway. (Prior Code, Chapter 23)

SECTION 15-809 SCHOOL ZONES AND CROSSWALKS.

Traffic and Vehicles

A. The city manager, subject to direction by the council, is authorized to erect signs to designate school zones and school zone crosswalks.

B. No person may drive a vehicle past a school sign or through a school zone at a speed greater than that posted per hour on school days. Drivers proceeding in a school zone shall stop and yield the right-of-way to pedestrians in school zone crosswalks when so directed by a school safety patrol member or when such crosswalk is occupied by pedestrians between the hours posted on school days.

C. Any driver involved in a school zone crosswalk collision with a pedestrian after failing to slow and yield the right-of-way to such pedestrian shall be deemed prima facie in violation of this section.

SECTION 15-810 EMERGING FROM ALLEY OR DRIVEWAY.

The driver of a vehicle emerging from an alley, driveway or building shall stop such vehicle immediately prior to driving onto a sidewalk or onto the sidewalk area extending across any alleyway or driveway and shall yield the right-of-way to any pedestrian as may be necessary to avoid collision, and upon entering the roadway shall yield the right-of-way to all vehicles approaching on the roadway. (Prior Code, Chapter 23)

State Law Reference: Similar provisions, 47 O.S. Sec. 11-704.

SECTION 15-811 OBSTRUCTING INTERSECTION OR CROSSWALK.

No driver shall enter an intersection or a marked crosswalk unless there is sufficient space on the other side of the intersection or crosswalk to accommodate the vehicle he is operating without obstructing the passage of other vehicles or pedestrians, notwithstanding any traffic-control signal indication to proceed.

Section 15-906	Signals; method required.
Section 15-907	Method of giving hand signals.

SECTION 15-901 METHOD OF TURNING GENERALLY AND AT INTERSECTIONS.

A. The driver of a vehicle intending to turn at an intersection shall do so as follows:

1. Right turns. Both the approach for a right turn and a right turn shall be made as close as practicable to the right-hand curb or edge of the roadway;

2. Left turns on two-way roadways. At any intersection where traffic is permitted to move in both directions on each roadway entering the intersection, an approach for a left turn shall be made in that portion of the right half of the roadway nearest the center line thereof and by passing to the right of such center line where it enters the intersection; and after entering the intersection, the left turn shall be made so as to leave the intersection to the right of the center line of the roadway being entered. Whenever practicable, the left turn shall be made in that portion of the intersection to the left of the center of the intersection; and

3. Left turns on other than two-way roadways. At any intersection where traffic is restricted to one direction on one or more of the roadways, the driver of a vehicle intending to turn left at any such intersection shall approach the intersection in the extreme left-hand lane lawfully available to traffic moving in the direction of travel of such vehicle. After entering the intersection, the left turn shall be made so as to leave the intersection, as nearly as practicable, in the left-hand lane lawfully available to traffic moving in such direction upon the roadway being entered.

B. No person shall turn a vehicle at an intersection unless the vehicle is in proper position upon the roadway as required by this section, or turn a vehicle to enter a private road or driveway, or otherwise turn a vehicle from a direct course or move right or left upon a roadway, unless and until such movement can be made with reasonable safety. (Ord. No. N.C. 321, 2/18/86)

B. When authorized markers, buttons or other indications are placed within an intersection indicating the course to be traveled by vehicles turning thereat, no driver of a vehicle shall disobey the directions of such indications. (Prior Code, Chapter 23)

SECTION 15-903 AUTHORITY TO RESTRICT TURNING; OBEDIENCE REQUIRED.

A. The city manager, subject to direction by the council, may determine those intersections at which drivers of vehicles shall not make a right turn, left turn or U-turn, and shall have placed proper signs at such intersections. The making of such turns may be prohibited between certain hours of any day and permitted at other hours.

B. Whenever authorized signs are erected indicating that no right turn, left turn or U-turn is permitted, no driver of a vehicle shall disobey the directions of any such sign. (Prior Code, Chapter 23)

SECTION 15-904 LIMITATIONS ON TURNING, U-TURNS.

A. Except as hereinafter provided, no person shall operate a vehicle so as to turn more than ninety degrees (90°) on any street or highway.

B. Persons excepted are those who can safely execute that turn if at an intersection, but it is unlawful for the driver of a vehicle to make such a turn at any intersection:

1. Where traffic-control signals are installed;
2. Where a police officer is directing traffic except at the latter's direction; or
3. Where an official no U-turn sign has been placed and is maintained.

SECTION 15-905 TURNING OR STOPPING MOVEMENTS; SIGNALS REQUIRED.

No person shall turn any vehicle without giving an appropriate signal in the manner hereinafter provided in the event any other traffic may be affected by such movement.

B. A signal of intention to turn right or left when required shall be given continuously during not less than the last one hundred (100) feet traveled by the vehicle before turning.

C. No person shall stop or suddenly decrease the speed of a vehicle without first giving an appropriate signal in the manner provided herein to the driver of any vehicle immediately to the rear when there is opportunity to give such signal. (Prior Code, Chapter 23)

State Law Reference: Similar provisions, 47 O.S. Sec. 11-604.

SECTION 15-906 SIGNALS; METHOD REQUIRED.

A. Any stop or turn signal, when required herein, shall be given either by means of the hand and arm or by signal lamps, except as otherwise provided in Subsection B.

B. Any motor vehicle in use on a highway shall be equipped with, and required signal shall be given by, signal lamps when the distance from the center of the top of the steering post to the left outside limit of the body, cab or load of such motor vehicle exceeds twenty-four (24) inches, or when the distance from the center of the top of the steering post to the rear limit of the body or load thereof exceeds fourteen (14) feet. The latter measurement shall apply to any single vehicle and to any combination of vehicles. (Prior Code, Chapter 23)

SECTION 15-907 METHOD OF GIVING HAND SIGNALS.

All signals herein required given by hand and arm shall be given from the left side of the vehicle in the following manner:

2. Prohibit usages not essential to public health and safety. The order may be revised from time to time as the mayor deems necessary.

B. A duly proclaimed emergency shall continue and the terms of the proclamation shall be in force for thirty (30) days or until such time as the mayor shall cause to be published a proclamation that the emergency has ended, whichever is shorter, unless the city council by resolution approved by a majority of all its members votes to terminate the emergency and proclamation upon a different date.

The ruling of the city council by a majority vote of all its members shall be final and binding as to the continuance of any terms of the proclamation. Until and unless the action of the mayor is modified or revoked by action of the city all water users shall be bound by the proclamation.

SECTION 17-226 PENALTIES.

Any person who in any manner directly or indirectly violates or permits others under his supervision, custody or control to violate any term of a duly published proclamation or any provision of this chapter shall be guilty of a misdemeanor. Any violation of the provisions of the mayor's proclamation or action of the city shall be punishable by a fine or imprisonment as provided in Section 1-108 of the city's code of ordinances.

GENERAL PROVISIONS

SECTION 17-301 DECLARATION OF PUBLIC UTILITY

The sanitary sewerage system is hereby declared to be a public utility.

SECTION 17-302 DEFINITION OF TERMS.

Utilities

For the purpose of this chapter:

1. “Approving authority” means the chief executive or his duly authorized representative;
2. “Biochemical oxygen demand (BOD)” means the quantity of oxygen by weight, expressed in milligrams per liter (mg/l), utilized in the biochemical oxidation of organic matter under standard laboratory conditions for five (5) days at a temperature of twenty degrees (200) centigrade. The laboratory determination of BOD shall be made in accordance with procedures set forth in Federal Register 40 CFR Part 136;
3. “Building sewer” means the extension from the building drain to the sewer or other place of disposal, also called house lateral and house connection;
4. “Chemical oxygen demand (COD)” means a measure of the oxygen consuming capacity, expressed in milligrams per liter (mg/l), of inorganic and organic matter present in water or wastewater. It is expressed as the amount of oxygen consumed from a chemical oxidant in a specific test. It does not differentiate between stable and unstable matter and thus does not necessarily correlate with biochemical oxygen demand;
5. “Domestic wastewater” means water-borne wastewater normally discharged into the sanitary conveniences of dwellings (including apartment houses and hotels), office buildings, factories, and institutions, which may or may not contain storm water and industrial wastes;
6. “Garbage” means animal and vegetable wastes and residue from the preparation, cooking, and dispensing of food; and from the handling, processing, storage, and sale of food products and produce;
7. “Industrial waste” means water-borne solids, liquids, or gaseous wastes resulting from and discharged, permitted to flow, or escaping from any process of industry, manufacturing, trade, or business from the development of any natural resource, or any mixture of these with water or domestic wastewater, or distinct from normal domestic wastewater;
8. “Milligrams per liter (mg/l)” means the same as parts per million and is a weight to volume ratio; the milligram per liter value multiplied by the factor 8.34 shall be equivalent to pounds per million gallons of water;
9. “Natural outlet” means any outlet into a watercourse, ditch, lake, or other body of surface or groundwater;
10. “Normal domestic wastewater” means normal wastewater for the city in which the average concentration of suspended solids is established at not more than two hundred fifty milligrams per liter (250 mg/l);
11. “Person” means any and all persons, including any individual, firm, company, industry, municipal or private corporation, association, governmental agency, or other entity, and

Utilities

agents, servants, or employees;

12. “pH” means the logarithm (base 10) of the reciprocal of the hydrogen ion concentration expressed in moles per liter;

13. “Properly shredded garbage” means the wastes from the preparation, cooking, and dispensing of food that has been shredded to such degree that all particles shall be carried freely under the flow conditions normally prevailing in public sewers, with no particles greater than one-half inch (1/2”) in any dimension;

14. “Public sewer” means a sewer in which all owners of abutting property shall have equal rights and the use of which is controlled by public authority;

15. “Sanitary sewer” means a sewer that conveys domestic wastewater or industrial wastes or a combination of both, and into which storm, surface, and groundwater or unpolluted wastes are not intentionally passed;

16. “Sewer” means a pipe or conduit that carries wastewater or drainage water;

17. “Slug” means any discharge of water, wastewater, or industrial waste which, in concentration of any given constituent or in quantity of flow, exceeds for any period of duration longer than fifteen (15) minutes more than five (5) times the average twenty-four (24) hour concentration of flows during normal operation;

18. “Standard analysis methods” means the examination and analytical procedures set forth in the latest edition at the time of analysis of “Methods for Chemical Analysis of Water and Wastes” as prepared by the Environmental Protection Agency’s water quality control laboratory, Cincinnati, Ohio, or other procedures set forth in the federal regulations, 40 CFR 136, Guidelines Establishing Test Procedures for the Analysis of Pollutants;

19. “Storm sewer” or “storm drain” means a sewer that carries storm and surface waters and drainage, but excludes domestic wastewater and polluted industrial wastes;

20. “Storm water” means rainfall or any other form of precipitation;

21. “Suspended solids” means solids that either float on the surface of, or in suspension in, water, wastewater, or other liquids, and that are largely removable by a laboratory filtration device;

22. “Unpolluted water or waste” means water or waste containing none of the following: free or emulsified grease or oil; acids or alkalis, phenols or other substances imparting taste or odor to receiving water; toxic or poisonous substances in suspension, colloidal state or solution; and noxious or otherwise obnoxious or odorous gases. It shall contain not more than ten milligrams per liter (10 mg/l) each of suspended solids and BOD. The color shall not exceed twenty (20) color units as measured by the Platinum-Cobalt method of determination as specified in standard analysis methods;

Utilities

SECTION 17-303 CONNECTION TO PUBLIC SEWER REQUIRED.

A. The public sewer system will be used, whenever such system is available or within two hundred (200) feet of the property line, by all persons discharging any wastewater, industrial waste, other polluted liquids or unpolluted waters or liquids, unless an exception is granted by the approving authority.

B. The owners of all lots lying alongside or abutting upon any alley or street upon which a collector of the city sanitary sewer system is now, or in the future will be laid, shall connect in accordance with the provisions of this chapter, all water closets, urinals, sinks, or other places whererefuses, slops, wastewater, or domestic wastewater of any kind is accumulated or deposited, within thirty (30) days after date of official notice to do so, if the public sewer is located in an easement abutting the property. If a private wastewater disposal facility is, in the opinion of the State Department of Health, functioning in a manner that is safe to the health and safety of the public, the private wastewater disposal facility may be allowed to continue so long as the facility continues to be operated and maintained in a safe condition. (pre 1994 Code, Sec. 20-35, in part)

SECTION 17-304 PERMIT AND INSPECTION REQUIRED FOR SEWER CONNECTION.

- A. No person shall make or attempt to make any such sewer connection:
1. Without first obtaining a sewer permit as provided for in this Part 17; and
 2. Until the sewer connection has been properly inspected as provided in this chapter.
- B. All connections to the sewer system shall be designed and constructed according

- a. Can deposit grease or oil in the sewer lines in such a manner as to clog the sewers;
- b. Can overload skimming or grease handling equipment;
- c. Are not amenable to bacterial action, and will, therefore, pass to the receiving waters without being affected by normal wastewater treatment process; or

16. The allowable infiltration for all existing sewers is hereby established at no more than two hundred gallons per inch of sewer diameter per day per mile for sewers twenty-four (24) inches in diameter and smaller. All new sewers shall be tested for infiltration in accordance with an acceptable testing method. (pre 1994 Code, See 20-30)

SECTION 17-307 PROHIBITED WASTES PERMITS SPECIAL HANDLING OF HARMFUL WASTES.

A. If any waters or wastes are discharged, or are proposed to be discharged to the public sewers, that contain the substances or possess the characteristics enumerated in Section 17-319 and 17-320 herein, and that in the judgment of the city may have a deleterious effect upon the wastewater works, processes, equipment, or the natural outlet, or that otherwise create a hazard to life or constitute a health hazard or public nuisance, the city may:

1. Reject the wastes;
2. Require pretreatment to an acceptable condition for discharge to the public sewers;
3. Require control over the quantities and rates of discharge; or
4. Require payment to cover the cost of handling and treating the wastes under this chapter.

B. If the city permits the pretreatment or equalization of waste flows, the design and installation of the plant and equipment shall be subject to the review and approval of the city and subject to the requirements of all applicable codes, ordinances, and laws.

Utilities

C. The approving authority will either apply paragraph 1, 2 or 3 above and in all cases will apply paragraph 4. (pre 1994 Code, Sec. 20-38)

SECTION 17-308 INFORMATION AND COOPERATION OF INDUSTRIAL USERS.

Industrial users shall cooperate at all times with the city in the inspecting, sampling, and study of the industrial wastes and any facilities provided for pretreatment. The industrial user shall also furnish any additional information relating to the installation or use of the industrial sewer as may be requested by the city and shall operate and maintain any waste pretreatment facilities as may be required as a condition of the acceptance into the public sewer of the industrial wastes involved, in an efficient manner at all times and at no expense to the city. The user shall notify the city immediately in the event of any accident or other occurrence that occasions discharge to the public sewers of any wastes or process waters not covered by agreement and permit.

SECTION 17-309 GREASE OIL AND SAND INTERCEPTORS; EXCEPTION.

Grease, oil, and sand traps shall be provided for the proper handling of liquid wastes containing grease in excessive amounts, or any flammable wastes, sand, or other harmful ingredients, except that such traps shall not be required for private living quarters or dwelling units. All traps shall be of a type and capacity approved by the city and shall be located so as to be readily and easily accessible for cleaning and inspection. (Pre 1994 Code, Sec. 20-39)

SECTION 17-310 MAINTENANCE OF FACILITIES.

Where preliminary treatment or flow-equalizing facilities are provided for any wastes or waters, they shall be maintained continuously in satisfactory and effective operation by the owner at his expense. (Pre 1994 Code, Sec. 20-40)

SECTION 17-311 CONTROL MANHOLE METERS.

The owner of any property serviced by a building sewer carrying industrial wastes shall install a suitable control manhole together with such necessary meters and other appurtenances in the building sewer to facilitate observation, sampling, and measurement of the wastes. Such manhole, when required, shall be accessible and safely located and shall be constructed in accordance with plans approved by the city. The manhole shall be installed by the owner, at his expense, and shall be maintained by him so as to be safe and accessible at all times. (pre 1994 Code, Sec. 20-41)

SECTION 17-312 MEASUREMENTS, TESTS, AND ANALYSIS OF WASTES.

All measurements, tests, and analysis of the characteristics of waters and wastes to which reference is made in this chapter shall be determined in accordance with the procedures set forth in "Methods for Chemical Analysis of Water and Wastes", and shall be determined at the control manhole. Sampling shall be carried out by customarily accepted methods to reflect the effect of constituents upon the sewage works and to determine the existence of hazards to health, life,

Utilities

limb and property. The particular analysis involved will determine whether a twenty-four (24) hour composite sample from, all outfalls of a premises is appropriate or whether a grab sample or samples should be taken. Normally, but not always, BOD and suspended solids analysis are obtained from twenty-four-hour composites of all outfalls, whereas PHs are determined from periodic grab samples. (Pre 1994 Code, Sec. 20-42)

SECTION 17-313 SPECIAL AGREEMENTS.

No statement contained in this chapter shall be construed as preventing any special agreement or arrangement between the city and an industrial concern whereby an industrial waste of unusual strength or character may be accepted by the industrial concern, as set forth in this chapter. However, the waste control order (discharge permits), state pollution control board orders and other federal, state and local laws shall not be violated. (pre 1994 Code, Sec. 20-43).

SECTION 17-314 CONDITIONS FOR INDUSTRIAL USER PERMITS.

A. No person, after effective date of this chapter, not now so doing, shall deposit or discharge any industrial waste into any sanitary sewer that leads to any of the city's treatment plants, or deposit or discharge any waste stipulated in Sections 17-319 and 17-320 herein, without first obtaining a permit therefor.

B. Permits for new industrial users, after the effective date of this chapter, shall be issued after the following conditions are met:

1. Formal application is submitted on a form issued by the city;
2. Where applicable, pretreatment facilities or flow regulating devices approved by the city have been installed;
3. Estimated amount and strength of any wastes have been agreed upon by both parties. When a discharger discharges twenty thousand (20,000) gallons or more daily, strength shall be based on actual samples from the point or points of discharge;
4. Agreement forms have been completed by the discharger agreeing to payment of any surcharges as required, or agreeing to the installation of pretreatment facilities, and operation and maintenance of any pretreatment facilities where applicable;
5. All new dischargers shall provide a sampling point subject to approval of the approving authority.

C. Permits granted to existing persons after the effective date of this chapter will be issued only after the following conditions are met:

1. Formal application is submitted on a form issued by the city within one hundred twenty (120) days after the initial effective date of this chapter;

Utilities

2. Where applicable, plans and specifications for pretreatment facilities have been approved by the city;

3. Estimated amount and strength of any wastes have been agreed upon by both parties. When a discharger discharges twenty thousand (20,000) gallons or more daily, strength shall be based on actual samples from the point or points of discharge;

4. Agreement forms have been completed by the discharger agreeing to payment of any surcharges as required, or agreeing to the installation of pretreatment facilities by July 1, and operation and maintenance of any pretreatment facilities where applicable. (Pre 1994 Code, Sec. 20A 7)

SECTION 17-315 SAFETY RULES FOLLOWED DURING INSPECTIONS INDEMNIFICATION.

While performing the necessary work under this chapter on private property, the city or its agents shall observe all safety rules applicable to the premises established by the company, and the company shall be held harmless for injury or death of the city's employees or agents. The city shall indemnify the company against loss or damage to its property by city employees and against liability claims and demands for personal injury or property damage asserted against the company and growing out of the gauging or sampling operation, except as such may be caused by negligence or failure of the company to maintain safe conditions as required in this chapter. (Pre 1994 Code, Sec. 20-50)

SECTION 17-316 RIGHTS OF CITY TO INSPECT WATER AND WASTES.

The city and its agents shall be permitted to enter all properties, private and public, and including but not limited to those through which the city holds a duly negotiated easement, at all reasonable times for the purposes of inspection, observation, measurement, sampling and testing in accordance with the provisions of this chapter. The city and its agents shall be no authority to inquire into any process including metallurgical, chemical, oil refining, ceramic, paper or other industries beyond that point having a direct bearing on the kind and source of discharge to the sewers, waterways or facilities for waste treatment. (Pre 1994 Code, Sec. 20-49)

SECTION 17-317 DISCONNECTION OF SERVICE.

In addition to other grounds authorized by this part 17, the city or its agents shall retain the right to terminate water and wastewater disposal service and immediately disconnect an industrial customer from the system for the following reasons:

1. Where acids or chemicals damaging to sewer lines or treatment process are released to the sewer causing rapid deterioration of these structures or interfering with proper conveyance and treatment of wastewater;

2. When the customer discharges industrial waste or wastewater that is in violation

Utilities

of the permit issued by the approving authority;

3. Where any governmental agency informs the city that the effluent from wastewater treatment plant is no longer of a quality permitted for discharge to a watercourse, and it is found that a customer is delivering wastewater to the city's system that cannot be sufficiently treated or requires treatment that is not provided by the city as normal domestic treatment. In this instance, the city shall immediately supply the customer with the governmental agency's report, and provide the customer with all pertinent information. The customer's water and wastewater lines will then be disconnected until such time as he has provided additional pretreatment facilities designed to remove the objectionable characteristics from his industrial waste; and

4. Where the owner delivers his wastewater at an uncontrolled, variable rate in sufficient quantity that it causes an imbalance in the wastewater treatment system. (Pre 1994 Code, Sec. 20-52)

SECTION 17-318 CLEAN-OUT PLUGS REQUIRED.

No building, dwelling or structure shall hereafter be constructed unless the same shall be constructed in conformity to the following provisions: all underground drainage systems of a building, dwelling or structure hereinafter installed shall contain at least one clean-out plug which shall be extended to or above the finished grade level directly above the place where the clean-out is installed. The clean-out shall be located between the outside wall of the building, dwelling or structure where used, and the point where the underground drainage system connects to the city sewer system. Additional clean-outs shall be installed at each change of direction of the building drainage system greater than forty-five (45) degrees. (Pre 1994 Code, Sec. 20-59)

SECTION 17-319 PENALTIES.

A. Any person found to be violating any provision of this chapter shall be served by the city with written notice stating the nature of the violation and providing a reasonable time limit for the satisfactory correction thereof. The offender shall, within the period of time stated in such notice, permanently cease all violations.

B. Any person who shall continue any violation beyond the time limit provide for in Subsection A above shall be deemed guilty of a violation of this code, and upon conviction thereof, shall be punished as provided in Section 1-108 of the city's code of ordinances. Each day in which any such violation shall continue shall be deemed a separate offense.

C. Any person violating any of the provisions of this chapter shall become liable to the city for any expense, loss or damage occasioned by the city by reason of such violation. (pre 1994 Code, Sees. 20-53 to 20-55)

ARTICLE B

USER CHARGES

Utilities

SECTION 17-331 SEWER RATE FOR USERS. MODIFICATION FOR LAWN WATERING IN THE SUMMER.

A. There is hereby established a monthly rate for the treatment of wastewater placed into the sanitary sewer system of the city to ensure that each user will pay their proportionate share of the cost of operating, maintaining and replacing the wastewater facilities.

B. Classes of users include:

1. Residential, Class A;
2. Commercial, Class B;
3. Institutional, Class C;
4. Industrial, Class D;

C. Multi-family dwellings and mobile home parks having separate water meters for each of the residential units shall be charged for sanitary sewer services at the same rate as residences hereunder, the charges to be payable by the occupants thereof at the same rate and in the same manner as those charged to individual residential customers. Multi-family dwellings and mobile home parks having only one water meter shall be charged the basic residential rate per month per dwelling unit with the owner of the multi-family dwelling or mobile home park deemed to be responsible for the payment therefor.

D. In the event an industrial user located in the city wishes to discharge industrial wastewater in the wastewater facilities, a sewer use charge shall be developed in accordance with applicable requirements of the state, the federal government or any agency thereof.

E. Any person whose property is connected to the sanitary sewer system of the city and using water furnished by the city for lawn watering purposes during June, July, August or September may, during any of these months, notify the city treasurer in writing of such usage, and the city treasurer shall, for the month so notified, and such subsequent summer months of that year, bill the sanitary sewer service customer for sanitary sewer services during the months for an average of his sanitary sewer service charges made for his property for the months of January, February and March of that year. In case such usage shall have occurred only during a part of the period, then such average usage figure shall be based on the average monthly sanitary sewer service charge made during any part of the period.

F. When a user of the sanitary sewer service furnished by the city has not occupied the property involved during the months to be used for determining such charges, then the city treasurer shall use the average sanitary service charges made during the latest such period when the property involved was used and occupied.

Utilities

G. In the event that the property served by such sanitary sewer services has for some reason not ever been so served during the months from which the average sewer use charge is to be ascertained, then upon such notification of lawn watering use the city treasurer shall be authorized to make a reasonable adjustment in the sanitary sewer charges due from the customer during the months listed above to reflect the best estimate of the amount of water actually going into the sanitary sewer system of the city. However, this shall not be done in more than one calendar year. The adjustment shall be in effect only during and after the month when such written application for adjustment shall have been subjected. (Pre 1994 Code, Secs. 0-26, 20-27; 20-61; 20-63)

Cross Reference: See Fee Schedule, Appendix 2, for applicable fees.

SECTION 17-332 SURCHARGE FOR INDUSTRIAL USERS.

A. If the city determines that an industrial waste is acceptable for admission to the sanitary sewer system, under the discretionary powers given in this chapter, the industrial user shall be charged and assessed a surcharge, in addition to any sewer user charges, if these wastes have concentrations greater than normal domestic wastewater as defined in this chapter. The surcharge provides a means by which each significant industrial user who discharges pollutants to the system that causes an increase in the cost of managing sludge or effluent shall pay for the increased cost.

B. An industrial cost recovery system shall be adopted by the city and approved by EPA.

C. If volume or character of the waste to be accepted by the city is such that it will not overload the sewage collection, pumping, handling, treating or disposal facilities of the city, then prior to such acceptance, the city and industrial concern shall enter into an agreement whereby the industrial concern shall make payment of an industrial waste charge to be determined as set forth below:

$$C_i = \frac{jV_i + V_i [Y (\text{BOD } 200) + Z (\text{SS}-200)]}{1000}$$

The BOD is a five-day BOD in mg/l and SS = suspended solids in mg/l, and shall be determined from a twenty-four-hour composite sample. The determination of flow, BOD and suspended solids shall be made by an independent firm or laboratory selected by the city. The time of selection of the sample shall be at the sole discretion of the city, but at least on an annual basis to adjust the industrial charge to reflect the current costs of wastewater treatment. The applicable surcharge determined by such tests shall be retroactive for two (2) billing periods and shall continue for six (6) billing periods unless subsequent tests determine that the surcharge should be further increased. The basis for determining the surcharge shall be reviewed annually, and shall be adjusted to reflect any increase or decrease in wastewater treatment costs based on the previous year's experience.

Should Grantee accept a franchise from any other city or town in which it agrees to pay a higher percentage of gross receipts than the percent provided in this Section 9, then and in that event, Grantee shall forthwith and without demand inform Grantor's governing body of such occurrence. Thereafter, at the sole discretion of the Grantor's governing body and pursuant to such process as it deems appropriate, Grantee may be directed by Grantor's governing body to increase the percentage of gross receipts to be paid to Grantor hereunder to such higher percentage to the extent such increase is allowed by applicable law. Grantor agrees that the percentage paid to Grantor by Grantee, including any revision thereof, shall in no event exceed the percentage rate used to calculate any fee or tax paid to Grantor by any other person or entity as such fee or tax is based in any way on the amount of revenues from sales of electrical energy by such other person or entity to ultimate customers within the City.

SECTION 10 RESTRUCTURING

Grantor and Grantee acknowledge that there is ongoing public debate concerning the restructuring of the electric utility industry which could result in another person or entity utilizing Grantee's poles,

wires, and similar facilities to provide retail electric service to the ultimate consumer. Grantee will cooperate with the Grantor in protecting Grantor's economic interest, which cooperation includes but is not limited to, Grantee's making reasonable efforts to insure that: (1) those using its poles, wires, and facilities to sell retail electric energy have complied with Grantor's relevant ordinances; and (2) Grantee acknowledges that it will abide by all applicable federal and state statutory and/or regulatory requirements.

SECTION 11 OPTION TO PURCHASE BY CITY

Grantor is granted two options to purchase all of the electric facilities, including but not limited to substations and office buildings, distribution system, machinery, property, both real and personal, of whatsoever kind and nature, then owned by Grantee, its successors and assigns, together with all equipment and apparatus functionally related and subordinate thereto (collectively, the "PSO Property"), being applied to and under the exercise of this franchise, or acquired for such purpose, situated within the incorporated limits of Grantor, the exercise of such option to be effected exclusively upon the following terms and following manner to-wit:

Not more than twelve (12) months nor fewer than six (6) months prior to the expiration date of the fifth (5th) and tenth (10th) years, respectively, of this franchise, Grantor may by lawful ordinance determine its intention to purchase all of the PSO Property located within the city limits of Grantor, and, if so, shall, subject to first obtaining any required approval or consent (a "Regulatory Approval") of any federal or state regulatory authority having jurisdiction over Grantee or its Atoka situs electric system facilities, which efforts shall toll the period of time the Grantor has to furnish said ordinance to Grantee, the City Council of Grantor shall serve upon the corporate secretary of Grantee as notice of such intention to purchase, a certified copy of such ordinance; thereafter, the City Council of Grantor shall, within fifteen (15) days, contract for, engage, hire, appoint and designate as an arbitrator (the "City Arbitrator") an engineer of well-known experience and ability who shall not be a resident or taxpayer of Grantor nor directly or indirectly interested, as a shareholder, director, employee, contractor or otherwise, in Grantee or any entity involved or to become involved in the analysis, management, or operation of electric facilities in Atoka, Oklahoma, within twelve (12) months prior to such appointment and at the time thereof; and shall within ten (10) days after such appointment and designation notify Grantee by furnishing to its corporate secretary a certified copy of the ordinance or resolution appointing such arbitrator; and Grantee shall within fifteen (15) days after the receipt of such certified copy appoint and designate as an arbitrator (the "PSO Arbitrator") an engineer of like qualifications and within ten (10) days after such appointment furnish to the City Clerk of Grantor written notification of the appointment of such arbitrator. The City Arbitrator and the PSO Arbitrator shall select as a third arbitrator an engineer of like qualifications. If the City and PSO Arbitrators shall, for more than fifteen (15) days, fail to agree upon the appointment of the third arbitrator, or if either Grantor or Grantee shall fail or neglect to select its arbitrator as herein required, then the District Court of Atoka County, State of Oklahoma, shall have the power upon application of either Grantor or Grantee, as the case may be, and pursuant to the provisions of the Oklahoma Uniform Arbitration Act, 15 O.S. 801 et seq., to appoint such required arbitrator or arbitrators of like qualifications. The parties specifically contract and agree that venue shall lie in Atoka County and that any dispute that might arise under this arbitration provision shall be governed by the Uniform Arbitration Act, as the same may from time to time be amended. The three arbitrators shall thereupon proceed to determine the fair market value of all of the PSO

Appendix 5 – Electric Franchise

Property by such criteria as by practice are used to determine compensation for public utility property taken for public use by eminent domain proceedings. Said criteria shall include but not be limited to the damages done to Grantee by the severance of the PSO Property from the rest of its system and the value of all the PSO Property as a going concern, except no value shall be given to the grant of the franchise. The three Arbitrators shall make their return of the appraised value (the “Return”) of all of the PSO Property to Grantor and Grantee and file the Return with the City Clerk of Grantor within ninety (90) days after the due appointment of the third arbitrator; and the valuation so fixed by the Return shall be binding and conclusive upon the Grantor and Grantee as to the purchase price of all of the PSO Property. Thereafter, if the City Council of Grantor elects to proceed further to exercise its option to purchase, it shall within ninety (90) days from the date of filing the Return with the City Clerk of Grantor, submit to the voters of Grantor at an election held for that purpose the question of purchasing all of the PSO Property at the purchase price fixed by the Return, which question shall be the only question on the ballot at that election.

If the acquisition of all of the PSO Property at the purchase price fixed by the Return is not approved by a majority of the lawful voters of Grantor voting thereon, the notice of intention to purchase all of the PSO Property by Grantor shall be deemed null and void.

If, between the date the Return’s filed with the City Clerk and the “Closing Date”, which shall be within one hundred eighty (180) days following entry of a final non-appealable order finding that regulatory approval for PSO to sell to Grantor is granted or no regulatory approval is required, scheduled for Grantor’s purchase of all of the PSO Property any reasonable and necessary additions, betterments or replacements shall have been made by Grantee, Grantor shall pay, in addition to the purchase price fixed by the Return, as provided in this section, the actual cost of such additions, betterments, and replacements. If such additions, betterment or replacements are made, Grantee shall file with the City Clerk of Grantor complete information as to the actual cost thereof to Grantee, not later than ten (10) business days prior to the Closing Date scheduled for Grantor’s purchase of all of the PSO Property.

Notwithstanding any provision hereof to the contrary, the three arbitrators shall not include in the Return any values for electric facilities located within Grantor’s incorporated limits where the same are used exclusively for the provision of electric service to areas without such incorporated limits; such facilities shall not be part of the PSO Property which may be purchased by Grantor pursuant to its option as set forth herein, and if the purchase by Grantor is completed in the manner provided herein, Grantee shall have the right thereafter to own, operate and dispose of such electric facilities as its private property in such manner as it may see fit.

Time is of the essence to Grantor’s exercise of its purchase option privilege under each of the particulars of this Section 10. If (i) Grantor shall fail to furnish the corporate secretary of Grantee a certified copy of Grantor’s ordinance determining and manifesting its intention to purchase all of the PSO Property within the required time therefore; or if (ii) Grantor shall either fail to appoint and designate a qualified arbitrator within the required time therefore or fail to notify Grantee thereof by furnishing a certified copy of the ordinance or resolution making such appointment to the corporate secretary of Grantee within the required time therefore; or if (iii) once duly appointed, the three (3) arbitrators shall fail to make and file the Return with the City Clerk of Grantor within the required time therefore; or if (iv) an election, wherein the question of Grantor purchasing all of the PSO

Appendix 5 – Electric Franchise

Property at the purchase price fixed by the Return is the only question on the ballot, is not conducted within the required time therefore; or if (v) any Regulatory Approval required with respect to any of the electrical facilities being acquired shall not have been obtained as and when required under applicable regulations or orders; or if (vi) Grantor shall fail to complete its purchase of all of the PSO Property by payment to Grantee of the purchase price fixed by the Return in cash at the Closing Date, then and in any such event Grantor's option to purchase all of the PSO Property shall thereupon terminate immediately and become null and void.

For purpose of determining the valuation of the PSO Property, all the books, records and other information in possession of Grantee pertaining thereto shall be open and available to the three arbitrators during the time their appraisal is being made for the purpose of aiding the arbitrators in fixing the purchase price to be paid therefore.

Each party shall pay its own arbitrator's fees and expenses and the parties agree that the fees and expenses of the third arbitrator shall be divided and paid in equal amounts by Grantor and Grantee.

SECTION 12 ELECTION

This Ordinance shall be in full force and effect from and after its acceptance as hereinafter provided, upon its passage and approval by a vote of the qualified electors residing within the City, who shall vote thereon at a special election called under or pursuant to the provisions hereof; and if this Ordinance fails to be so approved at said election, it shall be wholly void and of no effect. The Mayor of the City is hereby authorized and instructed to call by proclamation such election in the manner and form provided by the laws of the State of Oklahoma for the calling of special elections, giving such notice and preparing such proclamation, ballot title and call therefor as provided by law, for the purpose or submission to the qualified elections residing within the City the proposition of approval or refusal of this Ordinance, non-exclusive franchise contract hereby granted; and the proper officers of the City are hereby directed to do all things that may be necessary for the holding of the election and for the submission of said question, and shall, in all things, comply with the laws of the State of Oklahoma, in the designation of the day, month and year of the election, the hours of opening and closing the polls, the voting places within the City in which the election shall be held and the proper persons within the respective precincts of the City for the purpose of holding the election.

and thereafter remain canceled, annulled, and repealed.

SECTION 14 SEVERABILITY

If any provision or clause of this Ordinance is held invalid for any reason, such invalidity shall not affect other provisions or clauses of this Ordinance which can be given effect without the invalid provision or clause, and to this end the provision and clauses of this Ordinance are declared to be severable.

SECTION 15 EMERGENCY

Whereas an immediate necessity exists in order that the inhabitants of Grantor may be provided an adequate supply of electricity for heating, lighting, and power purposes and for the purpose of providing light, heat, and power for the streets, alleys, public grounds, parks, and other public places and institutions of Grantor, and for the preservation of public health, peace, and safety, an emergency is hereby declared to exist by reason whereof this ordinance shall be in full force and effect from and after its passage, approval, and publication; and same shall be submitted at a special election. [Language deleted with the 6/18/90 amendment: TO HAVE AND TO HOLD the same to the Authority for a term of twenty-six (26) years and two (2) months, commencing on May 1, 1972, and ending on June 30, 1998, provided that such term shall be extended beyond June 30, 1998, until all indebtedness and obligations secured by and payable from the Trust Estate have been retired and paid or provision for the payment thereof has been made, and further provided that such term shall expire prior to June 30, 1998, upon the Authority's retirement and payment of all such indebtedness and obligations. Upon expiration of the initial term of this Agreement as above provided, the leasehold interest granted in this Section 1 may be renewed for an additional fifty (50) year term at the option of the Authority to the end that the leasehold estate herein granted may be pledged as security for additional indebtedness issued by the Authority.]

The City hereby consents and agrees that the leasehold interest in the Facilities herein granted to the Authority may be pledged by the Authority as security for indebtedness issued by the Authority as well as to secure the Authority's obligation under the Contract to pay annual sums to the County. The mortgage and pledge of the Trust Estate granted by the Authority to the County under the Contract shall be subordinate and inferior to any mortgage and pledge hereafter granted by the Authority to secure other indebtedness incurred by the Authority, at the option of the Authority.

SECTION 2. In consideration of the lease of the Facilities the Authority hereby covenants and agrees during the term of this Agreement set out in Section 1 above, as follows:

(1) From the Revenues of the Trust Estate, to maintain and operate in first class condition, keep in good repair and make necessary replacements, extensions and improvements to the Facilities and from said Revenues to pay all bank or Trustees' compensation, fees and expenses in accordance with the terms of any Indenture, agreement or mortgage securing indebtedness of the Authority or other obligations for payment, and from said Revenues to protect and hold the City harmless for damages due to injury to persons or property arising by reason of the Authority's operation, maintenance, repair, replacements, extensions and improvements of the Facilities. The amounts paid from the Revenues for such purposes are hereinafter called the "Operation and Maintenance Expenses". The Operation and Maintenance Expenses shall include the cost of water and the cost of treatment and distribution of water and sewage. During such period as the Authority's obligation under the Contract for payment of annual sums to the County remains the only long-term outstanding obligation of the Authority payable from the Trust Estate, the Operation and Maintenance Expenses shall be paid from the Gross Revenues prior to payment or making provision for payment of annual sums due the County. In the event the Authority incurs indebtedness maturing for a period greater than one (1) year secured by the Revenues in the Trust Estate or a pledge thereof, the Authority may contract to meet debt service

The provisions set out in this subparagraph (1) of this Section 2 shall not prevent the transfer of possession or control of the Trust Estate or any part thereof to temporary trustees or receivers for operation thereof in accordance with the provisions of any Indenture or agreement securing the payment of indebtedness issued by the Authority or securing the payment of annual sums to the County.

the monthly debt service requirements on indebtedness incurred by the Authority and the monthly portion of annual sums due the County as hereinafter provided;

NOW THEREFORE, THE PARTIES HERETO AGREE AS FOLLOWS:

SECTION 1. Expenditure of City Bond Proceeds.

As required by Oklahoma law, the proceeds of the City Bonds shall be deposited in a special City Construction Fund in the custody of the City Treasurer, and shall be expended upon warrants against claims filed with the City Clerk and approved by the City Council. The City hereby covenants and agrees to expend the proceeds of the City Bonds (excluding accrued interest and premium which shall be deposited in the City Sinking Fund established in the custody of the City Treasurer for the payment of principal and interest requirements on the City Bonds) for the purpose of paying part of the local share of the costs of the Project in a manner hereinafter provided in Section 4.

SECTION 2. Expenditure of Balance of County Bond Proceeds.

From the \$350,000 proceeds of the County Bonds (excluding accrued interest and premium of \$1,952 deposited in the County Sinking Fund established for the County Bonds) there were paid financial consultants' fees of \$4,125, the costs of acquiring an industrial site in the amount of \$62,055 and miscellaneous costs of \$192.78. Earnings from investment of the County Bond proceeds in the amount of \$8,937.50, originally commingled with the proceeds of the County Bonds, were later transferred to the County Sinking Fund. On June 30, 1970, there was transferred from the proceeds of the County Bonds to the County Sinking Fund the amount of \$22,581.14, representing a capitalization of the first fiscal year's (1970-1971) County Sinking Fund requirements for the County Bonds, leaving on deposit in the County Construction Fund from the proceeds of the County Bonds the sum of \$261,046.08 (excluding investment earnings received prior to June 30, 1971, which have been transferred to the County Sinking Fund). The net investment earnings received during the 1971-1972 fiscal year shall on or before June 30, 1972 be transferred to the County Sinking Fund and applied in reduction of the annual sum of \$33,068.97 due and payable by the City Authority to the County for deposit in the County Sinking Fund as hereinafter provided.

The net amount on deposit in the County Construction Fund of \$259,469.19 shall be expended in accordance with the requirements of Oklahoma law upon warrants against claims filed with the County Clerk and approved by the Board of County Commissioners of the County. The County hereby covenants and agrees to expend the net proceeds of the County Bonds in the County Construction Fund for the purpose of paying part of the local share of the costs of the Project in the manner hereinafter set out in Section 4.

SECTION 3. Balance of Local Share of Project Costs.

The City has accumulated funds, which together with the proceeds of the City Bonds and the balance of the proceeds of the County Bonds, are sufficient to pay the local share of the costs of the Project, and the City agrees to expend such funds for such purpose. Such amounts shall be

Appendix 8 – Atoka Municipal Authority

expended upon warrants against claims filed with the City Clerk and approved by the City Council in the manner hereinafter set out in Section 4.

SECTION 4. EDA Construction Fund; EPA Construction Fund.

There is hereby created and established in the custody of the City Authority Treasurer an account to be designated as the “EDA Construction Fund” from which there shall be paid the costs of the portions of the Project in which the EDA and/or the ORC shall participate, together with the parties to this Contract supplying the local share funds. Such portions of the Project are the portions covered by Construction Contracts A-1, A-2, B and C (with Construction Contract A-2 to be paid exclusively from local share funds). There is also hereby created and established in the custody of the City Authority Treasurer a special account to be known as the “EPA Construction Fund” from which there shall be paid the portion of the costs of the Project in which EDA, EPA and ORC shall participate, together with the parties to this Contract supplying the local share funds. Such portions of the Project are the portions covered by Construction Contracts D-1, D-2, E-1 and E-2.

The EDA Construction Fund and the EPA Construction Funds shall be kept and maintained as separate accounts and shall be maintained in such manner as shall facilitate audit thereof for or on behalf of the respective Federal Government agencies participating in grants for the Project.

Upon receipt by the City Authority Treasurer of a claim or demand for payment of a part of the costs of the Project the City Authority Treasurer shall prepare and submit to the City and/or the County a claim for all or part of the local share of the costs of the Project. The warrants issued by the City and/or the County upon approval of the claim submitted by the City Authority Treasurer, shall be deposited by the City Authority Treasurer in the EDA Construction Fund or the EPA Construction Fund, as appropriate, and expended, together with other funds on deposit in such Construction Funds, to pay the costs of the Project. The manner of expenditure of funds on deposit in the EDA Construction Fund and the EPA Construction Fund shall be upon warrants against claims or upon requisition or in any other manner determined by the City Authority and approved by the participating Federal Governmental agencies. It shall not be necessary that the pro rata claims be drawn against each of the local share fund sources, but to the extent possible, local share funds from City sources shall be exhausted prior to exhaustion of County Bond proceeds allocated to the Project.

SECTION 5. Investment of City Construction Fund and County Construction Fund.

The proceeds of the County Bonds and the City Bonds in the respective County and City Construction Funds above the current need for payment of the local share of the Project costs shall be invested in short term direct obligations of the United States of America or obligations guaranteed by the United States of America, or in other forms of investment authorized by Oklahoma Law, maturing in time to meet a schedule of estimated demands upon each such Construction Fund. A schedule of estimated times and amounts of demands upon each such Construction Fund for payment of the local share of Project costs shall be furnished to the County and City Treasurers by the Engineer for the Project, and earnings from the investment of each such Construction Fund shall be credited to each such Fund generating such income. After

Appendix 8 – Atoka Municipal Authority

all Project costs have been paid, funds on deposit in the City Construction Fund shall be transferred to and deposited in the City Sinking Fund.

SECTION 6. Industrial Park Site.

The County Authority shall retain ownership and control of the industrial park site presently owned by the County Authority, and the proceeds of the County Bonds not needed for meeting the Project local share requirements shall be retained in the County Construction Fund and used for improvement and development of the industrial park site and/or for the purpose of securing and developing industry within the County.

SECTION 7. Annual Sums to be Paid to the County; Authority G.O. Sinking Fund.

The City Authority, for and in consideration of the agreement of the County to expend the County Bond proceeds for payment of part of the local share of Project costs and in consideration of the other covenants and agreements herein contained, hereby agrees to pay to the County, at the office of the County Treasurer, annual sums sufficient to make it unnecessary to levy and collect taxes on all the real and personal property in the County for the purpose of meeting principal and interest requirements on the County Bonds during the ensuing fiscal year. Such County Sinking Fund requirements are calculated to be equal to the annual sums set out on Schedule A attached hereto. Such annual sums shall be paid by the City Authority's Treasurer from the Authority G.O. Sinking Fund, hereinafter described, on or before June 30th of each year.

The City Authority's Treasurer shall create and maintain in the Depository Bank or other Bank designated by the City Authority an Atoka Municipal Authority County General Obligation Bond Sinking Fund (herein called "Authority G.O. Sinking Fund") which shall be held as a special trust or escrow account as long as the County Bonds are outstanding. Such trust or escrow account shall not be subject to any lien or attachment by any creditor of the City Authority, the City or the County. From the Revenues on deposit in the Revenue Account each month after meeting the monthly debt service requirements, including reserve requirements, on indebtedness incurred by the Authority, and after payment of the Operation and Maintenance Expenses for the period since the last payment of such Operation and Maintenance Expenses, all as in accordance with the terms of the Agreement, the Authority Treasurer shall transfer from the Revenue Account and deposit in the Authority G.O. Sinking Fund a monthly sum equal to 1/12th of the annual sum payable to the County on the following June 30. The term "Operation and Maintenance Expenses," as used herein, shall mean all costs and expenses of operation and maintenance, repairs, replacements, extensions and improvements of the Facilities, including, but not limited to the cost of water, bank and trustees compensation, fees and expenses, the cost of holding the Authority harmless for damages to persons or property arising from the Facilities and adequate reserves for all of said purposes. Amounts on deposit in the Authority G.O. Sinking Fund shall be held and used in the following manner:

On June 30 of each year the City Authority's Treasurer shall transfer from the Authority G.O. Sinking Fund and deposit in the County Sinking Fund in the custody of the County Treasurer a sum sufficient to make it unnecessary to levy and collect taxes on all the real and personal

property in the County for the purpose of meeting principal and interest requirements on the County Bonds during the ensuing fiscal year. The amount of each said sum to be transferred from the Authority G.O. Sinking Fund and deposited in the County Sinking Fund shall be determined in accordance with Oklahoma law. As prescribed by Oklahoma law, said sums to be transferred from the Authority G.O. Sinking Fund shall be composed of interest due on County Bonds during the ensuing fiscal year plus an annual sum determined by dividing the total amount of County Bonds originally issued by the number of levying periods between the date of the County Bonds and the date of the final maturity of any such County Bonds. The sum so determined for transfer and deposit in the County Sinking Fund on June 30 of each year shall be reduced by the amount on deposit in the County Sinking Fund on each June 30 (including investment earnings) except monies accrued for meeting future principal maturities as they came due, as set forth in Schedule A. Schedule A attached to this Contract contains calculations as to the amount to be transferred from the Authority G.O. Sinking Fund and deposited in the County Sinking Fund on June 30 of each year, in accordance with the first sentence of this paragraph. Nothing set forth in said Schedule A shall reduce the City Authority's responsibility to pay annual sums in accordance with the first sentence of this paragraph.

The balance remaining in the Authority G.O. Sinking Fund after making the above transfer on June 30 of each year, to the extent not applied as a credit against the next due deposit therein, shall be retained by the City Authority's Treasurer in the Authority G.O. Sinking Fund until May 15, 1984 (except that funds in the Authority G.O. Sinking Fund may be used prior thereto to purchase General Obligation Bonds at par and accrued interest). On May 15, 1984, funds on deposit in the Authority G.O. Sinking Fund shall be transferred in multiples of \$1,000 to and deposited in the County Sinking Fund and used, together with funds on deposit there, to redeem outstanding County Bonds on July 1, 1984. The County Bonds to be so redeemed shall be redeemed in addition to the County Bonds maturing on July 1, 1984. If the total amount on deposit in the Authority G.O. Sinking Fund on June 30 of each year is less than the net amount of the annual sum required to be paid to the County Treasurer by any such date, funds shall be transferred from the Revenue Account to the Authority G.O. Sinking Fund in an amount necessary to eliminate such deficiency.

If the total amount on deposit in the Authority G.O. Sinking Fund by any June 30 is in excess of the total amount required to be paid by any such date, such excess shall be used as a credit against the next required deposit therein or shall be retained in the Authority G.O. Sinking Fund until May 15, 1985, on which date such excess shall be transferred to the County Sinking Fund and used to redeem General Obligation Bonds on July 1, 1984.

SECTION 8. Security for and Investment of the Authority G.O. Sinking Fund and the County Sinking Fund.

Money in the County Sinking Fund shall be secured, invested and reinvested to the extent possible in the manner prescribed by Oklahoma law for securing and investing County Sinking Funds. Money in the Authority G.O. Sinking Fund shall be invested and reinvested to the extent possible in direct obligations of or guaranteed by the United States of America (herein called "Government Securities") or in time deposits or certificates of deposit of a bank or banks designated by the City Authority. To the extent possible, such investments shall mature in time

Appendix 8 – Atoka Municipal Authority

for payment from the Authority G.O. Sinking Fund and the County Sinking Fund of the amount necessary for payment of principal and interest on the County Bonds as due and for making other payments therefrom in accordance with this Contract. If need for the money so invested shall arise for carrying out the purposes of such County Sinking Fund or the Authority G.O. Sinking Fund, the investments so purchased shall be sold to the extent necessary to meet such payments and the proceeds of sale applied to making such payments.

SECTION 9. Credits against Annual Sums.

On or before June 15 of each year, the County Treasurer shall notify the City Authority in writing of the amount of earnings received since the date of the previous statement from investment of the funds on deposit in the County Sinking Fund. The total amount of such County Sinking Fund earnings shall be credited against and considered as reduction of the annual sum coming due in accordance with Schedule A on or before June 30 of that year and shall be credited against and considered as a reduction of the amount required to be transferred before June 30 from the Authority G.O. Sinking Fund for deposit in the County Sinking Fund.

SECTION 10. Prepayment of Annual Sums.

The City Authority may, on any date on or before May 15, 1984, prepay in full the annual sums set out in Schedule A then remaining unpaid by paying to the County Treasurer, for deposit in the County Sinking Fund, a sum equal to the principal amount of the County Bonds then outstanding plus interest thereon to July 1, 1984.

The Authority may, on any date on or before May 15, 1984, pay to the County Treasurer for deposit in the County Sinking Fund, a sum of not less than \$1,000, which sum shall be paid from funds on deposit in the Authority G.O. Sinking Fund in excess of currently required deposits therein. The amount so prepaid by the Authority shall be used to purchase County Bonds prior to maturity and shall pro tanto reduce the then last due annual sum set out in Schedule B of this Contract.

SECTION 11. Mortgage of Mortgaged Property.

In consideration of the above agreement of the County to expend the balance of the County Bond proceeds for payment of part of the local share of Project costs, and in consideration of the other covenants and agreements herein contained, and to secure and assure payment of the annual sums due the County hereunder and all other sums due or to become due under this Contract, and to assure the strict and formal performance and observance by the City Authority of each and every covenant, warranty and agreement undertaken by it herein, and in consideration of the sum of \$1,000 and other valuable considerations, the receipt of which is hereby acknowledged, intending to be legally bound by these presents, the City Authority does hereby grant, bargain, sell, convey and mortgage unto the County and creates a security interest in favor of the County in the following real and personal property (hereinafter together called the “Mortgaged Property”);

Appendix 8 – Atoka Municipal Authority

(1) The leasehold interest of the City Authority in and to the presently existing water and sanitary sewer system of the City and all appurtenances thereof presently belonging to the City, or under its custody, management or control, located within and without the corporate limits of the City, together with the rights-of-way, real estate and interest therein, licenses, easements and other rights and privileges appertaining or related thereto and including but not limited to the real and personal property included in the extensions and improvements to the City's water and sanitary sewer system included in the Project;

(2) The leasehold interest of the City Authority in and to all unexpired leases and contracts heretofore or hereafter executed by the City pertaining to use of any part of said water and sanitary sewer system, including revenue and income to be received therefrom;

(3) The leasehold interest of the City Authority in and to all property, real, personal or mixed, together with all rights and privileges appertaining to related thereto, which hereafter may be acquired by or in the name of the City for use in connection with furnishing of water and sanitary sewer service to persons, firms, corporations and others within and without the corporate limits of the City; it being the intention of this paragraph that any of the foregoing, including income therefrom, immediately upon acquisition shall be a part of the property demised and leased hereunder;

(4) The leasehold or other interest of the City Authority in and to proceeds, fees, charges, revenues, income, rents, receipts, issues and benefits (herein called "Revenues") from the water and sanitary sewer system, the Facilities and the Mortgaged Property.

TO HAVE AND TO HOLD the aforesaid Mortgaged Property including all additional property which may become subject to the lien of this Contract, unto the County, or assigns, as security for payment of (a) the annual sums payable to the County under Section 7 of this Indenture, and (b) any and all sums which the County may expend or become obligated to expend (including but not limited to court costs, attorney's fees, abstracting expense and receiver's fees) to preserve or protect any of the Mortgaged Property or to cure any default of the Mortgaged Property or to cure any default of the City Authority hereunder or under the Agreement or in pursuing or exercising any right, rights, remedy or remedies consequent upon any default of the City Authority, and (c) interest at the rate of six percent (6%) per annum upon the aforesaid annual sums in default and all monies expended by the County under the preceding subparagraph (b) from the date of each such expenditure, all of which expenditures and interest shall be payable at once and without demand from the City Authority to the County (all of the foregoing set out in subparagraphs (a), (b) and (c) being hereinafter referred to collectively as the "Secured Indebtedness").

AND CONDITIONED, HOWEVER, that if the City Authority shall well and truly pay or cause to be paid fully and promptly when due, the annual sums and all the Secured Indebtedness and other indebtedness, liabilities and obligations and sums at any time secured hereby, including interest and attorney's fees (or shall make adequate provision for payment of all of the foregoing) and shall promptly, faithfully and strictly keep, perform and observe or cause to be kept, performed and observed all of the covenants, warranties and agreements contained herein to be by them kept, performed and observed, then, in any such event upon payment of all such

Appendix 8 – Atoka Municipal Authority

sums and retirement of all County Bonds, this Contract shall be and become void and have no further force and effect; otherwise, the same shall remain in full force and effect. The mortgage and pledge of the Mortgaged Property granted by the Authority to the County under this Contract shall be subordinate and inferior to any mortgage and pledges thereafter granted by the Authority to serve other indebtedness incurred by the Authority, at the option of the Authority, without further consent from the County.

THE CITY AUTHORITY FURTHER COVENANTS AND AGREES AS FOLLOWS:

(1) The City Authority covenants that it will carry, or cause to be carried at the City Authority's expense, as long as the County Bonds are outstanding and to the extent available, insurance against loss covering the Facilities as may be ordinarily maintained on similar property by prudent operators of property of the size and character of the Facilities to the full insurable value thereof, with responsible insurers, for the use and benefit of the Mortgaged Property, and will repair or replace any such destroyed or damaged property included in the Mortgaged Property and apply the available proceeds of any such insurance for such purpose; or in lieu thereof will use the proceeds of such insurance for the purpose of prepaying the annual sums.

(2) The City Authority covenants to keep, or cause to be kept, proper books of record and account (separate and apart from all other records and accounts) in which complete and correct entries shall be made of all transactions relating to the receipts, disbursements, allocation and application of the Revenues accruing to the City Authority and the amount thereof forwarded to the Depository Bank or Banks and that such books shall be available for inspection by the County at reasonable hours and under reasonable conditions.

(3) The City Authority covenants that it will operate or cause to be operated the said Facilities as long as the County Bonds are outstanding.

The Authority further covenants that it will maintain, charge and collect a schedule of rates, fees and charges for the use of the Facilities such as will provide in any year sufficient Revenues to effect the payment of debt service requirements on indebtedness incurred by the Authority and any other obligations of the City Authority plus Secured Indebtedness as hereinbefore set out, and to pay Operation and Maintenance Expenses of the Facilities.

Revenues arising from the rents, rates, fees and charges so established and fixed are hereby pledged for the purpose of meeting annual sums and debt service requirements on indebtedness incurred by the City Authority and Secured Indebtedness, and Operation and Maintenance Expenses; provided, however, that the City Authority reserves the right to alter said rents, rates, fees and charges in order that the Revenues derived from such fees and charges shall always be at least sufficient in amount to comply with the provisions of this Covenant (3). As provided in the Agreement, the City Authority shall adjust such rates at the request of the City, provided that such adjustments do not in any way impair the City Authority's ability to comply fully with the covenants in the Agreement and this Contract.

(4) Unless default shall be made by the City Authority in the payment of annual sums or principal of or interest on indebtedness incurred by the City Authority or Secured Indebtedness,

Appendix 8 – Atoka Municipal Authority

or until an Event of Default shall have occurred as hereinafter provided, the City Authority shall be entitled to possess, operate and enjoy the Mortgaged Property and installations and property constituting the Mortgaged Property, and to receive, take and use the Revenues therefrom for the purposes and uses provided in this Contract.

(5) The City Authority covenants to maintain and operate in first class condition and keep in good repair said Facilities and installations and all buildings, facilities and equipment now or hereafter constituting a part of the Mortgaged Property, and not to commit or allow any waste with respect to any of said Mortgaged Property; provided, however, in its sole discretion, the Authority may remove, sell or exchange or otherwise dispose of any property included in the Facilities.

(6) The City Authority covenants to faithfully and fully comply with and abide by every statute, order, rule or regulation now in force or hereafter enacted by any competent governmental agency or authority with respect to or affecting the operation of the properties and business of the City Authority and the Mortgaged Property.

(7) Covenant to Pay Annual Sums and Secured Indebtedness. The City Authority will duly and punctually pay to the County the annual sums and the Secured Indebtedness secured hereby in accordance with the terms and tenor of this Contract and Agreement.

(8) Title to Mortgaged Property; Covenant with Respect to Liens and Encumbrances. The City Authority has a valid leasehold interest in the Facilities and a valid interest in the Revenue above described; the City Authority has good right, full power and lawful authority to grant, bargain, sell, convey and mortgage the same to the County in the manner and form herein done; and the Mortgaged Property is free and clear of all liens and encumbrances. The County will quietly enjoy and possess the same to the extent provided in this Contract and the City Authority will warrant and defend the right and title of the County to all Mortgaged Property against all lawful claims not herein specifically excepted.

The City Authority will do and cause to be done from time to time all things necessary to maintain and preserve its corporate existence, rights, franchises and privileges and will duly observe, conform to, obey and comply with or will cause due observation, conformity to, obedience and compliance with all requirements of any governmental authority relative to any part of the Mortgaged Property.

(9) Expenses and Attorney's Fees. The City Authority will, on demand, pay to the County the amount of any and all payments made or expenses or liabilities incurred by the County upon any default of the City Authority under the Agreement, with respect to any of the following:

- (a) To cure any title defect or remove any lien or encumbrance upon any of the Mortgaged Property (except such encumbrances as may be contemplated by this Contract and the Agreement).
- (b) To obtain or maintain any policy or policies of insurance upon any of the Mortgaged Property or eliminate waste with respect to the Mortgaged Property.

Appendix 8 – Atoka Municipal Authority

- (c) To discharge the lien or burden of any tax, charge, encumbrance, security interest, lien, levy, assessment, impost or utility, government or other charge upon any of the Mortgaged Property.
- (d) To take any action to enforce the Agreement or any covenant therein or to collect any rental or other benefit accruing thereunder or to cure any default thereunder or hereunder.
- (e) To collect any of the Secured Indebtedness.
- (f) To keep and maintain the Mortgaged Property in good operating order, condition and repair as required under the Agreement and to make all necessary repairs, replacements, alterations, improvements and modifications necessary to insure that the security of the County shall not be impaired.

All payments made or expenses or liabilities incurred by the County shall be a part of the Secured Indebtedness secured by this Contract.

It is further agreed that if and as often as the leasehold mortgage contained in this Contract or payment of the annual sums hereby secured is placed in the hands of an attorney for collection, the City Authority shall pay to the County its reasonable attorney's fees, which shall be part of the Secured Indebtedness secured hereby.

(10) Amendment of Agreement. The City Authority further covenants and agrees that it will not amend, modify or change any term or provision of the Agreement except as provided in Section 5 thereof nor waive any default of the City thereunder or any right or remedy consequent therein without first obtaining the written consent of the County to each such amendment, modification, change or waiver.

(11) Security Agreement. This Contract shall constitute a security agreement upon all of the Mortgaged Property not constituting real property under the laws of the State of Oklahoma. Upon any default of the City Authority hereunder, the County shall be entitled to exercise, with respect to all such collateral (and with respect to the Agreement insofar as it covers any such collateral) all of the right and remedies accorded to a secured party on default under the terms of Article IX of the Oklahoma Uniform Commercial Code, any or all of which may be pursued and exercised concurrently, consecutively, alternatively or otherwise and whether or not the County may then be taking action to foreclose the lien of the Contract as a real estate mortgage. The City Authority will execute one or more supplemental security agreements as the County may from time to time require to more fully describe and identify the equipment and fixtures constituting the collateral securing the Secured Indebtedness and such financing statements and other and further assurances as the County may request to perfect or evidence the security interest herein created (which shall cover all proceeds and products of collateral) and to particularize and identify the collateral.

Appendix 8 – Atoka Municipal Authority

(12) Events of Default, Remedies of County. The following occurrences are herein defined as “Events of Default”:

- (a) Failure of the City Authority to cure any title defect or remove any lien or encumbrance upon any of the Mortgaged Property (except such encumbrances as may be contemplated by this Contract and the Agreement).
- (b) Failure of the City Authority to obtain or maintain any policy or policies of insurance upon any of the Mortgaged Property or to eliminate waste with respect to the Mortgaged Property,
- (c) Failure of the City Authority to discharge the lien or burden of any tax, charge, encumbrance, security interest, lien, levy and assessment, impost or utility, government or other charge upon any Mortgaged property,
- (d) Failure of the City Authority to cure any default hereunder or observe and perform its covenants hereunder,
- (e) Failure of the City Authority to pay any of the Secured Indebtedness when due,
- (f) Failure of the City Authority to keep and maintain the Mortgaged Property in good operating order, condition and repair as required herein.

Upon the occurrence of any Event of Default, or in the event of the failure by the City Authority to pay any annual sum at or within the time required by the terms of this Contract or its failure to do any of the things herein agreed to be done or the breach of any terms of this Contract, then in any of such events, whether or not the County has advanced any sum or sums to cure any such default, the County, at its option, without notice to the City Authority (which notice the City Authority hereby waives) may declare all of the Secured Indebtedness to be immediately due and payable, without deduction, and upon the exercise of such option, all Secured Indebtedness, including but not limited to all annual sums due and payable to the County under this Contract and all accrued interest thereon shall become immediately due and payable.

As an alternative procedure, upon the occurrence of an Event of Default, the County may cause to be appointed a receiver or temporary Trustee or Trustees to take charge of the Mortgaged Property for the purpose of operating the same and collecting the income and profits therefrom and the proceeds thereof and complying with the requirements of this Indenture and the Agreement.

As an alternative procedure, upon the occurrence of an Event of Default, the County may, at any time (after exercising any option requisite to accelerating payment) proceed to foreclose the lien of this Contract as a real estate mortgage in any court of competent jurisdiction. Subject to the terms of the Agreement and except as otherwise provided therein, the County shall be entitled to the possession of the said Mortgaged Property without notice, which notice the City Authority hereby waives, notwithstanding anything contained in this Contract or any law

Appendix 8 – Atoka Municipal Authority

heretofore or hereafter enacted. In any such proceeding or proceedings, the City Authority hereby waives, or does not waive, appraisal, at the option of the County, to be exercised by it at any time prior to judgment in such proceedings. With respect to any personal property or fixtures, the County may, at any time (notwithstanding the pendency of any proceedings to foreclose the lien of this Contract as a real estate mortgage) exercise from time to time any or all rights and remedies of a Secured Party on default under the provisions of Article IX of the Oklahoma Uniform Commercial Code and as provided in Covenant numbered 11 hereinabove.

If foreclosure proceedings are instituted upon this mortgage, or if the County shall be a party to, shall intervene in, or file any petition, answer, motion or other pleading in any suit or proceeding relating to the mortgage contained in this Contract or the indebtedness secured hereby or if the County shall incur or pay any expenses, costs, charges, or attorney's fees by reason of employment of counsel for counsel or advise with respect to the mortgage contained in this Contract or the indebtedness secured hereby, or to secure the possession of the Mortgaged Property, or the payment of any of the monies secured hereunder, whether such possession or payment shall be sought from the City Authority, or any assignee, custodian, receiver or trustee of the City Authority, or any court or public official, and whether in court proceedings or otherwise, such expenses and reasonable attorney's fees and any and all monies advanced in connection therewith shall be allowed and paid to the County, and the same shall be and are hereby made a further charge and lien upon the Mortgaged Property and shall constitute a part of the Secured Indebtedness. All votes shall be taken by secret ballot; provided that if there is only one candidate for an office, he or she may be elected by acclamation upon proper motion. §11-16-311. Petition alleging fraud - Bond - Hearing - Answer - Judgment - Ineligibility for office - Liability of contestant - Damages.

When a petition alleging fraud is filed, said petition must be accompanied by a cash bond of Five Thousand Dollars (\$5,000.00), running in favor of the contestee and conditioned upon payment of any and all liabilities or judgments arising from the contest so filed. In said petition, contestant must allege the specific act constituting such alleged fraud and the names of the alleged perpetrators of such fraud. If such petition is filed in the manner herein provided, the district judge of the county in which the alleged fraud occurred, or such other judge as may be assigned by the Supreme Court, shall hear and determine said issue without delay or continuance of more than one (1) day. On the day of such hearing, the contestee may file answer to such petition or may file cross petition, setting forth in detail, as required of a petitioner herein, such claim of fraud. An original petition or cross petition must be under oath and under penalty of perjury. The judge shall try and determine the issues formed by such pleadings and render such judgment as he or she may deem just and proper, according to the evidence submitted. The decision of said district judge shall be final as to any changes in the total votes, and a copy of such judgment and decision shall be furnished the officer who presided at the town meeting. In any case where fraud is proved on the part of a nominee, he or she shall be declared ineligible for the office for which he or she was nominated. In all cases where a petition is filed which alleges fraud, but after hearing said allegations are not reasonably sustained by competent evidence, the contestant shall be civilly liable in damages to the contestee for all damages sustained, including a reasonable attorney fee and all reasonable and proper costs of conducting such contest; and in the event it be alleged and found that such petition was frivolous in nature, the contestee may

also be allowed punitive damages to be paid by said petitioner. Added by Laws 1988, c. 105, § 11, eff. Nov. 1, 1988.

§11-16-312. Petition alleging irregularities other than fraud - Sufficiency of allegations - Hearing.

When a petition alleging irregularities other than fraud is filed, the petition must allege a sufficient number of irregularities and of such nature as to:

1. Prove that the contestant is lawfully entitled to be announced the winner; or
2. Prove that it is impossible to determine with mathematical certainty which nominee is entitled to be announced the winner. Proof of failure of the presiding officer to take the vote by a paper ballot shall be sufficient proof of this requirement.

If such allegations are not made, the petition shall be deemed frivolous by the presiding judge and shall be dismissed. Said petition must set forth specific allegations of irregularities. If said petition is filed in the manner herein provided, the district judge of the county or such other judge as may be assigned by the Supreme Court shall hear and determine said issue in the same manner as provided for a petition alleging fraud. Added by Laws 1988, c. 105, § 12, eff. Nov. 1, 1988. Amended by Laws 1989, c. 78, § 3, emerg. eff. April 17, 1989

The question to be voted upon shall substantially be, “Shall the action taken at the meeting of this town held on (state date) in spite of the fact that (state error or omission), and any act or action of the municipal officers or agents pursuant thereto be readopted, ratified and confirmed?”. Errors or omissions in the conduct of an original meeting which are not the result of an unlawful notice or noncompliance within the scope of the notice, may be rectified by a resolution of the governing body of the municipality passed by a majority of the members of the governing body at a regular meeting or a special meeting called for that purpose, stating that the defect was the result of oversight, inadvertence or mistake. When an error or omission of this nature has been thus corrected by resolution, all business within the terms of the action of the qualified voters shall be as valid as if the requirements had been initially complied with, on condition, however, that the original action thereby corrected by the governing body was in compliance with the legal exercise of its governing powers. Added by Laws 1988, c. 105, § 14, eff. Nov. 1, 1988.

The reverse auction procedure may be used as an alternative to any state law applicable to the purchase of the goods or services.

B. The procedure shall provide:

1. A bid opening and bid closure. At the opening date and time, the municipality or public trust shall begin accepting reverse auction electronic bids. Reverse auction bids shall be accepted until the bid closure, except as provided by paragraph 6 of this subsection, unless the municipality or public trust determines it is in the best interest of the municipality or public trust to extend the closing time and notifies the reverse auction bidders of the extended closing time by public announcement at the Internet location at least fifteen (15) minutes prior to the original closing time;

2. The posting of all reverse auction bids electronically and updating of bids on a real-time basis by the municipality or public trust;

3. The authorization for the municipality or public trust to require bidders to register before the opening date and time and, as part of that registration, require bidders to agree to any terms, conditions or other requirements of the solicitation or applicable acts;

4. The authorization for the municipality or public trust to also require potential bidders to prequalify as bidders and to restrict solicitations to prequalified online and reverse auction bidders;

5. The retention of the authority of the municipality or public trust to determine the criteria that will be used as the basis for making awards; and

6. The authorization for the municipality or public trust to determine it is in the best interest of the municipality or public trust to allow it to accept an electronic bid after the specified official closing date and time, in the event the municipality or public trust determines that a significant error or event occurred that affected the electronic receipt of any reverse auction bid by the municipality or public trust.

C. All bids submitted electronically through the reverse auction bidding process pursuant to this section are subject to the same public disclosure laws that govern bids received pursuant to any other law of this state governing procurement procedures for a municipality or public trust.

D. All remedies available to the municipality or public trust and suppliers through a bid process pursuant to any other law of this state are also available to the municipality or public trust reverse auction bidders in a reverse auction bidding process. Added by Laws 1977, c. 256, § 22-105, eff. July 1, 1978.

§11-22-105.1. Displacing private company providing solid waste collection service - Notice and hearing - Acquisition by purchase, donation, or condemnation - Judicial review of report of commissioners.

A. Pursuant to Section 2-10-102 of Title 27A of the Oklahoma Statutes, it is the policy of this state to regulate the management of solid waste in order to protect the public health, safety and welfare. For this purpose and for purposes of this section, the management of solid waste shall be a matter of statewide interest.

B. No municipality shall displace or pass an ordinance to displace a private company providing solid waste service without first:

1. Holding at least one public hearing seeking comment on the advisability of the municipality providing such service;

2. Providing at least forty-five (45) days written notice of the hearing, delivered by first-class mail to all private solid waste companies which provide service in the municipality; and

3. Providing public notice of the hearing.

Following the final public hearing held pursuant to this section, but in no event longer than one (1) year after the date of the hearing, if the municipality elects to provide such solid waste services and displace the private solid waste services company, the municipality shall purchase by condemnation the private solid waste services as set forth in this section.

Appendix 10 – State Laws

C. A municipality shall have the authority to acquire by purchase, donation, or condemnation such interests in any private company providing solid waste services operating within the limits of the municipality. The municipality shall give the owner of the displaced private solid waste company the opportunity to sell the displaced private solid waste services to the municipality at an agreed upon or negotiated price or the municipality may acquire the business by condemnation as provided in this section.

D. If the municipality seeks to condemn the displaced private solid waste services, the district judge of the county in which the displaced services are located, upon petition of either party, shall direct the sheriff of the county to summon three disinterested freeholders, to be selected by the judge as commissioners, and who shall not have a conflict of interest. The commissioners shall be sworn to perform their duties impartially and justly. The commissioners shall inspect the company and the displaced services and consider the injury which the owner may sustain by reason of the condemnation, and they shall assess the just compensation to which the owner is entitled. The commissioners shall make a report in writing to the clerk of the court, setting forth the quantity, boundaries, and just compensation for the property or services taken, and amount of injury done to the business, either directly or indirectly, which they assess to the owner. The report shall be filed and recorded by the clerk.

E. Immediately upon payment to the clerk of the court of the sum assessed by the commissioners, the municipality shall be authorized to provide solid waste services in the area serviced by the owner of the business. If the owner refuses to cease providing the solid waste services pursuant to this section, the court shall issue an order, upon proof, enjoining the owner from providing the solid waste services in the areas subject to such condemnation.

F. The report of the commissioners may be reviewed by the district court, on written exceptions filed by either party in the clerk's office within thirty (30) days after the filing of the report. The court, after a hearing, shall make such order as right and justice may require, either by confirmation, rejection, or by ordering a new appraisal on good cause shown. In the event a new appraisal is ordered, the municipality shall have the continuing right of possession obtained under the first appraisal, unless and until its right to condemn has finally been determined otherwise. Either party may, within sixty (60) days after the filing of such report, file with the clerk a written demand for a trial by jury, in which case the amount of damages shall be assessed by a jury, and the trial shall be conducted and judgment entered in the same manner as civil actions in the district court. If the party demanding the trial does not recover a verdict more favorable to such party than the assessment of the commissioners, all costs in the district court shall be taxed against such party. If, after the filing of exceptions to the report of commissioners as provided in this section, the municipality shall fail to establish its right to condemn such business, the owner shall be restored to possession of the business, or part thereof, and the municipality shall pay the owner for any damages sustained through the occupation by the municipality. If such damages cannot be determined by amicable settlement, the damages shall be determined by jury trial in the same proceedings.

G. Either party aggrieved may appeal to the Supreme Court from the decision of the district court on exceptions to the report of commissioners, or jury trial. The review or appeal shall not delay the work of the municipality in question if the award of commissioners, or jury, as the case may be, has been deposited with the clerk for such owner. In no case shall the municipality be liable for the costs on the review or appeal unless the owner of the business shall be adjudged entitled, upon either review or appeal, to a greater amount of damages than was awarded by the commissioners. The municipality shall in all cases pay the cost of the

Appendix 10 – State Laws

commissioners' fees and expenses, for their services, as determined and ordered paid by the judge of the district court in which such case is pending. However, poundage fees and condemnation fees shall only be paid by the municipality in the event of appeal resulting in a jury verdict in excess of the commissioners' award. Under no circumstances shall any poundage fees or condemnation fees be assessed against the recipient of the award. In case of review or appeal, a certified copy of the final order or judgment shall be transmitted by the clerk of the court to the county clerk and be filed.

2. "Just compensation" means the value of the business taken, and in addition, any injury to any part of the business not taken. Any special and direct benefits to the part of the business not taken may be offset only against any injury to the business not taken. At least ten (10) days' notice shall be given to the owner of the property by mail at the address shown by the current year's tax rolls in the county treasurer's office before the governing body holds a hearing or takes action. The notice shall order the property owner to clean the property of trash, or to cut or mow the weeds or grass on the property, as appropriate, and the notice shall further state that unless such work is performed within ten (10) days of the date of the notice the work shall be done by the municipality and a notice of lien shall be filed with the county clerk against the property for the costs due and owing the municipality. At the time of mailing of notice to the property owner, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. However, if the property owner cannot be located within ten (10) days from the date of mailing by the municipal governing body, notice may be given by posting a copy of the notice on the property or by publication, as defined in Section 1-102 of this title, one time not less than ten (10) days prior to any hearing or action by the municipality. If a municipal governing body anticipates summary abatement of a nuisance in accordance with the provisions of subsection B of this section, the notice, whether by mail, posting or publication, shall state: that any accumulations of trash or excessive weed or grass growth on the owner's property occurring within six (6) months from and after the date of this notice may be summarily abated by the municipal governing body; that the costs of such abatement shall be assessed against the owner; and that a lien may be imposed on the property to secure such payment, all without further prior notice to the property owner;

A hearing may be held by the municipal governing body to determine whether the accumulation of trash or the growth of weeds or grass has caused the property to become detrimental to the health, benefit, and welfare of the public and the community or a hazard to traffic, or creates a fire hazard to the danger of property;

4. Upon a finding that the condition of the property constitutes a detriment or hazard, and that the property would be benefited by the removal of such conditions, the agents of the municipality are granted the right of entry on the property for the removal of trash, mowing of weeds or grass, and performance of the necessary duties as a governmental function of the municipality. Immediately following the cleaning or mowing of the property, the municipal clerk shall file a notice of lien with the county clerk describing the property and the work performed by the municipality, and stating that the municipality claims a lien on the property for the cleaning or mowing costs;

If the cleaning and mowing are done on a private contract basis, the contract shall be awarded to the lowest and best bidder;

6. If payment is not made within thirty (30) days from the date of the mailing of the statement, then within the next thirty (30) days, the municipal clerk shall forward a certified statement of the amount of the cost to the county treasurer of the county in which the property is located and the same shall be levied on the property and collected by the county treasurer as other taxes authorized by law. Once certified by the county treasurer, payment may only be made to the county treasurer except as otherwise provided for in this section. In addition the cost and the interest thereon shall be a lien against the property from the date the cost is certified to the county treasurer, coequal with the lien of ad valorem taxes and all other taxes and special assessments and prior and superior to all other titles and liens against the property, and the lien shall continue until the cost shall be fully paid. At the time of collection the county treasurer shall collect a fee of Five Dollars (\$5.00) for each parcel of property. The fee shall be deposited to the credit of the general fund of the county. If the county treasurer and the municipality agree that the county treasurer is unable to collect the assessment, the municipality may pursue a civil remedy for collection of the amount owing and interest thereon by an action in person against the property owner and an action in rem to foreclose its lien against the property. A mineral interest, if severed from the surface interest and not owned by the surface owner, shall not be subject to any tax or judgment lien created pursuant to this section. Upon receiving payment, if any, the municipal clerk shall forward to the county treasurer a notice of such payment and directing discharge of the lien; and

7. The municipality may designate by ordinance an administrative officer or administrative body to carry out the duties of the governing body in subsection A of this section. The property owner shall have a right of appeal to the municipal governing body from any order of the administrative officer or administrative body. Such appeal shall be taken by filing written notice of appeal with the municipal clerk within ten (10) days after the administrative order is rendered.

B. If a notice is given by a municipal governing body to a property owner ordering the property within the municipal limits to be cleaned of trash and weeds or grass to be cut or mowed in accordance with the procedures provided for in subsection A of this section, any subsequent accumulations of trash or excessive weed or grass growth on the property occurring within a six-month period may be declared to be a nuisance and may be summarily abated without further prior notice to the property owner. At the time of each such summary abatement the municipality shall notify the property owner of the abatement and the costs thereof. The notice shall state that the property owner may request a hearing within ten (10) days after the date of mailing the notice. The notice and hearing shall be as provided for in subsection A of this section. Unless otherwise determined at the hearing the cost of such abatement shall be determined and collected as provided for in paragraphs 5 and 6 of subsection A of this section. This subsection shall not apply if the records of the county clerk show that the property was transferred after notice was given pursuant to subsection A of this section.

§11-22-112. Condemnation – Procedures – Administrative officer or body – Definitions - Nuisance – Damages or loss of property – Agricultural property.

A. A municipal governing body may cause dilapidated buildings within the municipal limits to be torn down and removed in accordance with the following procedures:

1. At least ten (10) days' notice that a building is to be torn down or removed shall be given to the owner of the property before the governing body holds a hearing. A copy of the notice shall be posted on the property to be affected. In addition, a copy of the notice shall be sent by mail to the property owner at the address shown by the current year's tax rolls in the office of the county treasurer. Written notice shall also be mailed to any mortgage holder as shown by the records in the office of the county clerk to the last-known address of the mortgagee. At the time of mailing of notice to any property owner or mortgage holder, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. However, if neither the property owner nor mortgage holder can be located, notice may be given by posting a copy of the notice on the property, or by publication as defined in Section 1-102 of this title. The notice may be published once not less than ten (10) days prior to any hearing or action by the municipality pursuant to the provisions of this section;

2. A hearing shall be held by the governing body to determine if the property is dilapidated and has become detrimental to the health, safety, or welfare of the general public and the community, or if the property creates a fire hazard which is dangerous to other property;

3. Pursuant to a finding that the condition of the property constitutes a detriment or a hazard and that the property would be benefited by the removal of such conditions, the governing body may cause the dilapidated building to be torn down and removed. The governing body shall fix reasonable dates for the commencement and completion of the work. The municipal clerk shall immediately file a notice of dilapidation and lien with the county clerk describing the property, the findings of the municipality at the hearing, and stating that the municipality claims a lien on the property for the destruction and removal costs and that such costs are the personal obligation of the property owner from and after the date of filing of the notice. The agents of the municipality are granted the right of entry on the property for the performance of the necessary duties as a governmental function of the municipality if the work is not performed by the property owner within dates fixed by the governing body. Any action to challenge the order of the municipal governing body shall be filed within thirty (30) business days from the date of the order;

4. The governing body shall determine the actual cost of the dismantling and removal of dilapidated buildings and any other expenses that may be necessary in conjunction with the dismantling and removal of the buildings, including the cost of notice and mailing. The municipal clerk shall forward a statement of the actual cost attributable to the dismantling and removal of the buildings and a demand for payment of such costs, by mail to the property owner. In addition, a copy of the statement shall be mailed to any mortgage holder at the address provided for in paragraph 1 of this subsection. At the time of mailing of the statement of costs to any property owner or mortgage holder, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. If a municipality dismantles or removes any dilapidated buildings, the cost to the

property owner shall not exceed the actual cost of the labor, maintenance, and equipment required for the dismantling and removal of the dilapidated buildings. If dismantling and removal of the dilapidated buildings is done on a private contract basis, the contract shall be awarded to the lowest and best bidder; and

5. When payment is made to the municipality for costs incurred, the municipal clerk shall file a release of lien, but if payment attributable to the actual cost of the dismantling and removal of the buildings is not made within six (6) months from the date of the mailing of the statement to the owner of such property, the municipal clerk shall forward a certified statement of the amount of the cost to the county treasurer of the county in which the property is located. Once certified to the county treasurer, payment may only be made to the county treasurer except as otherwise provided for in this section. The costs shall be levied on the property and collected by the county treasurer as are other taxes authorized by law. Until finally paid, the costs and the interest thereon shall be the personal obligation of the property owner from and after the date of the notice of dilapidation and lien is filed with the county clerk. In addition the cost and the interest thereon shall be a lien against the property from the date the notice of the lien is filed with the county clerk. The lien shall be coequal with the lien of ad valorem taxes and all other taxes and special assessments and shall be prior and superior to all other titles and liens against the property. The lien shall continue until the cost is fully paid. At the time of collection, the county treasurer shall collect a fee of Five Dollars (\$5.00) for each parcel of property. The fee shall be deposited to the credit of the general fund of the county. If the county treasurer and the municipality agree that the county treasurer is unable to collect the assessment, the municipality may pursue a civil remedy for collection of the amount owing and interest thereon including an action in person against the property owner and an action in rem to foreclose its lien against the property. A mineral interest, if severed from the surface interest and not owned by the surface owner, shall not be subject to any tax or judgment lien created pursuant to this section. Upon receiving payment, the municipal clerk shall forward to the county treasurer a notice of such payment and shall direct discharge of the lien.

B. The municipality may designate, by ordinance, an administrative officer or administrative body to carry out the duties of the governing body specified in this section. The property owner shall have the right of appeal to the municipal governing body from any order of the administrative officer or administrative body. Such appeal shall be taken by filing written notice of appeal with the municipal clerk within ten (10) days after the administrative order is rendered.

D. Nothing in the provisions of this section shall prevent the municipality from abating a dilapidated building as a nuisance or otherwise exercising its police power to protect the health, safety, or welfare of the general public.

E. The officers, employees or agents of the municipality shall not be liable for any damages or loss of property due to the removal of dilapidated buildings performed pursuant to the provisions of this section or as otherwise prescribed by law.

§11-22-112.1. Boarding and securing dilapidated building - Definitions.

A. After a building has been declared dilapidated, as provided in Section 22-112 of this title, and before the commencement of the tearing and removal of a dilapidated building, the governing body of any municipality may authorize that such a building be boarded and secured. However, if the dilapidated building is vacant and unfit for human occupancy, the governing body of any municipality may authorize the structure to be demolished pursuant to Section 22-112 of this title.

B. A governing body of any municipality may cause the premises on which an unsecured building is located to be cleaned of trash and weeds in accordance with the provisions of Section 22-111 of this title.

C. A governing body of any municipality may cause an unsecured building to be boarded and secured in accordance with the following procedures:

1. Before the governing body orders such action, at least ten (10) days’ notice that such unsecured building is to be boarded and secured shall be given by mail to any property owners and mortgage holders as provided in Section 22-112 of this title. At the time of mailing of notice to any property owner or mortgage holder, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee. A copy of the notice shall also be posted on the property to be affected. However, if neither the property owner nor mortgage holder can be located, notice may be given by posting a copy of the notice on the property or by publication as defined in Section 1-102 of this title. Such notice shall be published one time, not less than ten (10) days prior to any hearing or action by the municipality pursuant to the provisions of this section. If a municipal governing body anticipates summary abatement of a nuisance in accordance with the provisions of paragraph 9 of this subsection, the notice shall state: that any subsequent need for boarding and securing the building within a six-month period after the initial boarding and securing of the building pursuant to such notice may be summarily boarded and secured by the municipal governing

body; that the costs of such boarding and securing shall be assessed against the owner; and that a lien may be imposed on the property to secure such payment, all without further prior notice to the property owner or mortgage holder;

2. The owner of the property may give written consent to the municipality authorizing the boarding and securing of such unsecured building and to the payment of any costs incurred thereby. By giving written consent, the owner waives any right the owner has to a hearing by the municipal governing body;

3. If the property owner does not give written consent to such actions, a hearing may be held by the municipal governing body to determine whether the boarding and securing of such unsecured building would promote and benefit the public health, safety or welfare. Such hearing may be held in conjunction with a hearing on the accumulation of trash or the growth of weeds or grass on the premises of such unsecured building held pursuant to the provisions of paragraph 3 of subsection A of Section 22-111 of this title. In making such determination, the governing body shall apply the following standard: the governing body may order the boarding and securing of the unsecured building when the boarding and securing thereof would make such building less available for transient occupation, decrease a fire hazard created by such building, or decrease the hazard that such building would constitute an attractive nuisance to children.

Upon making the required determination, the municipal governing body may order the boarding and securing of the unsecured building;

4. After the governing body orders the boarding and securing of such unsecured building, the municipal clerk shall immediately file a notice of unsecured building and lien with the county clerk describing the property, stating the findings of the municipality at the hearing at which such building was determined to be unsecured, and stating that the municipality claims a lien on the property for the costs of boarding and securing such building and that such costs are the personal obligation of the property owner from and after the date of filing the notice;

5. Pursuant to the order of the governing body, the agents of the municipality are granted the right of entry on the property for the performance of the boarding and securing of such building and for the performance of all necessary duties as a governmental function of the municipality;

6. After an unsecured building has been boarded and secured, the governing body shall determine the actual costs of such actions and any other expenses that may be necessary in conjunction therewith including the cost of the notice and mailing. The municipal clerk shall forward a statement of the actual costs attributable to the boarding and securing of the unsecured building and a demand for payment of such costs, by mail to any property owners and mortgage holders as provided in Section 22-112 of this title. At the time of mailing of the statement of costs to any property owner or mortgage holder, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee.

If a municipality boards and secures any unsecured building, the cost to the property owner shall not exceed the actual cost of the labor, materials and equipment required for the performance of such actions. If such actions are done on a private contract basis, the contract shall be awarded to the lowest and best bidder;

7. When payment is made to the municipality for costs incurred, the municipal clerk shall file a release of lien, but if payment attributable to the actual costs of the boarding and securing of the unsecured building is not made within thirty (30) days from the date of the mailing of the statement to the owner of such property, the municipal clerk shall forward a certified statement

Appendix 10 – State Laws

of the amount of the costs to the county treasurer of the county in which the property is located. Once certified to the county treasurer, payment may only be made to the county treasurer except as otherwise provided for in this section. At the time of collection the county treasurer shall collect a fee of Five Dollars (\$5.00) for each parcel of property and such fee shall be deposited to the general fund of the county. The costs shall be levied on the property and collected by the county treasurer as are other taxes authorized by law. Until fully paid, the costs and the interest thereon shall be the personal obligation of the property owner from and after the date the notice of unsecured building and lien is filed with the county clerk. In addition the costs and the interest thereon shall be a lien against the property from the date the notice of the lien is filed with the county clerk. The lien shall be coequal with the lien of ad valorem taxes and all other taxes and special assessments and shall be prior and superior to all other titles and liens against the property. The lien shall continue until the costs and interest are fully paid. If the county treasurer and the municipality agree that the county treasurer is unable to collect the assessment, the municipality may pursue a civil remedy for collection of the amount owing and interest thereon by an action in personam against the property owner and an action in rem to foreclose its lien against the property. A mineral interest if severed from the surface owner, shall not be subject to any tax or judgment lien created pursuant to this section. Upon receiving payment, the municipal clerk shall forward to the county treasurer a notice of such payment and shall direct discharge of the lien;

8. The municipality may designate by ordinance an administrative officer or administrative body to carry out the duties of the governing body specified in subsection C of this section. The property owner or mortgage holder shall have a right of appeal to the municipal governing body from any order of the administrative officer or administrative body. Such appeal shall be taken by filing written notice of appeal with the municipal clerk within ten (10) days after the administrative order is rendered;

9. If a municipal governing body causes a structure within the municipal limits to be boarded and secured, any subsequent need for boarding and securing within a six-month period constitutes a public nuisance and may be summarily boarded and secured without further prior notice to the property owner or mortgage holder. At the time of each such summary boarding and securing, the municipality shall notify the property owner and mortgage holder of the boarding and securing and the costs thereof. The notice shall state that the property owner may request an appeal with the municipal clerk within ten (10) days after the mailing of the notice. The notice and hearing shall be as provided for in paragraph 1 of this subsection. Unless otherwise determined at the hearing the cost of such boarding and securing shall be determined and collected as provided for in paragraphs 6 and 7 of this subsection;

10. A governing body of any municipality may determine that a building is unsecured and order that such building be boarded and secured in the manner provided for in this subsection even though such building has not been declared, by the governing body, to be dilapidated; and

11. For the purposes of this subsection:

- a. “boarding and securing” or “boarded and secured” means the closing, boarding or locking of any or all exterior openings so as to prevent entry into the structure,
- b. “unsecured building” shall mean any structure which is not occupied by a legal or equitable owner thereof, or by a lessee of a legal or equitable owner, and into which there are one or more unsecured openings such as broken windows, unlocked windows, broken doors, unlocked doors, holes in exterior walls, holes in the roof, broken basement or cellar hatchways, unlocked basement or cellar

Appendix 10 – State Laws

hatchways or other similar unsecured openings which would facilitate an unauthorized entry into the structure, and

- c. “unfit for human occupancy” means a structure that due to lack of necessary repairs is considered uninhabitable and is a hazard to the health, safety, and welfare of the general public.

D. The provisions of this section shall not apply to any property zoned and used for agricultural purposes. Added by Laws 1984, c. 126, § 43, eff. Nov. 1, 1984. Amended by Laws 1986, c. 257, § 1, eff. Nov. 1, 1986; Laws 1988, c. 152, § 2, eff. Nov. 1, 1988; Laws 1990, c. 253, § 3, emerg. eff. May 22, 1990; Laws 1997, c. 83, § 2, eff. Nov. 1, 1997; Laws 2000, c. 82, § 3, eff. Nov. 1, 2000.

§11-22-112.2. Removal of graffiti by municipalities.

A. A municipal governing body may cause graffiti to be removed from property within the municipal limits in accordance with the following procedures:

1. The property owner and the tenant, if any, may give their written consent to the municipality authorizing removal of the graffiti. By giving such written consent, the owner and the tenant each waives the right to notice and a hearing by the municipality as otherwise required by this section;

2. If the consent of the property owner and the tenant, if any, to remove graffiti from the property cannot be obtained, the municipality may remove the graffiti without such consent pursuant to the procedures set forth in this section;

3. To remove graffiti from property without the consent of the property owner and the tenant, if any, at least ten (10) days’ notice shall be given by mail directed to the address shown by the current year’s tax rolls in the county treasurer’s office. Notice to the tenant, if any, shall be given by mail directed to the property address. The notice shall order the property owner and the tenant, if any, to remove graffiti from the property and shall further state that unless such work is performed within twenty (20) days of the date of the notice the work shall be done by the municipality. At the time of mailing of notice to the property owner and the tenant, if any, the municipality shall obtain a receipt of mailing from the postal service, which receipt shall indicate the date of mailing and the name and address of the mailee(s). In addition, notice shall be given by posting a copy of the notice on the property at least one time not less than ten (10) days prior to any hearing or action by the municipality. If a municipal governing body anticipates summary abatement of graffiti in accordance with the provisions of subsection B of this section, the notice shall state that any accumulations of graffiti on the property occurring within one (1) year from and after the date of the notice may be summarily abated by the municipality without a hearing and further prior notice to the property owner or the tenant, if any, except by posting of notice at least one time on the property once not less than two (2) business days prior to such summary abatement;

4. A hearing may be held by the municipal governing body to determine whether the accumulation of graffiti on the property has caused the property to become detrimental or a hazard to the health, safety, or general welfare of the public and the community;

5. Upon finding that the condition of the property constitutes a detriment or hazard, and that the property, the public, and the community would be benefited by removal of such conditions, the agents of the municipality are granted the right of entry onto the property for the removal of the graffiti thereon and for performance of the necessary duties as a governmental function of the municipality; and

6. The municipality may designate by ordinance an administrative officer or administrative body to perform the functions set forth in this section. The property owner and the tenant, if any, shall have a right of appeal to the municipal governing body from any order of the administrative officer or administrative body. Such appeal shall be taken by filing written notice of appeal with the municipal clerk within ten (10) business days after the administrative order is rendered.

B. If a notice is given by a municipal governing body to a property owner and tenant, if any, ordering graffiti to be removed from property within the municipal limits in accordance with the procedures provided for in subsection A of this section, any subsequent accumulations of graffiti on the property occurring within a one (1) year period may be summarily abated without further prior notice to the property owner or the tenant, if any. However, prior to the summary abatement by the municipality, notice thereof shall be posted at least one time on the property not less than two (2) business days prior to such summary abatement. This subsection shall not apply if the records of the county clerk show that the ownership and/or tenancy of the property was transferred after notice was given pursuant to subsection A of this section.

C. Removal of graffiti by a municipality pursuant to the provisions of this section shall be performed at the sole expense of the municipality. In removing the graffiti, the municipality shall restore the property as nearly as possible to the condition as it existed immediately prior to the graffiti being placed on the property.

D. Nothing in the provisions of this section shall prevent the municipality from abating graffiti as a nuisance or otherwise exercising its police power to protect the health, safety, or general welfare of the public.

E. The municipality and its officers, employees or agents shall not be liable for any damages or loss of property due to the removal of graffiti performed pursuant to the provisions of this section.

F. Nothing in this section shall prohibit the municipal governing body from enacting ordinances concerning the removal of graffiti that are more strict than this section.
